Continued Rain Means Heavy Loss to Farmers
(Capital Journal Special Service.)
Quincy, Ore., July 30.—Threshing begun here Tuesday, but only a few fields were threshed when the rain stopped operations, and farmers are deeply concerned at the threatening aspect of the weather. There is much hay in the fields awaiting the baler, and much grain in the shock waiting for the thrasher, while still other fields of ripe grain are not cut, but shattering badly. Continued rain at this time would mean serious loss to the farmers, as it would only require a good wetting to start the grain sprouting as it did in years ago, when it was practically valueless except for hog feed. Pastures may be improved somewhat, and corn and potatoes, but the acreage of these crops is small compared to the grain and hay. Another hardship of the delayed threshing is the shortage of wheat in the country, since the present price of eggs does not make it profitable to buy prepared food at \$2.50 per hundred, which is all that is available, and at the McMann poultry yard 160 geese are being fed on wheat clipped from the fields with the scissars.
Preparations are being made for hop picking to begin on September 1st. Among the new growers is Leonard Barnick, who has a fine crop.
Bean picking will begin next week for the canneries on the Jousberg farm.
David Craven, who died in Portland July 21, was buried Wednesday in Pioneer cemetery, near Brooks. He was a brother-in-law of A. L. Becker and G. W. Harris, of this place.
Mrs. I. Hahn and family are attending the camp meeting of the Church of God at Woodburn.
Mrs. G. S. McMann spent Sunday at Woodburn.

NEW METHODS OF TEACHING
San Francisco, July 30.—Dr. Maria Montessori, noted Italian educator who has perfected new methods of teaching children, will arrive here Sunday to conduct an international Montessori training course at the exposition. She will be accompanied by Signorina Anna Fedelli, her first assistant.
The classes will be limited to 30 pupils each. Over 1,800 applications have been received.

LIQUOR MEN WILL APPEAL
Olympia, Wash., July 30.—Formal notice of appeal to the supreme court from Superior Court Judge Wright's decision upholding the validity of the prohibition law is on file here today. It is probable the appeal will be heard in the October term of court.

How to Destroy Catarrh Germs and End Catarrh Forever

A Specialist's Advice.
Catarrh is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrh germs which have found lodgment there. When the germs go the catarrh will stop. The trouble with most treatments, like sprays, salves, creams, grease balms, lotions, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nostrils. In a little time the catarrh comes back as bad as ever.
People who suffer continually from catarrh should drop such temporary makeshifts and get something that really gets at the root of the disease and stamps it out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing, germ destroying air of Hyomei (pronounced High-oh-may) made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomei penetrates and kills the inflamed swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomei reaches them. Daniel J. Fry and many other good druggists in Salem and vicinity have long sold Hyomei on a positive guarantee of successful results or money back and find this generous policy pays. Most druggists are now giving a pocket inhaler made from hard rubber with every complete treatment sold. This makes a very simple, easy and convenient as well as a thoroughly reliable means of treating by the best known method this dangerous and often disgusting disease.

and Thursday of this week he carried a total of 1,375 passengers. On week ends the traffic is heavier and from this count Mr. Lythebaum estimates that during the state fair and the Cherry fair there are days when more than 1,000 people are carried on the elevator.
On Tuesday 471 rode with him, Wednesday 379 and on Thursday 525, a daily average of 458 avoided the state house stairs. Of this number about one-third went through to the dome.

BOY KILLED HIMSELF

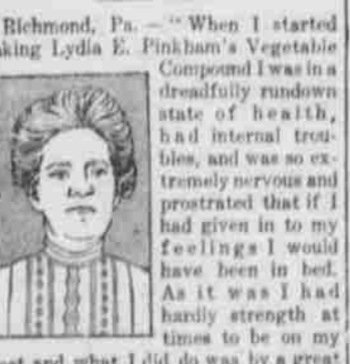

Mount Vernon, Wash., July 30.—Reported by his mother for quarreling with his younger sister, Charlie Baker, aged 12, ended his life here yesterday afternoon by blowing out his brain with a revolver. Leaving his mother the boy went upstairs where he found the weapon.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.
"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until I made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.
Women Have Been Telling Women
for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

State House Elevator Carries Many Passengers
Even during the dull months of the summer the state house elevator is kept busy, not only by the regular letter of the traffic but by stringers who wish to look over the city from the dome of the capitol building. In order to satisfy himself as to the number of passengers carried on the elevator, O. L. Lythebaum, the conductor, counted them for three days and was surprised to find that on Tuesday, Wednesday
