"In all our travels, from the Atlantic to the Pacific coast, we have not seen a more beautiful country than this Willamette valley," said one of the custodians of the Liberty bell yesterday, in conversation with J. A. Mills. In fact, the whole party were praising the beautiful valley and the cordial manner in which they were being received on the Pacific coast.

Special credit should be given Superintendent Elliot and the teachers who assisted him for the orderly manner in which they handled the great number of school children, enabling all to see the Liberty bell. Chapin, county agriculturist.

Many of the merchants report that the month of July will compare favorably, from a business standpoint, with the same month of one and two years ago. With the two days of the Cherry fair and the great number of people in the city yesterday, and generally favorable weather conditions, business is getting back into full swing and normal condition for a summer month.

Salem is doing the boosting for loganberries and loganberry juice for the whole Pacific coast. The four policemen guarding the Liberty bell nicely enjoyed their 45 minutes in Salem. TO CONNECT CAMPBELL WITH FRAUDULENT SALES

Portland Ore., July 16.—For the first time since the opening of the trial in the federal court of seven United States Cashier company officers and salesmen, the government today introduced evidence in an effort to connect Owen Campbell, of Eugene, vice-president and director, with the fraud and conspiracy charges resulting from stock sales.

Campbell's activities in the company were brought forward when John Straub, University of Oregon professor, took the stand.

Straub testified that he bought 100 shares of stock at $14 per share from Campbell in February, 1913. Campbell told him, Straub said, that the company had patents on several machines which protected them against infringement, and had an order for 1000 lighting change makers from a street car company.

Legislator Marries and Goes To Alaska

To resign his seat in the lower branch of the legislature, get married and start for Seward, Alaska, where he will make his future home, was but a 24 hour task for J. T. Jeffries, until yesterday representative from Clatsop county.

Last night Jeffries enlisted in the ranks of the benedicts when he married Miss Emma L. Langford, formerly of Astoria, at the home of friends, 1121 Missouri avenue. The ceremony occurred two hours ago when Jeffries was deputy city attorney at Astoria.

Jeffries' former home was in Montana but he has made his home in Oregon since he took up the study of law at Willamette university.—Portland Telegram.
