SCHOOL BOARD LETS CONTRACTS FOR WOOD AND HEATING PLANT

McPherson Company To Install McKinley Heating Plant—Wood Is Cheap

The Salem school board last night, upon the recommendation of the building and grounds committee, awarded the contract for the installation of the heating plant for the new McKinley school building to the firm of W. G. McPherson & Co., of Portland, the lowest bidder, for \$2,375. Upon the recommendation of the supplies committee, ordered contracts let for the school year's supply of wood, consisting of 360 cords of slabwood and 195 cords of old fir, or a total of 555 cords, all of the slabwood to be furnished by the Chas. K. Spaulding Logging company, at \$2.15 per cord, and the old fir is divided up between these bidders: F. A. Frazier, at \$3.47; Salem fuel yards, at \$3.75, and the G. R. Tracey Wood company, at \$3.80, respectively.

The wood supply for the several schools of the district was purchased for the ensuing year at a considerable reduction of cost over previous years and will amount to a great saving in expense to the district. Last year, with the exception of a few scattering cords of second growth fir which was purchased from time to time in small amounts to fill out the supply for some of the schools, the district used slabwood exclusively and paid \$2.22 per cord for it. Slabwood would have doubtless been purchased exclusively for the coming year also had it not been for the general demand on the part of the janitors of the school buildings, and the recommendation of the McPherson company, which is to install the new heating plant at the McKinley school, that some old fir be purchased to mix with the slabwood, which was complied with by the committee and board.

The purchase of old fir at from \$3.47 to \$3.80 per cord is the cheapest that has obtained for a great many years. In fact it is as cheap as second growth fir can be obtained in the open market. This year's supply of wood will be distributed among the several schools, as follows:

School	Slabwood	Old Fir	Total
High school	85	35	120
Englewood	30	15	45
Garfield	20	15	35
Grant	30	20	50
Highland	30	20	50
Lincoln	30	15	45
McKinley	35	15	50
Park	30	20	50
Richmond	35	15	50
Washington	55	25	80
