Nominations Are Made At University Today

Nominations for officers for the coming year for the Willamette University Student Body this morning were: President, Howard Jenett, J. R. Bain; vice president, Florence Page, Genevieve Atison; secretary, Gertrude Cunningham, Emma Minton, Aetana Emmel; treasurer, Grover Gates, Earl Brunk, Arlie Walker; Collegian editor, Maxwell Ball, Sam King; Collegian manager, Roland Jeffries.

The election will take place next Thursday, the voting booths will be open from 10 a. m. to 4 p. m. All of the candidates are popular students and close results are expected.

An amendment to the constitution of the student body was passed which provided that all athletes who won seven points in a non-conference track meet, or three in a conference meet should be given an official award. A tennis amendment was passed, which entitles the winner of 4-9 of the sets played in tennis to an official award.

The report of the committee which had drawn up a constitution for student self-government was posted and will be voted on at the next regular student body meeting. It provides that the executive committee to whom appeals shall be made shall consist of three Seniors, two Juniors, one Faculty member and president of the Student Body, the latter two to be advisory members.

This movement for student self-government is a popular and progressive one, and is being considered by a number of the colleges of the United States at the present time.

Posses Are On Watch For Lone Bank Robber

Grants Pass, Ore., April 23.—With hundreds of citizens of Jackson and Josephine counties maintaining a sharp lookout, and sheriff's posses organized in Medford and Grants Pass in pursuit, the robber who late yesterday threw a bottle of ammonia in the face of E. R. Rosser, cashier of the Rogue River State bank, at Rogue River, and escaped with \$600 of the institution's funds, was still unapprehended today.

With no clew other than that a gray automobile containing three men and a woman was seen in Rogue River shortly before the robbery, the police are proceeding on the theory that the robber escaped in the mysterious car.

According to Cashier Rosser he had closed the bank for the day and was balancing his accounts when a strange man entered by a rear door, struck at him with his fist and when he resisted dashed the contents of the ammonia bottle into his face.

Bound and gagged while almost suffocating from the fumes of the ammonia, Rosser soon layed into unconsciousness, to regain his senses an hour later, after the robber had fled with his booty, and spread the alarm.

The robber overlooked \$800 lying on a desk near the cashier's cage.

Arizona Legislature In Special Session

Phoenix, Ariz., April 23.—The Arizona legislature convened in extraordinary session today. The session was called by Governor Hunt to pass the appropriation bills held up by a deadlock at the last regular session.

Anti-administration forces have demanded that the governor issue a supplementary legislative call, so that special reform legislation may be enacted at this session. Unless he does this they threaten again to cause a deadlock and prevent the passage of the appropriation bills. In this event the state will be without funds for departmental maintenance.

W. P. Sims was re-elected president of the senate and William Brooks speaker of the assembly.

Atlantic Fleet Will Go Through the Canal

Washington, April 23.—Positive announcement that the Atlantic fleet will go through the Panama canal in July on a voyage to San Francisco and Puget Sound was made today by Secretary of the Navy Daniels.

The statement of the secretary comes in the fact of reports that the canal authorities could not guarantee that passage of the warships would be possible, owing to the big ditch not being deep enough in some places. There also were reports that assurances could not be given against further slides.

Daniels, it was stated, has been greatly annoyed by these reports, which declared the trip might be abandoned owing to the canal not being safe.

Verdict Is For Defense

Pondleton, Ore., April 23.—A jury which heard the evidence in the damage suit for \$30,000 brought by L. E. Twitchell, for his son, Arnold Twitchell, against W. L. Thompson, president of the American National bank, of injuries sustained in a collision between the banker's automobile and the boy's bicycle last July, returned a verdict today in favor of the defendant.

Recipe Department

A Breakfast Dish—Take two cups of left-over rice, beat into it three eggs, one heaping tablespoonful of sugar, a little salt; grate into it a little nutmeg. Fry in butter like scrambled eggs. This dish can be relished by frying an onion in the butter and omitting the nutmeg, if so desired.

Apple and Pineapple Preserves—Three pounds of pared and cored apples, one pound of sliced pineapple, put all through a meat chopper, with the medium knife. Make a syrup of three pounds of sugar and one pint of water, put in the apple and pineapple, and cook until clear, seal while hot. This is very fine, indeed.

German Sour Potatoes—Boil four good-sized potatoes. When done and cold, skin and cut into cubes. Place these in a bowl and add salt and pepper to taste. Now mix in another bowl half a pint of sweet oil and four tablespoonfuls of good cider vinegar, one good-sized onion, grated fine, and sprigs of parsley finely chopped. Mix these together well and pour over the potatoes. Now place the empty bowl on top of the full one and shake up and down until well mixed. Garnish the dish with lemon slices, cut in halves.

SENATOR WEEKS SAYS DEMOCRATS COULD NOT TAKE NORTHERN STATES

San Francisco, April 22.—If a national election were to be held tomorrow, the democrats would not carry a northern state, in the opinion of United States Senator J. W. Weeks, of Massachusetts, expressed here in an interview today. Weeks, who is regarded by many as a republican presidential possibility, is here to see the exposition.

"There is a widespread revolt against the democrats," he said. "This revolt is against the party and its works. As to 1916, I cannot attempt to prophesy. It is too far away."

With regard to the relations between the republican and progressive parties, Weeks said: "My observations have been, in the states through which I have passed on this trip, that the republican and progressive parties are absolutely amalgamated everywhere east of the Rocky mountains."

Asked about Colonel Theodore Roosevelt's place in the next presidential campaign, Weeks replied: "In my opinion, newspaper reports of interviews with the colonel, which have come to my attention from many sources, indicate that his purpose is to support the republican ticket in 1916."

The government ship purchase bill, Weeks said, is "as dead as a door nail," and will never again be an issue. He insisted there never was any popular sentiment for the measure, and a great many members of congress were at all times opposed to it.

"If an Australian ballot had been taken in the senate on it I believe 75 out of 90 votes would have been cast against the bill," he said. Senator Weeks said he believed the seamen's bill, which he said, was primarily designed to make conditions better for seamen, had failed of its purpose.

"Despite its meritorious features," he added, "it should never have been passed in its present form. It works a hardship on the shippers."

TODAY'S ODDEST STORY.

Cleveland, April 23.—The so-called injustice of making a one-legged man buy a whole pair of shoes has been evaded by Gottfried F. Liebler, deputy clerk of the municipal court, and James Canovan, elevator operator at the new court house.

They met 12 years ago, compared feet—each had one missing—and, since then, have shopped together. Canovan gets the right shoe and Liebler the left. When their tastes don't jibe, they draw lots.

Miss Helen Staab is much pleased over the recovery of her watch, which she lost during the time the carnival was here last year. Jos. Fisher was the finder. He was standing in front of the Star Theatre, and noticing something shining in the dirt, he scraped it over with his foot, and discovered the watch. The crystal was broken, but it was not otherwise damaged.

Little Miss Mary, daughter of Mr. and Mrs. Lee Tate, broke both bones of her right arm between the wrist and elbow while playing Saturday. Dr. Beauchamp was called, and pronounced the injury a "green stick fracture," which was demonstrated later by an X-ray photo. The doctor reduced the fracture and the little miss is in school again.

Mr. Zimmerman is enthusiastic about good roads, and made a suggestion that is worth the consideration of the county court, to the effect, that the court should supply free to farmers along certain roads, a road drag, to be used by them and that a small compensation for their use be allowed. This would do a great deal of good for good roads.

Dr. W. N. Pitter and Miss Alta Hobson accompanied by L. A. Thomas and wife journeyed to Salem, where they were married at the Christian church parsonage. The bride is a daughter of W. A. Hobson and was born and raised here, while the groom has been practicing dentistry here for the past twelve years. They have a host of friends here who offer congratulations. They left after the ceremony for a honeymoon journey to Portland.

Leroy Neudel of this city and Miss Bessie Wade were united in marriage at the home of the officiating minister in Eugene. Young Neudel is a son of Wm. Neudel of this city, and Miss Wade has a number of friends here, having taught school east of town the past year. After a short honeymoon trip the young couple will return to Stayton to make their home.

SALEM SPORTS

Although the date of the annual relay race between the Salem and Portland Y. M. C. A. teams has not been definitely settled, from 10 to 12 boys are now in training for the Salem association. Almost every night a run of from one to three miles is made and once each week a run of five miles so that by the time the race is to be pulled off the team will be in first-class condition. Physical Director Gungrich is making endeavors to have the meet earlier in the season this year. Last year it was pulled off on June 7. So far, reports indicate, the Portland aggregation has not been doing much in the way of training.

There will be a meeting of all interested in baseball at the Y. M. C. A. rooms this evening at 7:30 o'clock, when plans for the organization of a Commercial baseball league will be discussed. It is expected that about 50 Salem business men will be present to perfect the arrangement. In all, it is proposed to put at least four teams in to the field. The Y. M. C. A. will not be included, as it wishes to remain neutral.

In order to enjoy life a man must be a little miserable occasionally.

OBITUARY.

Mrs. T. J. Bibby, a resident in former years of this locality, passed away at midnight Wednesday, April 21, 1915, at 120 South Liberty street, in this city, after an illness of more than a year. The deceased was born at Independence, Ore., in 1860, and was the daughter of Mr. W. W. Lucas, one of the early pioneers of this state, who was one of the well known placer miners in eastern Oregon, and most of her early life was spent with her father in the Blue mountains. She was married to Mr. Bibby July 3, 1912, at Sumpter, Oregon, where they resided for a year after their marriage, when they came to Salem, hoping that in this locality she might regain her health.

The deceased is survived by her husband and his son, Horace Bibby, of Marshfield, Ore., and Miss Helen Bibby, of Sumpter, Ore., and an aunt, Mrs. J. R. Cooper, and family, of Independence, as well as a host of friends throughout the state, who will greatly mourn her death.

The funeral services were held at 2 o'clock today at the Presbyterian church at Independence, Ore.
