1915 STATE FAIR PROMISES TO BE BEST IN HISTORY

(Continued from Page One.)

to perfection. John Sawyer, with a big stable of fast trotters and pacers will bring his "string" from Portland the latter part of this week and train his horses on the Oregon track this year.

Lee Reconsiders.
A. H. Lee, who has been in charge of the dairy department for several years and has made such a grand success of the dairy exhibits and who tendered his resignation about a month ago, has reconsidered and withdrawn his resignation and the fair board is pleased to announce that Mr. Lee will have charge of the dairy show again this year and proposes to make of it the "best ever." Mrs. Alice M. Weister, president of the Oregon art association and chairman of the art committee of the federation of women's clubs, who is superintendent of the art department at the state fair states that she is in communication with all of the leading artists of the state and all promise to come to this year's fair with a fine exhibit.

Rev. John Ovall, bishop for Oregon of the Scandinavian church, announces by letter that he will be in Salem Saturday of this week and proposes to take up with Secretary Jones the matter of setting aside one day of the fair as Scandinavian day. Rev. Ovall states that the Scandinavian societies propose to arrange a splendid program of entertainment, consisting of singing, dancing, games, sports, etc., for the day and that hundreds of Scandinavians from all over the state will be in attendance on that day.

Professor Peck, of the department of landscape gardening of the O. A. C., who has been given charge of designing and beautifying the fair grounds and of the floral exhibit during the fair will arrive tomorrow and lay his plans for extensive improvements all over the grounds. He is especially interested in the dahlia exhibits and proposes to make that one of the greatest features of the fair this year. He also plans to lay out the ground in front of the pavilion and put it in grass and flower gardens which, in itself, will be a wonderful improvement over its uncouth condition of last year.

reports the camp in flourishing condition and interest in the work being revived. The camp has a membership of 22 enrolled with an attendance of 15 on inspection night.

Glasses that please. The giving of satisfactory optical service requires something more than mere "selling ability." My service embraces; absolute accuracy in making examinations; the making of glasses that will positively correct your defects of vision; courteous, considerate treatment at all times; fair prices, and a guarantee of complete satisfaction. Dr. M. P. Mendelsohn, rooms 210-211 U. S. Bank bldg.

The men of the Artisan lodge are banqueting the ladies of the lodge this evening. This is just to celebrate the closing of a membership contest held a few weeks ago in which the men were losers. About 150 members of the lodge are expected to be out this evening to eat at the expense of the men and to commemorate the fact that when it comes to hustling new members the men were the losers.

Wodern Woodmen. Thursday night, Dr. J. A. Rutledge, of the Woodman sanatorium, will visit the local camp, and talk about his work. Delegations from five neighboring camps will attend. Neighbors are urged to give a large attendance to one of our head officers.

A Veteran's Jewel, as a token of 25 years' consecutive membership in the lodge, will be presented to J. A. Mills this evening by the I. O. O. F. lodge of Independence. Mr. Mills was state grand master of the lodge for the years 1904 and 1905. At the 90th anniversary of the founding of the lodge, which will be celebrated this evening at Independence, 10 veterans' jewels will be presented. Among those who will attend this evening are D. A. Holge and wife, Mrs. L. K. Page, Miss West and J. A. Mills and wife.

Packard piano, almost new, at a bargain, 1335 Highland avenue.

Curtis B. Cross, Bill Stutesman, Harry Relp, Claude Bell, and Dr. Prince Byrd left this afternoon for Thomas creek where they will spend a day fishing. They are expected to return Wednesday evening. Already orders for 2,000 pounds of the expected catch of fish have been taken at the Cross market and another 1,000 pounds is expected before the fishers return, so strong is the belief of the public in the ability of these disciples of Isaac Walton.

"An American Citizen," the junior play, is progressing rapidly. The cast are working hard and practices are held every evening in the chapel. The manager, Fred McMillin, stated yesterday that with two weeks yet before it is to be given, that it will be able to be staged in good shape. Professor McMurray, who is directing the play, is well pleased with the manner in which it is being prepared by the cast, and he hopes to put the play on as a complete success from every standpoint on the evening of May 1. Numerous posters advertising the play have been placed in the display windows of the most prominent business houses of the city, and are attracting no little attention from passersby.

Where promises are made good. My guarantee is not a mere phrase—it assures you absolute satisfaction. I consider no case closed till the patient has been given every aid and relief that modern optical science can furnish. I will treat you honestly and fairly. My 32 years of practical experience enables me to fit your eyes scientifically without the use of injurious drops or drugs. Dr. M. P. Mendelsohn, rooms 210-211 U. S. Bank building.

Of course, marriage is a failure if the liabilities exceed the assets.
