COLORED GIANTS TO PLAY THREE GAME SERIES WITH SALEM

Fast Portland Aggregation to Appear Here for Decoration Day Games

The Colored Giants, of Portland, will appear in Salem for three games with the Senators next Sunday and Monday, if Manager John Turner and J. P. Plavins can agree on the weather. The Colored Giants of Portland were to appear here for the Decoration day games, but Manager Turner, after investigating the records of both teams, found out that the Colored Giants were rated higher than the Celso Kolas, and signed the dusky tossers for the open date. One game will be played Sunday afternoon and two will be played Monday, one in the forenoon and one in the afternoon. The Senators were able to get out for practice last night and put in some hard ticks rounding into shape for the coming games. If the weather clears up for the rest of the week the Portland Smoke team will find themselves up against a classy bunch of ballplayers for the three game series. The Giants recently played an 11 inning 3 to 2 game with McMinnville and came out on the long end. They are counted one of the best independent teams around Portland and rank with the city league teams.

With three games in two days Salem will work out some new material on the firing line. Small, the elongated heater that twirls for Albany, has asked for a chance to pitch one game, in the event that Albany has no game for Decoration day, and may be secured. If small pitches he will work with Jones behind the bat. Roy Keene, the high school twirler, will likely serve up the slants for one game, and Gill, his battery mate on the high school team, will do the catching. Graig will pitch the first game and will work with Captain Holman.

Meyers, of Dallas, would also like to see how he would fit a Salem uniform, and Terek, a U. of O. twirler, can be secured, so it appears that there will be no shortage of crook specialists.

The Sunday game will be called at 3 o'clock in the afternoon, as usual, the Monday forenoon game at 10 o'clock and the afternoon game at 3 o'clock.

RIOT IN PRIZE RING

Denver, Colo., May 27.—A riot during which a mob of irate fight fans stoned a mule in the ring and were eventually driven out by the police, following the disqualifying of Jimmy Fox, of San Francisco, in the first round of a fight scheduled with Harry Brewer here last night.

During the mixup in the ring some one hit Brewer and put him out for five minutes. Fox was disqualified after he had fouled Brewer several times. He fought in amateurish fashion and came far from equalling his previous showings here.

If the rich relative would work during the time now spent in giving the poor kid's advice, he could earn enough extra to lend them the money they need.

Manual Training Exhibit Will Be Held June 3

The manual training department of the high school will hold their exhibit on Thursday, June 3. The boys have been putting in extra time finishing up their work for this exhibit and the close of the semester. On Thursday, the same day the manual department exhibits are on display, the different departments of the domestic science will hold an exhibit, as also will the art and physical training departments in the high school building.

All these different displays may be seen during the afternoon from 2:30 to 4:30 o'clock, and in the evening from 7:30 to 9:30 o'clock. The physical training department, under the direction of Miss Cash, will give an exhibition in the evening, including drills and folk dances.

YAKIMA INDIANS MAY GO ON WARPATH OVER STRICT GAME LAWS

Claim Right to Take Salmon at Prosser Dam Under Old Federal Treaty

Seattle, Wash., May 27.—An uprising of Yakima Indians near Prosser is threatened today because of the Indians' refusal to recognize the game law protecting salmon in the vicinity of the Prosser dam.

Information has reached the office of Fish Commissioner Darwin here that the Indians are arming themselves to keep at bay any one who interferes with their operations.

Since the opening of the Cello locks a few weeks ago, a heavier run of salmon than usual has resulted up the Yakima river. The Indians are said to be using clubs to kill the fish in great numbers.

Although the state law forbids any sort of salmon fishing within a mile of the Prosser dam, the Indians claim prior right to fish through a treaty made with the federal government years ago. A. J. Beach, game warden of Kitsap county, and J. P. Millet, E. E. Sherwood and A. J. Giles, of Seattle, have been assigned the ticklish task of keeping the Indians out of the disputed territory.

BEATTY IS PURCHASED

Los Angeles, Cal., May 27.—Secretary Weber, of the Los Angeles baseball club, announced yesterday that his organization had purchased First Base man Beatty from the Seattle club in the Northwestern league.

Weber refused to divulge the price paid for the new infielder. Baseball men here believe that the acquisition of Beatty means that Bill Abstein, the Angels' present first sacker, will be released.

Watching the Score Board

Incidentally Bill Abstein is putting in his last days with the Angels. The first-sacker who first became famous for his display of ivory white with the Pittsburgh Pirates is to be released to make a place for Beatty, of the Seattle northwestern league team, who has been purchased by Manager Dillon.

Jerry Downs smashed all hopes the Portland Beavers may have been carrying around with them. His double tied the score of the Seals in the sixth inning, and a home-run broke up the game in the eighth.

The White Sox are out again. They downed the New York Yankees again yesterday and rang up their eighth consecutive victory.

The entire National league was laid out yesterday by bad weather.

President Addresses Chinese Representatives

Washington, May 27.—Declaring that the interest of the United States in the young republic of China is not merely a commercial nor a personal one, President Wilson yesterday received the members of the Chinese commission who are in the United States studying American institutions.

In addressing the members of the commission, President Wilson said: "It is not merely a form I am going through in expressing our most cordial welcome. I think I can say, with the acquiescence of my countrymen, that our interest in China is not merely a commercial one, nor is it merely a personal one. The people of the United States are deeply and sympathetically interested in China and in the unlimited future which lies before your great republic.

"We, of course, naturally rejoice to see you adopt the form of government which seems to us to be the best vehicle of progress. It has been a great satisfaction to hear that your great nation, with its unlimited capacity and possibilities, is to be linked with ours in what we hope will prove to be a common conception of liberty and the progress of mankind."

QUINABY NEWS NOTES

(Capital Journal Special Service.)
Quinaby, Or., May 27.—Mr. and Mrs. Herman Amort, (Minnie Banick), who have been in California since their marriage last fall, have returned and are visiting Mrs. Amort's parents, Mr. and Mrs. August Banick.

Mrs. Flora Smith, who as Miss Crabtree visited here a few years ago, writes friends that at Santa Cruz, California, the rains have been so persistent that fruit is spoiled, which is an unusual condition for that section of California.

Strawberry picking has begun in all the large yards, the family of Milo Barnett leaving for the Hazel Green plantations Tuesday, where picking is done between showers.

The eldest son of Paul Girod, lately returned from the east has accepted the principalship of Buena Crest school for the coming term.

Among those passing the eighth grade examination were Herman Hahn, Albert Girod and Floyd Jones from the Perkins school. In the case of Herman Hahn who is fourteen years old his making this grade reflects special credit upon him, as he has long been a valuable member of the family in the matter of bread-winning, as he has almost throughout the school year been obliged to miss two days of each week at work. Albert Girod and Floyd Jones will continue their studies in Salem, unless the projected high school sees realization when when all of those now going to Salem will find opportunities for advancement nearer home.

Miss Ethel Mudge of Chemawa, has returned from Pennekick, Wash., where she has been engaged in teaching school.

The rural mail boxes are being given new numbers as the population of the rural districts has more than doubled since the establishment of the system about 11 years ago. At that time about 100 boxes were used on Route 8, but the number of individuals served at the present time is about 400.

Miss Christine M. Harold has purchased a new automobile.

Travel over the Oregon Electric and Southern Pacific is unusually light at this time but the highway is being traversed by many vehicles, as being the cheaper mode of travel. Ten, even covered wagons passed through this section in a single caravan Tuesday, headed for the North, although there are many traveling single file to the south, containing household goods.

SALEM MAN GRADUATES

University of California, May 27.—At the recent commencement exercises of the University of California, the regents of the university conferred the degree of bachelor of arts upon Seth Axley, of Salem, Ore. Axley was registered in the college of letters and sciences and received his degree as a mark of having completed the four years of undergraduate work at the university. Axley made a specialty of economics and performed his major work in that department.

Let out as much truth in as few words as possible.
