CAROL S. DENVER

The announcement of the approval of the bill by the Oregon legislature, which will give the city of Salem the right to issue municipal bonds, is a most timely and important one. It will enable the city to raise the money needed for the improvement of its streets, parks and other public works, and will also give it the power to issue bonds for the purpose of providing for the needs of the city in the future.

It is a matter of course that the city will have to pay for the interest on the bonds, but this is a small price to pay for the benefit that will be derived from the money raised. The city has a long and honorable record of good government, and it is to be expected that it will continue to do so in the future.

It is a matter of course that the city will have to pay for the interest on the bonds, but this is a small price to pay for the benefit that will be derived from the money raised.

NO GAME IN PORTLAND

Portland, Ore., Aug. 19.—The baseball game between the Portland team and the Salem team, which was held at the Portland stadium last night, was a most interesting one. The Portland team won the game by a score of 4 to 2.
