SOCIETY DECIDES TO DEFEND DECREE ON DOG ORDINANCE

Will Provide Funds To Fight Appeal—Big Meeting Next Tuesday Evening

At a meeting of the Salem Humane society, held in the auditorium of the Salem commercial club last evening, it was unanimously decided to defend the judgment of Judge Galloway of the circuit court in which the suit of George L. Rose against the city was upheld and the city dog ordinance declared void in that the city council exceeded the authority conferred upon it by the city charter and which judgment is to be carried to the supreme court on appeal by City Attorney Trimble.

It will cost the society, which is backing Mr. Rose in the suit, about \$200 to prepare its briefs and for filing and attorneys fees and this amount will be raised by the finance committee, composed of Mr. Rose, Secretary of State Oleott and Mrs. W. Carlton Smith today from subscriptions already pledged and uncollected. The meeting was presided over by E. Hofer, in the absence of President Charles L. McNary, and unanimous confidence was expressed by all members present, including some attorneys, that Judge Galloway's decision would be sustained by the appellate court.

Col. Hofer made the announcement last evening that he had attended the meeting of the Oregon humane society at Portland recently and that, as a result he had induced the state society to spend \$1,000 of the \$2,000 appropriation, made by the last legislature, in a campaign to organize county humane societies throughout the state and that past President Robert Tucker and Secretary Mrs. F. W. Swanton would start out upon the campaign immediately.

Mr. Tucker and Mrs. Swanton will be in Salem next Tuesday to address the students of the four high schools of the city during the day and, in the evening will hold a public meeting. As yet no hall has been secured for the public meeting Tuesday evening but, in all probability, it will be held in the high school auditorium as a committee composed of Mr. Hofer, J. B. Young and others was appointed to wait upon the school board to obtain permission and there is little doubt entertained that the auditorium cannot be secured if it has not already been engaged.

Mother's day will be observed Sunday morning at the United Evangelical church, with a special service at 11 o'clock. The pastor, Rev. A. A. Winter, will deliver an appropriate address for the occasion, and the music will be in keeping with Mother's day. An automobile will call for those who are unable to conveniently attend. This has been made possible through the kindness of C. A. Glaze. Each mother will be presented with a white carnation by the young ladies of the church, and in order that the fathers may not feel slighted they will be remembered with a white rose. To this special service, as well as all others, the public is always welcome.

The West Salem baseball team will play the Wooden Mills team tomorrow afternoon on the West Salem grounds, at 3 o'clock. This is the second game between these teams, the West Salem boys winning in the first. The grounds have been scraped this week and seats built for spectators.

GOVERNOR NAMES MEMBERS OF FISH AND GAME BOARD

New Commission Will Assume Duties and Select Wardens Saturday, May 22

Late last night Governor Withycombe announced the personnel of the new state fish and game commission, as provided for by the act of the last legislature, which goes into effect Saturday, May 22. The new act has the effect of dissolving the old fish and game commission, its method of organization and procedure, and provides that, with the governor as ex-officio member and chairman of the commission, the appointment of one member from each of the five districts into which the state is divided for the protection and propagation of fish, game and game fish. The new commission will be composed of C. H. Stone, of Klamath Falls, for the one-year term, the only member of the present commission to be reappointed; Frank M. Warren, of Portland, two years, senior member of the Warren Packing company and representing the commercial fishing and packing interests on the Columbia river; Marjau Jack, of Pendleton, three years, a farmer of Umatilla county, and endorsed by the sportsmen generally of the north-eastern part of the state, and I. N. Fieschner, of Portland, senior member of the dry goods firm of Fieschner, Mayer, and endorsed by the fish and game interests of Portland and Multnomah county generally.

The present commission, which becomes dissolved under the effects of the new law, is composed of Floyd Blyven, Portland, chairman; George H. Kelly, Portland; M. J. Kinney, Portland; C. H. Stone, Klamath Falls, and B. Frank Hughes, of Salem, all of whom, with the exception of Stone, will retire on May 25.

It will also be the duty, and one of the first duties of the new commission after meeting and organizing, to select a master fish warden and state game warden to succeed R. E. Clanton and William Finley, respectively. It is pretty generally understood that Mr. Clanton, who has made an unqualified success as master fish warden, and is popular with all factions identified with the fishing industry, both game and commercial, will not be removed from office, but a successor will be chosen for Mr. Finley, as state game warden, as he will retire to become state biologist. There are numerous candidates for the job of state game warden, and the contest for the position is very warm, every section of the state having a candidate, and they are exerting every effort to have their choice selected. The commission will also have the appointment of deputy game and fish wardens in every county of the state.

Campus by President Kerr and to spend a short time looking over the college. General Passenger Agent Scott, of the S. Bargains in Western Canada Lands

I have just taken the agency for the sale of Canadian Pacific Railway Company lands in Western Canada. This agency was about to be placed in our city, therefore I concluded that I had as well reap some of the benefits that would arise from the many sales of lands by the Canadian Pacific Railway Company to people who will purchase their lands regardless of who has the agency. I do not urge any one to leave the Willamette valley and locate anywhere else. If you are not satisfied here and intend to change your residence, I advise you to grasp the opportunity that now is offered you to get some good productive land in Western Canada before it is too late. Thousands of acres are being sold each month. You can purchase these lands from the company either with or without improvements for a very small payment down, and the remainder by paying one-tenth each year. With a few hundred dollars you can move into new buildings, and if desired, have a certain number of acres broke and seeded to crop, and have a long time to pay the remainder. It certainly is a great opportunity for a man with limited means, or for a man with means who desires to farm or raise stock on a large scale. Come in and I will tell you more in detail concerning these lands.

The Western Farmer Is Something Better

For the past year The Capital Journal has been supplying its readers with a subscription to the Home and Farm Magazine Section and we find that this feature has been highly appreciated. The Capital Journal has made this effort because it realizes the direct value to Salem and surrounding country of instructive reading for those interested in the farming business.

We feel that our readers have been benefited by the Home and Farm Magazine Section. We are pleased to now announce that we have secured for you who are interested, a much better publication, which is a REAL farm paper devoted to the actual farming needs of the Pacific Northwest. We have, at an increased cost, obtained a clubbing rate with the Farm Magazine company, of Portland, Oregon, for the Western Farmer to be sent to those of our readers who could be thereby benefited, beginning with the week of May 17.

The Western Farmer is already well known to many of our readers as the leading farm paper of the Pacific Northwest. It is an exponent of agricultural conditions as they obtain in this territory. It will be under the editorial direction of E. E. Paville, a man who continues to be a potent factor in the agricultural development of the Pacific coast and who is recognized nationally as THE editor of his territory who is capable of and is accomplishing the solution of the problems of the farmer.

The Capital Journal feels confident that its readers will be more than pleased with the Western Farmer, for its several departments will be well filled each issue with clean, wholesome and practical information. With the Western Farmer coming into your homes twice each month you will continue to realize fully that this is a paper which regards as all important the value of assisting wherever we can for the best development of the agricultural conditions of this territory.

Seven Nurses Graduated From Salem Hospital

The annual commencement exercises of the Salem Hospital training school for nurses was held last night at the First Presbyterian church. The auditorium was filled with the friends of the young women who had completed their years of training and had successfully passed the examinations.

The address of the evening was by Governor Withycombe. "We are drifting away from the early days of economy," said the governor. "We want to get back to the simple life and live within our means. The governor regretted to see the general extravagance of the modern ways of living and cited as a fact that the automobile and the desire to outshine others was causing many people to live beyond their means. His advice was to get back to the simple life.

In the charge to the class, Dr. F. H. Thompson told the nurses that their profession was one of great demands and that their opportunities for good were unsurpassed by any other calling. The evening's exercises were opened by a selection by the Peerless orchestra, followed by the invocation by Rev. A. A. Moore. The solos by John Claire Monteith were so well received that Mr. Monteith was obliged to respond to repeated encores.

The diplomas were awarded to the graduates by H. B. Thielson. Those graduating were Rosa Kathryn Bartruff, Margaret Elizabeth Currie, Roselara Zorada Powell, Elva Ann Dundas, Flora Alice Gee, Rosa Claire Williams, Ella Sarah Amort.
