MUSIC will be one of the leading features of this year's Rose Festival, which opens so auspiciously in Portland tomorrow, and this is no doubt one of the principal reasons why the event promises to be so largely attended. The weather remaining pleasant the remainder of this week will witness a quite general exodus, the Southern Pacific, Oregon Electric and the automobile highways directing a very large number to the City of Roses. The Ladies' and Men's Glee clubs of Willamette university have been asked to participate, and under the direction of Dean Mendenhall will go down Thursday. A notable attraction of tomorrow night at 8:30 will be the Rose Festival chorus, accompanied by Portland Symphony orchestra, J. H. Cowen, conductor, assisted by Dudley M. McCosh, conductor of orchestra selections, Jane Burns Albert, soprano; Virginia Spencer Hutchinson, contralto; Norman A. Hoose, tenor; Warren Irwin, tenor; Hartridge G. Whip, baritone; A. E. Davidson, bass. The glee clubs from the University of Oregon will be heard Thursday afternoon at 1 o'clock, Ralph H. Lyman, conductor at the Festival center at 7:30 Thursday evening. Under the direction of Dean Mendenhall a select choral concert will be given.

Today is the annual Flower Mission and Relief Work day for the Woman's Christian Temperance Union, and in consequence a large number of shut-ins, invalids and other unfortunate people all over the land were made happy by the gifts of beautiful flowers and other appropriate remembrances. The day is usually recognized in Salem, and as flowers are particularly prolific at this time of the year the hospitals were converted into a bower of lovely blooms.

One of the most noteworthy and enjoyable events in lodge circles this year was the joint session last night of the Degree of Honor and A. O. U. W. lodges. There was a large attendance including prominent lodge people from out-of-town. The birthdays of two of the oldest members of the Degree of Honor, Mrs. R. B. Holman and Mrs. Amanda Anderson, were celebrated, the occasion also attracting the grand chief of the latter organization, Mrs. Morn Hendricks, of McMinnville, who made her first official visit to the local lodge. Her appearance occasioned a delightful surprise, only a few members being aware of her intended trip to Salem. An elaborate banquet was the leading feature of the evening, covers being laid for about 70. The decorations were perfected in a most attractive manner. The five large tables being laden with Carolina Peppercorn roses and Canterbury Bells, in pink, the official color of the lodge. REVISION OF POLICY, RATE READJUSTMENT AND FIRE MARSHAL

Matter To Be Considered By Fire Insurance Committee On Legislation

Correction and revision of the standard policy form for fire insurance in this state, the question of readjustment of rates to be charged by fire insurance companies, commensurate with the risks assumed, and the possible provision for the creation of the office of state fire marshal are among the most important matters that will come up for consideration before the subcommittee of the state insurance code commission, which will be called together in the very near future by Chairman James T. Moffett, of Portland, who was appointed upon the insurance code commission by Governor Withycombe to represent fire insurance companies in the drafting of proposed insurance legislation for submission to the next session of the legislature.

Through the medium of Insurance Commissioner Harvey Wells, who gave out the information this morning, Mr. Moffett announces the personnel of the committee which will act with him in framing needed fire insurance legislation as follows:

F. E. Beach, representing the Oregon domestic fire insurance companies; John H. Burgard, representing the general agencies in Oregon; Harvey O. Bryn, representing local agencies; W. A. Williams, representing the eastern insurance interests; Chester Deering, representing special agents, and J. C. Zeasle, who will act as attorney for the committee.

This committee is composed of those who have made a study of the fire insurance business in this state for many years, and it is understood they will be able to point out the need of changes to correct the faults under the present law.

that the allied losses in the recent attempts to storm the Gallipoli defense were much heavier than first reported. Several thousand British dead are declared to have been found in the field in front of the Turkish positions. The Turks also captured 15 machine guns and munitions.

This is a strenuous old world war, but the other side of it seems to be a little more strenuous than usual this spring.

WHO PAYS.

George Bernard Shaw says: "Since marriage began, the great artist has been known as a bad husband."

"The true artist will let his wife starve, his children go barefoot, his mother drowse for his living at seventy, sooner than work at anything but his art."

For just joy much of this world's misery are good intentions responsible. How strong are a man's scruples when arrayed against his "interests"?

When a place decides to have a city manager the people should select some man who has raised a family of daughters to marriageable age without going in Sept.
