

Why's "Gets-It" for Corns, Like a Kiss?

Because Everybody Tries It. Everybody Likes It. It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-pestered world. Millions say so, because millions have used it. That's what makes it the biggest selling

"Never in My Life Saw Anything Act So Quickly and Magically as 'Gets-It'!"

corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of—take it right off "clean as a whistle." Apply it in 2 seconds, put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and scissors, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts.

"Gets-It" is sold at all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

CHINESE STUDENTS COME.

San Francisco, Aug. 30.—Arriving here today on the steamship Persia were 49 Chinese students who will be placed in 19 different American universities and colleges. Thirty-nine of the students are proteges of the Chinese government.

IT'S GREAT FOR BALKY BOWELS AND STOMACHS

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of May's Wonderful Remedy—one dose will convince you. This is the medicine so many of our local people have been taking with surprising results. The most thorough system cleanser ever sold. May's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

LIBERTY BELL GOES EAST

Philadelphia, Aug. 30.—The Liberty bell will start home from the Panama Pacific exposition November 11, the chairman of the councilmanic arrangement committee announced this afternoon.

The bell will start for Philadelphia via San Diego where it will remain two days at the exposition there. Then it will start east.

HOW TO LOSE YOUR TAN. FRECKLES OR WRINKLES

A day's motoring, an afternoon on the tennis ground or golf links, a sun-bath on the beach or exposure on a sea trip, often brings on a deep tan or vivid crimson or, more perplexing still, a vigorous crop of freckles. A very necessary thing then is a meliorizer wax, which removes tan, redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce of meliorizer wax at your druggist's and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Wrinkles, so apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered saxolite, 1 oz., dissolved in witch hazel, 1-2 pint. This is not only a valuable astringent, but has a beneficial tonic effect also.

SHIPS IN DEMAND.

Portland, Ore., Aug. 31.—The demand for ships on the part of the European belligerents is indicated today by the receipt of a cable from Italy asking if the steamer Kansas City is for sale and at what price. The cable was addressed to the Portland and Asiatic line. However, the Kansas City is no longer owned by the Portland and Asiatic line, having been sold to the Union Iron Works of San Francisco some time ago.

THE MARKETS

Wheat is dragging at 75 cents, with but few buyers. Portland prices are off from 2 to 3 cents on all kinds of wheat. With the enormous crop throughout the country, the foreign demand almost at a standstill and freights higher than ever before, the market is naturally depressed. Oats are dull, with the highest quotations at 32 cents. Canned No. 1 eggs are bringing 23 cents, and grocers are paying 22 and 23 cents in cash and 25 cents in trade.

Table with 2 columns: Commodity and Price. Includes Hay, Timothy, Oats, Vetch, Wheat, New crop, Rolled barley, Corn, Cracked corn, Bran, Shorts, per ton.

TELEGRAPHIC BRIEFS.

Portland, Ore., Aug. 31.—Frank Nau, a well known druggist of Portland, is dead today from uraemic poisoning. Nau died in a local hospital a few minutes after his arrival from San Francisco, where he visited the exposition.

Monrovia, Cal., Aug. 31.—Not at all dismayed by the failure of the other "double jitney" auto licenses, L. O. Black announced today that he will start a third 10-cent auto bus line immediately.

Los Angeles, Cal., Aug. 31.—Former Governor John M. Slaton of Georgia and Mrs. Slaton visited moving picture ranches along the coast today. While visiting Universal City yesterday Slaton operated the camera himself.

Berkeley, Cal., Aug. 31.—The first country employing women as soldiers will probably win the European war, is the opinion of T. T. Watterman, professor of anthropology at the University of California.

San Francisco, Aug. 31.—A lumber company of Mendocino county has received orders from the state to build a tunnel through the solid rock of Greenwood creek so fish may travel in comfort.

San Francisco, Aug. 31.—A celebration unique in the Occident marked the exposition today. Preceded by a parade consisting of 200 decorated automobiles and 50 decorated floats of quaint design, Japanese kite flying and "kite fighting" contests were held. Picturesque Japanese daylight fireworks were displayed, and exhibitions of Japanese games and pastimes, including wrestling, were given.

WELCOME PROMISED BRYAN IN BERLIN

Press of German Capital Hears That Great Commoner Will Visit Them

London, Aug. 31.—The Berlin press has heard that William J. Bryan is coming to Berlin and "promises a reception worthy of the cause he so eloquently advocates," according to a dispatch from the Amsterdam correspondent of the Exchange Telegraph company today. Continuing, the Amsterdam correspondent says: "The German government considers the Arabic incident closed and has declared its willingness to blame the commander of the submarine which attacked the steamer. There is considerable bitterness in militarist circles because of Chancellor Von Bethmann-Holweg's so-called weakness toward the United States and consequently some ill-feeling toward America."

Winona Lake, Ind., Aug. 31.—"I have no intention of going to Europe," said former Secretary of State Bryan here today. "I plan addresses only in this country. There is absolutely nothing to the Berlin report."

Elihu Root Shys Hat Into Political Ring

Albany, N. Y., Aug. 31.—Political sharps today say in a powerful speech delivered by Elihu Root before the Constitutional convention in support of the short ballot, the virtual shying of his hat into the Republican presidential ring. Root's speech was regarded as one of the greatest efforts of his career. He displayed a strong progressive viewpoint in returning the government into the hands of the people and bitterly attacked the system which has made possible the existence of "invisible government" through political bosses. In support of the proposal for the short ballot, Root said: "We can take this one step toward not robbing the people of their part in government, but toward robbing an irresponsible autocracy of its indefensible and undemocratic control of government, and restoring it to the people to be exercised by men of their choice and their control."

Root left his place as chairman of the convention to take the floor and deliver his speech. He made no reference to aspirations for the presidential nomination, but some regarded Root as putting himself on record with such progressive views as many believe the man chosen by the republicans must have drawn back into the republican ranks.

Threats Hold Moslems On Fighting Line

San Francisco, Aug. 31.—Threats of death if they retreat or are taken prisoners are holding the Turks firm in their lines at the Dardanelles, according to a communication received from the battle lines in that region today. The letter is signed by Joseph Bengalis, a Maltese soldier, and is addressed to his cousin, Charles Mintrud, of this city. "A handful of German officers have hundreds of thousands of Turkish soldiers so terrified that they will do anything," said Bengalis. "From the necks of Turkish prisoners we have taken 'death scrolls.' Each Moslem soldier is supplied with one. He is forced to read it every morning. 'The scroll tells the soldier that if he retreats his officer is waiting with a gun and that if he surrenders the enemy will shoot him. It consigns him to everlasting torment if he stops fighting. 'The waste of Turkish life is terrific.'"

Taft Advocates One Term of Seven Years

Berkeley, Cal., Aug. 31.—Former President William H. Taft's advocacy of a seven year term for presidents and ineligibility for re-election after that period was widely discussed today by persons who heard him present this idea as the only means of eliminating the lost efficiency of the present system. He also urged the budget method of making appropriations by congress. "The last year of the term of office of any president is necessarily one of decreased efficiency under our present system," said Professor Taft. "This is in part due not so much to a desire of the incumbent to be re-elected as to the desire of those whose political life depends on his, to have the administration succeed itself."

Two Students Drown In Willamette River

Portland, Ore., Aug. 31.—Another warning against going swimming while overheated was issued by the city authorities today as the result of the drowning in the lower Willamette river late yesterday of Alvin Hawkins and Walter Nelson, two Jefferson high school students.

Hawkins attempted a long swim after playing tennis for several hours. He was taken with cramps. Nelson and Ceo Dunn, aged 20, went to Hawkins' rescue. Both were caught in Hawkins' death grip and sank with him. Dunn succeeded in breaking away and saving himself, but the other two boys perished. Hawkins was a brother of Martin Hawkins, the well known amateur athlete.

Ohio State Journal: Illinois leads and other states will follow, and one of these days a poor widow with three children will get as much for certain work as a gay young chap, with only his cigarette, pool and vaudeville expenses to pay. One of these days the discrimination will be routed from private as well as public employment.

No Carnegie Medals For Salem Heroes

At the time Miss Maud Smith, of Lebanon, and Miss Dorothy Ranch were drowned in the Willamette river, July 4, those who witnessed the efforts of Edward Wheeler, George E. Manning and John D. Tait to rescue the young ladies were of the opinion that the men should receive some recognition for their bravery. The Carnegie hero fund applies to acts in which conclusive evidence may be obtained showing that the persons performing the act, voluntarily risked his own life in saving, or attempting to save, the life of a fellow-being. "While the acts of Messrs. Wheeler, Manning and Tait are commendable, from the facts at hand it does not appear that they were attended by any extraordinary risk of their own lives; and for this reason, their cases, I regret to say, do not come within the scope of the fund."

Alfalfa Needs Sulphur As Best Fertilizer

Sacramento, Cal., Aug. 31.—Alfalfa is hungry for sulphur. By using it as a fertilizer it will increase the yield 100 per cent, not to say 500 per cent, according to Professor F. C. Reimer, of the southern Oregon experiment station, in a statement today. Reimer says he made the discovery after four years of experimenting. In order to increase the yield 100 per cent, 300 pounds of sulphur analyzing about 98 per cent sulphur, or 300 to 500 pounds gypsum, or the same amount of iron sulphate or superphosphates is used. Dr. A. J. Cook, state horticultural commissioner, said Reimer's discovery is exceedingly valuable.

Want General Goethals For Portland Manager

Portland, Ore., Aug. 31.—There was a great deal of speculation in Portland today as to whether Major General George W. Goethals, builder of the Panama canal, could be induced to accept the managership of Portland.

The proposition of a managerial form of government has not yet been submitted to the voters, but it was believed that if General Goethals gave the slightest indication that he is in a receptive mood the movement would be given a great impetus. General Goethals has not yet been approached on the subject, by S. Benson, who is fathering the movement in order to do so some time today.

General Goethals spoke for five minutes at a luncheon of the Portland Rotary club this noon and shortly afterward spoke at a chamber of commerce luncheon. General Goethals, his wife and son are in Portland en route to the San Francisco exposition. They will leave for the south either Wednesday evening or Thursday morning, if present plans are carried out.

Exposition Book In Public Library

Three books of especial interest have lately been placed in circulation by the Salem Public Library. "The Jewel City," written by Ben Macomber is of special interest, not only to those who have attended the Panama-Pacific exposition, but to those who would like to read upon art, sculpture and in fact everything about the exposition before going.

As so many have toured the state of California, the history of the state will be of greater interest the coming winter. One of the 174 books in the library is Norton's "California," a history written with human interest throughout. Another book on the state that is historical, yet more in the narrative form is the one recently written by Gertrude Atherton, entitled, "An Intimate History."

Service Will Be Started To Oriental Ports

San Francisco, Aug. 31.—Service between San Francisco and Chinese ports will soon be started by a Chinese steamship company which has been organized with a capital of \$5,000,000, according to V. K. Wellington Koo, Chinese minister to Mexico, here today. Minister Koo arrived today on the Pacific Mail steamer Persia. He said the new company was now negotiating for the purchase of several steamers. Koo was counselor of the Chinese foreign office for three years and was English secretary to President Yuan Shi Kai before being appointed minister to Mexico.

Ohio State Journal: The feminine devotion to the crochet needle, though inappreciable to men, ought to make them happy, seeing it makes the women happy.

JAIL FOR NYMPHS.

Helmetta, N. J., Aug. 31.—This town may have the first jail in the world built solely to confine beauty unadorned. Every male in Helmetta has applied for the job as turnkey. Marshal Jim Deming wants the job. He has been unable to prevent the invasion of Helmetta's quiet streets by bathing nymphs in one-piece suits from a neighboring "physical culture camp," because he has no place to lock 'em up. His wife won't let him bring them home.

THE MAUD ALLAN DANCES

"The Rug Maker's Daughter" shows exceptionally well how one of the celebrated Maud Allan dances is to be distinguished from those of any other dancers in the world. Her dancing is not technique, but inspiration. Not "steps"—but the throes of a body in a state of exaltation. Not "routine"—but the actual, genuine ecstasy of an elegant Nairid with

MRS. SEACH DIES.

Seattle, Wash., Aug. 31.—Mrs. Frances Seach, of Seattle, died in a hospital at Sultan early today from a fractured skull received in a Sunday automobile accident in which Captain Robert Turner, federal steamship boiler inspector, was instantly killed. Miss Hattie Adams, another member of the party, is near death. Mrs. Turner recovered.
