THREE QUARTERS OF MILLION TO BE USED IN DEVELOPMENT WORK

Quarterly Permits Embrace Extensive Irrigation and Power Projects

During the quarter ending June 30, 1915, the department of state engineer issued a total of 196 permits to appropriate water, including nine for the storage of water in reservoirs in different sections of the state, the estimated cost of all such improvements aggregating \$734,000 and involves the construction of 248 miles of canal lines for the irrigation of 21,104 acres of land and the development of 4,254 horsepower.

Among the most important of the permits issued during the quarter are: To August Guiguard, for the development of 2,273 horsepower with the waters of Hood river, costing approximately \$300,000.

The Rogue River district Improvement company secured a permit to appropriate water from Rogue river for the irrigation of 1,302 acres of land near Grants Pass, costing \$6,500. This district was organized under the district improvement act.

The Oregon-Washington Colonization company, of St. Paul, according to a permit issued to it, proposes to irrigate 4,152 acres of land in the Malheur valley.

The Bandon Power company proposes to develop 500 horsepower with the waters of Spring creek near Bandon.

The city of Milton contemplates the enlargement of its municipal power plant by the development of 460 horsepower at a cost of \$18,000.

CLAXTER NEWS

(Capital Journal Special Service.) Claxton, Ore., July 15.—The funeral of Dee Kady which occurred here on Sunday was well attended. Members of the Hayesville Boys' class acted as pallbearers, while the young people of Sunday school sang two songs, "Safe in the Arms of Jesus," and "Going Down the Valley," both favorite songs of the deceased. The services were conducted by Rev. Harold Stover, of Salem, and were brief but touching.

The Hayesville Baptist church presents an attractive appearance in a new coat of white paint. On addition will soon be made to this well known church, making it more roomy to accommodate the increasing membership.

The first ripe wheat to be cut in this vicinity was on the A. Springstube farm early this week. Unsettled weather conditions are causing haymen some uneasiness. Some hay is down, getting the benefit of the prevailing dampness. Some of the hay is cured and safely housed. But the great main crop is still in the meadows awaiting suitable weather to care for it.

Predictions are heard on every side that hay will be an expensive necessity the coming winter, unless the great crop now standing is safely cared for. A few days of good weather will no doubt greatly brighten this situation.

Keiser View Dairy have demands for all the Jersey milk they can possibly supply. Their buildings are a model of neatness, whitewashed throughout. Their herd of Jerseys tubercular tested, an abundance of succulent food for their cattle and best of all a steady demand for their output at top prices.

Mr. Hans Hostetter, of this place, a young Swain farmer, who attended most of the Claxton sessions held in Salem, was much pleased with the music of his countrymen, the Swiss Yodlers.

The three-year-old son of F. L. Mead, who has been quite ill for the past two months, is about recovered.

It is thought that 10 days more will complete loganberry work here.

Mr. and Mrs. M. Cady, whose son was buried at Hayesville last Sunday, are removing this week to their farm in the Lake Labish neighborhood.

The John Westleys spent Sunday as the guests of the Dr. Evans family. Both families spent the greater part of the day in sightseeing in Dr. Evans' automobile.

Mr. and Mrs. Charles Poyser, well-known former residents of this place, now own property in Imperial valley, California. Relatives here feel some uneasiness regarding them since the recent earthquake disturbances in that much-advertised country.

Raspberries, both red and of the blackcap variety, are a good crop here this year, and when a better method of handling these dainty berries is devised they will no doubt run other berries a close race for popularity.

One of the pleasant events of the week was the ice cream social on Saturday evening at the William Westley home. The following ladies and gentlemen were present: Mr. and Mrs. Willam Rickman, Mr. and Mrs. Harry Jones, Mr. Arthur Griffith, Mr. John Rickman, Misses Lena Kohok and Miss Lily Johnson, Mr. and Mrs. William Westley, Master Leo Westley, Master Claudius Westley.

COWBOY BADLY HURT.

Seattle, Wash., July 15.—Earl Benson, a Walla Walla cowboy, was badly injured yesterday afternoon at the Roundup here, in the presence of 10,000 spectators, when, in a wild horse race, his mount and that of an Indian rider collided. He was taken to Providence hospital, suffering from concussion of the brain.

NEW GERMAN NOTE TO REITERATE DEMANDS

Wilson Will Insist Upon Right Of Americans To Sail Seas Freely

Washington, July 15.—The new note to Germany reiterating the demands of the United States as to the Kaiser's submarine warfare will probably be prepared by President Wilson and Secretary Lansing next Wednesday, it was understood today.

They will present their views as to the nature of the reply that should be made to the last German note to the cabinet Tuesday, following the president's return from Cornish and the work of framing the new communication will then be taken up.

It is not expected the note will differ in substance from previous communications regarding the sinking of the Lusitania and the general submarine warfare which have been forwarded to Berlin, except in one instance. This will be in the inclusion of a paragraph which probably will be to the effect that the United States would like an explicit answer as to the demand that Americans be assured of safety in travel upon the seas.

The contentions made in previous notes of the right of Americans to travel unimpeded will be reiterated and it is expected Germany will be told that a direct answer and not a series of evasions and counter proposals is expected.

At the same time the receipt of the German memorandum relating to the Nebraska was announced Secretary Lansing admitted the receipt of a communication from Vienna protesting against the shipment of munitions to the allies. He said he had not read it carefully as yet, but that he did not think it would necessitate a reply. It was the secretary's impression that the Austrian communication was sent independent of Berlin.

No formal protest was ever made to Germany as to the attack upon the Nebraska as to the evidence of the vessel having been torpedoed was more or less circumstantial. Ambassador Gerard was merely asked to request that Germany make an investigation. The memorandum received today states that this was done and admits that the Nebraska was torpedoed. It declares that it was not an attack upon the American flag, however, but an "unfortunate accident." The name of the Nebraska could not be distinguished by the submarine, the note said, nor could any flag of neutral markings be seen. The submarine commander consequently assumed that the Nebraska was an enemy merchantman. After

having fired one torpedo the commander saw that the American flag had been run up and then refrained from further attack.

The Nebraska was able to make port and with the receipt of the German communication today it is expected the incident will be closed upon payment of indemnity.

PERSONALS

Miss Lucile Chase, of Salem, a graduate of the Oregon Agricultural college, was elected to the head of the domestic science department for the ensuing year by the school board last evening.—Eugene Register.

An automobile party on the way south, consisting of the following, stopped in Eugene over night: Dr. and Mrs. A. R. Starbuck, C. N. Bilyeu and Thos. Strickwell, all of Dallas, and Mrs. T. H. Starbuck, of Portland, and Mrs. Beaver, of Salem.—Eugene Register.

F. A. Elliott and wife, of Salem, who arrived here late yesterday, by automobile, were delayed here until this afternoon on account of a broken spring on their car. When they started north this afternoon they also discovered that one of the axles of the machine was sprung, and as a result they were obliged to return to town.—Roseburg Review.

Martin Boyles of the Ogle Creek mining district, in Clackamas county, is in the city today, coming on business and also to see the Liberty bell.

Tom Smith, of Stayton, superintendent of the mill ditch, is a visitor here today.

Miss Agnes Billings of the Chicago store, is taking here vacation, beginning today.

L. Greenbaum, of the firm of Roelke & Greenbaum, will shortly leave for an auto tour to San Francisco, with his wife and children. He expects to be away about a month.

"Why Do the Disciples Exist?" To Be Brook's Topic

"Why Do the Disciples Exist?" is the question Dr. Clayton S. Brooks proposes to answer this evening at the Bungelow Christian church revival. Miss Mary Coddington will sing a solo. Miss Martha Stewart will play a cornet solo with the clarinet obligato played by her talented brother. Big hearted, enthusiastic Dr. Epley will direct the music. Interest increases as the revival approaches the end. Dr. Brooks has but two more evenings in Salem and will leave after the service Friday night for Los Angeles to attend the great convention of the church of which he is a member.

"Works" was the practical, fruitful theme of the discourse last evening. Miss Alice Baker sang a solo and E. G. Metz and Dr. E. H. Epley sang a duet entitled, "God's Way." Dr. Epley contributed a splendid solo. One fine young woman accepted the gospel and a deep interest was manifested in the meeting.

OSTEOPATH IS APPOINTED

Oregon City, Ore., July 14.—The county court today appointed Dr. Orel Welsh health officer of Clackamas county to succeed Dr. J. A. VanBrakle, who gained nation-wide fame by being the only osteopath in the country occupying such a position.

During almost all of VanBrakle's term, physicians of the old school sought to have him removed, declaring him unqualified but the supreme court upheld his right to the office.
