SEND IN SOCIAL NEWS.

The Capital Journal is always glad to print social news from outside of Salem, and will appreciate anything of this kind sent in by the telephone or by mail. In sending in news the writer's name should always be signed, not for publication, but as a guarantee that the matter is reliable. We do not print anything sent in unless we know the author of it.

THE P. E. O. Sisterhood, which is holding a state convention in Forest Grove, has a most interesting history which is not widely known. There are 14 chapters of the Sisterhood in Oregon, and many delegates are attending the convention. The P. E. O. organization is the only one of its kind in the United States, and is the largest secret society in the world in which only women are members. It was organized in 1869 by seven college girls of the Wesleyan university at Mount Pleasant, Iowa, and for some years only college graduates were eligible to membership. This requirement has since been eliminated, the conditions now being only those of general culture and refinement. The organization busies itself with social, literary and philanthropic pursuits, although its principal activity is along educational lines. A few years ago a scholarship fund was established to help deserving girls obtain a college education, and up to the present time approximately \$40,000 has been loaned to students. There are at the present time about 20,000 members of the organization, with chapters in 28 states. Four of the chapters in Oregon are located in Portland. The state officers of Oregon are: President, Mrs. Dorothy Seymour, Forest Grove; first vice president, Mrs. Adda R. Holbrook, Portland; second vice president, Mrs. Florence M. Blow, Eugene; recording secretary, Miss Margaret Copeland, Portland; corresponding secretary, Miss Beatrice Kirkup, Portland; treasurer, Mrs. Martha S. Bower, Salem organizer, Mrs. Myrta G. Ferguson, Portland.

The woodland dance given by the Artisans last night in Moose hall was one of the most largely attended and generally successful of any given by this organization this season to aid their drill team in securing funds to take them to the San Francisco fair. The words and private gardens had been drawn upon to furnish the decorations which were arranged to suggest as much as possible an outdoor scene.

This evening in the auditorium of the Jason Lee Memorial church, the young people of the congregation will give an entertainment, charging a small admission fee, the proceeds to finish paying for their recently erected tennis court. Two short sketches will be given, entitled, "The Removal," and "The Last Chapter." In the former,

Miss Averill Harris, William Chittick, Floyd Meluire, Lloyd Roberts and Harold Aspinwall will take part, Miss Winnifred Baker, Miss Blanche Drake, Miss Agnes Grogson, Miss Averill Harris and Harry Irvine will present "The Last Chapter." Between the two sketches Glyde Gardner and Rosa Harris will give violin solos, and Mrs. J. Montclair Brown will contribute a reading.

Mrs. Boyd J. Bridge (Stella Savage), of Oakland, Ore., is the guest of her grandparents, Mr. and Mrs. E. P. Walker, of East State street.

The members of the Ladies' Aid society of the First Presbyterian church will entertain with a hard times social on the regular monthly meeting date, Friday afternoon, in the church parlors, at 2:30 o'clock.

Mrs. A. L. Stinson entertained the Marigold club Wednesday at her country place, "La Mati Grove," West Salem. The members enjoyed an all-day meeting with this most hospitable hostess, an elaborate noon-day luncheon being a pleasing feature of the occasion. Those present were: Mesdames G. H. Sellars, J. T. Davis, C. E. Barbour, H. D. St. Helen, W. E. Gilson, R. E. Moore, D. C. Bennett, John Shipp, O. G. Schellberg, Louis Rech-tel, Geo. Winshell, J. M. Turner, A. L. Stinson, and the Misses Genevieve Barbour, Arlene Gilson and Myrtella Shipp.

Nearly 60 young people, members and friends of the Epworth league of the First Methodist church, were seated around tables arranged in the form of a cross, the official emblem of the organization, in the parlors of the First Methodist church, last night, when the members of the Epworth league celebrated the formation of both the national and local league. Red and white, the league's colors, were noted in the table decorations, snowy roses filling several May baskets of red and white. Willis Bartlett presided as toast master. Dr. Avison, Miss Junia Told, Miss Mildred Bartholomew, Miss Mildred McBride, Errol Gilkey and Dr. R. W. Walton responded to toasts.

Dr. V. B. De Lory, Ph. D., a distinguished Frenchman of Paris, France, has been making a brief stay in Salem, meeting the musical, literary and artistic people of the city. He has been giving lectures on the above subjects at Olds, Wortman & King's, Portland, and it is possible that he may be heard in Salem. He holds the position of poet laureate of Academic Des Jeux, Ploix, and Clemence Isaire society in Paris, and is a graduate of the Paris Conservatoire of Music. He has lectured extensively and at present is located in Portland.

The Elite Embroidery society is meeting with Mrs. M. Koff in North Salem this afternoon.

The Salem symphony orchestra, William Wallace Graham, of Portland, director, added a number of local musi-

class Saturday night, the membership now numbering 20. The list is still open, and all who wish to join are invited to do so. Mrs. Frank C. Frickey has been chosen president, the board of managers, consisting of Miss Mary Schoettle, Frank C. Frickey and Helda Swart. Rehearsals are held at the First Congregational church.

The young people of the First Congregational church and members of the Christian Endeavor society will enjoy a social gathering at the parlors of this church will meet in the church parlors tomorrow afternoon for a business meeting and social hour.

The session of the North Salem Women's club, at the home of Mrs. Ada Teal Wilson, 1030 North Hood street, yesterday afternoon was well attended, a number of new members being voted in. Mrs. Mary Newton, who has held the secretaryship of the club for some time, resigned, owing to her departure shortly for the east. Mrs. (Dorothy) E. E. Fisher was elected to fill her place. Mrs. W. A. Attix being chosen for vice-president. Articles on the Women's Peace Congress were read and discussed, and several of O. Henry's short stories read. Fifteen minutes of forthcoming meetings will be devoted to discussion of current events, dealing with the Panama-Pacific exposition as well as possible, civil, literary and educational subjects to follow. The next meeting will be June 23, at the home of Mrs. W. F. Fargo, 1957 North Church street.

Mrs. Rachel Nichols, of North Front street, is entertaining as a house guest her sister, Mrs. Mary Allen, of Seattle. This is their first meeting in 33 years. Mrs. Allen formerly resided here, her husband, being a member of the firm of Allen & Martin, their place of business being near where the Waller Bros. grocery store is now located. Mrs. Allen will remain until the first of June.

EUROPEAN WAR WILL BRING PROSPEROUS EPOCH TO AMERICA

Good Times Are On the Way Says Delegate To National Bankers Meeting

San Francisco, May 27.—That the European war is bringing an era of prosperity to the United States was the declaration today of James B. Roach, delegate from the American Exchange National Bank of New York to the joint convention of the Bankers Associations of California, Oregon, Idaho and Nevada.

"Following a tour of the United States," said Roach, "I can see nothing but prosperity ahead. This goes for north, south, east and west. The sale of foodstuffs to the warring nations is distributing millions of dollars to the American farmer. Good times are on the way."

R. M. Welsh, president of the California Bankers association, declared in his address that, from a bankers point of view, the warring nations show no signs of financial or physical weakness and that consequently no let up of the great conflict is in sight.

Aside from the delegates of California, Idaho, Oregon and Nevada a large number of delegates representing big financial concerns throughout the east are attending the convention.

Barnes Cash Store
E.T. Barnes, Prop.

PERSONALS

Mr. and Mrs. Pearl Hibler, who have been visiting in California for the past four weeks, are expected to return within a few days.

Mrs. Gliman, a trained nurse who recently came here from Portland, is in Albany today, visiting her brother, Peter Scholtes, of Seattle, who is in the city, spending the day with T. G. Albert of the Barnes store. They were boyhood chums in Lansing, Iowa.

E. L. Kappahn, of the Capital Garage, is a business visitor in Portland today.

Robert Paulus is in Portland today, going on the morning electric.

Mr. and Mrs. L. W. Acheson were passengers on the electric this morning for Portland.

C. L. Dick is in Albany today.

Grover Simmons, a prominent farmer and politician of Central Howell, is in the city today.

Frank Longhery and son, of Monmouth, are visitors in Salem today.

Edward McVicker, of Turner, is here today transacting business.

Appearances indicate that the average man doesn't get much beauty sleep.

The milk of human kindness is usually distributed in rather small cans.

Court House News

The suit of John S. Dunlavy against Britt Aspinwall, which was heard in the circuit court yesterday before Judge Galloway, was continued. The plaintiff asks \$150 damages for the alleged withholding of 31 acres of land by the defendant.

A suit was brought in the circuit court yesterday by R. F. Broughery against P. Hawley and John Greenwald to collect \$50 alleged to be due on a promissory note. In addition to the interest the plaintiff asks for \$25 as attorney's fees. Melator & Melator are attorneys for the plaintiff.

The county court yesterday issued a new order in the matter of the petition of the Statton & Fern Ridge Mutual Telephone company rescinding a former order issued by the court and permitting the Pacific Telephone & Telegraph company to occupy the north side of the county road leading from Statton to Mehama. It is further ordered that the wires shall be erected and maintained at a distance of at least 19 feet from the surface of the road and that the Pacific telephone line shall be kept in a manner so as not to interfere with the operation of the line of the Statton & Fern Ridge company. It is required that the Pacific Telephone company shall be responsible for all accidents caused by the poles and wires of its lines and the transmission of power on this line; also the line shall not interfere with ditching or working the road, and the company shall remove all debris or trees cut during the construction of its line.

An order from Judge Bushey today authorized S. M. McKay, of Brandon, Manitoba, Canada, to take a deposition of Mrs. Nona Savoyright relative to the will of Eliza J. Wichter, which has been admitted to probate in this county.

Oregon Municipalities Hold League Meeting

Eugene, Or., May 27.—"Pay cash" was the keynote of the league of Oregon Municipalities meeting held here today in connection with the seventh annual county-wide conference. The session was called to order at the state university. City Auditor A. L. Barbour, of Portland, sounded the keynote when he admonished his hearers to quit issuing long time bonds, quit paying interest and get down to a cash basis.

"There should be a stringent law prohibiting the promiscuous issue of bonds," said Barbour. "This system sells the credit of the taxpayer at a discount. If bonds must be issued they should take the serial form which provides for the progressive retirement of the issues during the life of the utility which the bond issue creates."

Benjamin C. Sheldon, of the Medford charter revision committee, gave as his program for governmental efficiency and economy the short ballot, trained administrative force by means of civil service examinations, proper publicity, standardized accounting subject to auditing by state commission and municipal purchasing agents.

L. M. Carl, mayor of Albany, maintained that for small cities the commission and managerial forms of government could not effectively remedy the existing evils, but the successful city administration depended more on the personnel of the administration, which in turn was dependent on an enlightened citizenship.

German Submarine Warfare Still Continues

London, May 27.—Germany has by no means suspended her submarine warfare in British waters.

This was evident today when the admiralty announced that the Montreat steamer Morwenna, and the Danish ship Betty, were torpedoed and sunk yesterday. One member of the Morwenna's crew was killed and three wounded when the merchant ship was shelled.

The success of the Germans in accounting for these two merchant ves-

OFFICERS OF Y. M. C. A. BACK FROM CONFERENCE

Secretary Compton and Physical Director Gingrich Report Fine Trip

L. H. Compton, general secretary of the Y. M. C. A. of this city, and Physical Director O. B. Gingrich, returned last night from the last two weeks attending a national conference of the Y. M. C. A. officials. There were over 300 delegates present from all over the United States, and numerous new ideas and plans were discussed and taken home by the delegates to be put into effect in the local associations.

Both Mr. Compton and Mr. Gingrich report an exceptionally pleasant trip. The passage down was made on the Northern Pacific liner and the trip was pronounced particularly rough. Mr. Compton stood the trip well, but Mr. Gingrich said his appetite failed him for the first time in his life. However, the captain was seasick, it is reported, and Mr. Gingrich had plenty of company.

John R. Mott, of the international committee, was the principal speaker of the conference. Mr. Mott has just returned from Europe, where he was on the battle front of both the allies and the Germans. He related some interesting experiences first hand from the theater of war.

On the way back from the conference the 300 delegates were showered with apples at Watsonville, and visited the Big Trees, Los Gatos, Palo Alto, and then stopped at San Francisco to take in the fair.

Use Found For Stale Beer In Dry Town

Corona, Cal., May 27.—Flics are doomed to banishment from Corona and their banishment will be conducted along novel but economical lines.

Fifty fly traps have been secured, and to reduce costs, stale beer, confiscated in blind pig raids, will be the bait. Corona flies are very fond of stale beer, and a wholesale slaughter is expected.

"Uncle Joe" Hires Cheap Waiters and Union Objects

San Francisco, May 27.—Indications are that "Uncle Joe" Cannon and the party of senators and congressmen, who are to be given a picnic tomorrow in Muir Woods will munch their sandwiches to the tune of "Seab, scab" and to masticate their roast beef amid the cries of "unfair, unfair."

That the waiters union of San Francisco will do its best to "crab" Uncle Joe's picnic, was declared here today by Hugo Ernst, secretary of the waiters organization.

The organized waiters say they have learned that the waiters for the occasion have been hired at an employment agency at the rate of \$2 per day. The union scale here is \$5 per day, hence the "crabbing act" scheduled for "Uncle Joe's" feast.

VICTIM OF WHITE SLAVERS.

San Francisco, May 27.—That his 21-year-old bride of 18 months has fallen a victim to an alleged white slave ring, through answering ads for motion picture actresses, is the opinion of George Duback, motorman, who applied to the police today for aid in locating the missing woman. The girl disappeared two weeks ago after telephoning Duback that she expected to spend the night in Berkeley with relatives.

Divorce Sought When Children Disagree

San Francisco, May 27.—The effects of the war between France and Germany were felt in the divorce court here today when Frank Loraine, French, and Wilma Loraine, German, applied for a divorce before Judge Graham stating that since the war broke out their Bay View home has taken on the semblance of a battlefield.

Lorraine has three children by his first wife, who was French. Mrs. Loraine has children by her first husband, who was German. These six, according to the couple, have done nothing for months but take side on the European question and fight the battles of their fatherlands.

Four children of the present marriage are neutral Americans.

"Business Is Good" Says Add Men In Convention

Los Angeles, Cal., May 27.—With the slogan "Business Is Good," the Pacific Coast Advertising Men's association opened its 12th annual convention here today. Hundreds of delegates were in attendance, sailing from San Diego, Portland, Seattle, Spokane, San Francisco, Sacramento, Oakland and Denver.

Bee Manager Suspended For Swearing At Manager

Los Angeles, Cal., May 27.—President A. T. Baum of the Pacific Coast League today ordered Manager Cliff Blankenship of the Salt Lake Bees indefinitely suspended for protesting a decision in yesterday's game. Blankenship was alleged to have cursed the umpire. While he is on the bench Tommy Tennant will serve as acting manager.

Mrs. Green Not Told of Husband's Peril

San Francisco, May 27.—Fearing that the news of the torpedoing of the American Hawaiian Steamship Nevele, which sank off Easter, would cause Mrs. J. Green, wife of the commander of the ship, to collapse, her mother-in-law, Mrs. Maria Sangesberg, has refused to divulge the whereabouts of Mrs. Green and is making every effort to prevent her from learning of the incident.

Three year old Franklin Green, the son of the captain, is alright.

"Mrs. Green has been out of town during the last three weeks on a visit," said Mrs. Sangesberg today. "She is not ill but we fear that the news would have a bad effect on her. Consequently we are trying in every way to conceal the news from her. After captain Green reaches port we will advise her that he is safe."

of the two men to murder aim and lose one of his boys.

WOULD KIDNAP ATTORNEY.

Stockton, Cal., May 27.—The police were making every effort today to capture the two men who F. W. Henderson, city attorney of Merced, alleges endeavored to kidnap him yesterday. Henderson made a sensational escape by battling with the men and causing the automobile in which he was a prisoner to collide with an electric trolley. The two alleged kidnapers immediately jumped into a buggy standing nearby and fled.

According to Henderson's story told to chief of Police Biare, he met the two men while driving to Merced from his ranch yesterday morning. They forced him to write a note to his stenographer telling her to notify his wife he would be absent several days. Henderson was handcuffed to the robe rail of the automobile while one of the men delivered the message.

In the bottom of the machine was a piece of canvas in which were wrapped some cotton rope, a piece of steel cable and some large wool socks, and Henderson believes it was the intention

HUIE WING SANG CO.

How Gold Dust actually works for you

The active principle of Gold Dust is a valuable antiseptic cleansing agent. It actually works. It gets into the corners and crevices where fingers and washcloths can't reach. It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Gold Dust does all this—does this actual work—because it is made for that purpose.

Millions of women all over the country use Gold Dust three times a day in washing dishes. They use it also for scrubbing floors, washing windows, etc.

But they do not realize all the uses of Gold Dust. Gold Dust is the only washing and cleaning powder needed in any home.

Gold Dust cleans metal work, nickel, enameled ware, etc., without scratching or marring the surface—leaving it sanitariously clean, bright and new-looking.

The use of Gold Dust is an economy. There can be no waste when you use the exact small quantity required for each specific purpose. It is at once taken up by hot or cold water, forming the perfect cleansing solution.

No soap or other cleansing help is needed. Gold Dust does it all, and Gold Dust does its work far better than anything else can.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, cleaning oil mops, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—for every cleaning and brightening purpose.

Gold Dust is as inexpensive as it is indispensable.
