Reform School Boys Break Into Station

(Capital Journal Special Service.) Quinby, Ore., Aug. 11.—Gaining entrance to the Quinby depot by climbing over the trestle, three boys from the reform school secured \$1 in pennies and revenue stamps early Friday morning, and managed to get as far as Oregon City, where they were captured Saturday.

The families of J. C. McFarlane and G. G. Beckner attended the family reunion of the Sheriff and Drill families at Joseph Sarff's at Salem Heights last Sunday. There were 52 persons present, all related to the Sarffs. Tables were set in the grove and a bountiful dinner served.

The daily shipment from the peach orchard of Louis Lachmund, on Kaiser Bottom, is five hundred boxes. They are of the Freestone variety so much sought for canning, and are being sent to Portland over the Oregon Electric. There being no depot or agent at Claxton the orchardists and others making large shipments are forced to wait until the arrival of trains and then to their own loading upon the cars at considerable loss of time.

The family of Rev. Guy Stover, of Brooks, is spending a few weeks camping in Quinby park. The Professor Gilmore has just finished an outing there.

Mr. and Mrs. Frank Seck of Brownsville, Minn., were week-end guests of the J. C. McFarlanes.

R. H. Bone, an aged gentleman who suffered a broken nose by being thrown down by a Salem street car some weeks ago, is sufficiently improved to visit his daughter, Mrs. Lee McCormick, of this place.

Mr. and Mrs. Peterson, of Hayesville, were visitors Wednesday at the Harold home. Mr. Peterson is in very feeble health.

The Misses Amanda and Alvina Hahn have returned to Portland after a visit to their family here.

Ethel Jones, the little daughter of W. K. Jones, who had an arm broken by a fall from a horse last week while visiting at Rosedale, is improving nicely.

Willard Matthes is confined to his bed by an attack of grippe.

Mr. Worth, the aged father of Mrs. James O'Neil, enjoyed his first automobile ride last week when Miss Christine Harold, who owns a handsome Studebaker car, took him to Gervais and St. Paul. During the two months that Miss Harold has owned her car she has done a great deal of missionary work in taking the "shut-ins" driving through the country, having taken over 30 persons out who would otherwise never have had an opportunity of going beyond their own homes.

John Jones, of Leppere, a former resident of Quinby, is reported suffering from a fractured collarbone, sustained in an accident last week when Frank Lyniff drove his machine over the bridge railing at Salem.

Mrs. Lena LaPlante and two children of Wrens, Benton county, are visiting friends at Brooks.

G. W. Sturgis has sold his 28-acre farm near Brooks to George Ferrell for a consideration of \$3,000. The property is regarded as a bargain at this price, but Mr. Sturgis has concluded that he has found a place that beats the Willamette valley, where he lived 40 years before moving to Benton county last fall. On his last trip over from Wrens he started back with a cow which he intended to butcher, but on the way home traded it for five fine heifer calves.

Mrs. John Jones is ill in a Salem hospital.

Roy Sturgis has sold his restaurant in eastern Oregon and returned to Brooks, on account of ill health.

Mrs. G. S. McMunn visited Monday at the home of E. A. Matthes at Claxton, where two of her grandchildren, Margaret and Augusta Matthes, have the whooping cough. There is much sickness in the country but no fatalities reported.

Miss Grace Lick, who taught several terms of school successfully in the vicinity of Quinby, has accepted a school at Aurora.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back-ache or Bladder Bothers—Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts, from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

AIRMEN ARE WARNED. Olympia, Wash., Aug. 11.—American airmen are again warned, through the governor's office here, not to cross the Canadian border, as an order of the Canadian council issued September 17, 1914, strictly forbids foreign aeroplanes within the dominion.

"Danger of regrettable incidents" is mentioned to Governor Lister, sent by Secretary of State Lansing calling attention to this order.

It is alleged in the complaint that defendants, Jacobs and wife, gave a promissory note to the plaintiffs in the sum of \$2,650, the interest on which amounted to \$45.05, to be paid monthly. This alleged note was secured by a mortgage on lots 5, 6, 9 and 10 in Riverview park addition to Salem. Knight and others for a road through the property of George B. Hovenden to connect the town of Hubbard with the Boone's ferry road. The county court continued the matter until 11 o'clock, August 24, at which time the questions involved will again be heard. In his claim for damages George B. Hovenden states that he is the owner of 1300 acres of land north and west of Hubbard and that the viewers allowed him but \$625 damages for the road through his property. He claims that he is damaged in the sum of \$10,000 or more. Interstate Decision Affects Stock Market

(Copyright 1915 by the New York Evening Post.)

New York, Aug. 11.—The decision of the interstate commerce commission concerning the western freight rates was the governing influence in the stock market today. Before the details of the decision were announced there were sharp advances in most of the railroad stocks. Then with the news that the commission had declined to grant as much as asked for, there followed a period of hesitation. General selling thereafter led to important recessions. The movement was natural in view of the gains on Monday and Tuesday.

Some issues held strong but the market in general showed a great deal of unsettlement later, the feature being the heavy liquidation of some of the war stocks.

The selling of creosole, which was weak most of the day, caused concern. After the reaction there were frequent rallies but the shares moved erratically much of the time.

Industrials were less active and railroads declined when the selling was at its height. Selling was renewed during the last hour, when many of the more active stocks declined to the day's lowest levels.
