## Salem High School To Play At Penitentiary

The first Salem High school baseball will clash with the O. S. P. tossers next Saturday afternoon on the penitentiary diamond. In the game played two weeks ago he threw those two teams the pen team by a score of 3 to 2. Proctor pitched this game and the High school boys expect to win back their lost laurels with Kenne in the box.

Guara Walter Thompson, the pen baseball magnate, says his cohorts will be in the running and that he depends upon the Old Reliable Johnson to take the high school boys into camp in short order. Mr. Thompson says he has heard some reports among the fans that Johnson's arm was going bad and that he was not pitching the game he formerly did. This is a mistake in the man, says Thompson, the twister that is now going bad is a man named Walter Johnson, who recently gained some fame on the Washington team in the American league, but the Johnson who is the mainstay in the box for the O. S. P. is going good and has every thing on the ball.

These two teams are expected to put up a fast contest as the 3 to 2 game went 11 innings and both teams are in better shape for the coming contest.

## Auto Racing Has Its Own Peculiar Thrills

JIM PARSONS IN PARSONS' SPECIAL.

Did you ever ride around a mile track in a racing car with one of the most famous auto drivers in the northwest who had instructions to scare you a bit? No. Well, it's quite a sensation. Jim Parsons, who drives his Parsons Special in the races tomorrow, took a journal representative as a passenger while he was trying out the fairgrounds track yesterday afternoon, and as there is only one Jim Parsons and not a great many racing cars, compared with other autos and Fords, a few simple rules are laid down whereby any citizen might obtain the same sensation.

First, secure a particularly wild and outlandish horse and hitch him up to a good strong piece of canvas dragging flat on the ground, and after seating yourself on the canvas let the horse run away down a gravelly street; that gives you the sensation of the wheels skidding on the turns. At the start-off, let someone hit you in the stomach with a fair-sized brick and hold it there. Turn a 23-mile breeze directly in your face and every time you attempt to take a full breath let someone toss a handful of dust in your face. Hang an agitated galling gun at your left elbow, and place a pair of knits in each eye, and there you have it.

are expected to land their share in the coming meet. Coach Clancy says he does not expect his boys to carry off the first honors with the formidable array of class athletes entered but expects the Salem team to give a good account of itself.

**HARD LINES.**  
"What! More debts?" cried the irate father. "Why, when I was your age I didn't owe a penny to any man."  
"That was tough luck, father," said the son, sympathetically. "Couldn't you get anyone to trust you?"

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You-- Drink Lots of Water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

## RELAY MEN OF Y. M. C. A. LINING UP FOR RACE

Secretary Compton says that the early season indications are that Salem will be represented by a speedy bunch of distance runners for the Portland to Salem relay race to be run about June 12 of this year. Salem has Payne, Huggins, Lafke, Kiutus Jim, Haight, Dutton, Minton and Tallman, all veterans, and B. Minton, Matlock and Clarence and Charles Bayes all good men trying for places on the team.

The race will be run from Portland to Salem this year and will be started in Portland at 10 a. m. ending in this city about four and one-half hours later. Secretary Compton is now lining the runners up for practice and those who are already on track teams are training for the event.

It requires a good deal of diplomacy to enable a man to back down with dignity after going too far.
