B. K. Knapp, trustee, today filed a suit against W. E. Mallory, Rose E. Mallory, Ida M. Mallory and Mary M. Muff, in the circuit court of this county. The plaintiff alleges that W. E. Mallory filed a petition for bankruptcy early in this year but before doing so conveyed an undivided one-half interest of 139.99 acres of land in this county to Rose E. Mallory, his wife. The plaintiff further alleges that W. E. Mallory on October 14, 1914, conveyed to Ida M. Mallory an undivided three-tenths interest in the property above and an undivided two-tenths interest in the same property to Mary M. Muff. He alleges that this was done to evade the provisions of the bankruptcy law and that he as trustee desired to have the property over to the creditors of W. E. Mallory. It is stated that the farm is worth \$20,000 and that it is encumbered with a mortgage of \$11,000. John W. Reynolds and Herbert B. Dewart are attorneys for the plaintiff.

The couple were married in Newberg, Yamhill county, in 1908. She alleges that at the time of their marriage she had property in Indiana worth \$1200 and that she persuaded her to sell it and that the money was spent. Mrs. Shively is attorney for the plaintiff.

Carl Pansko and Alex Pansko yesterday filed a suit in the circuit court against Ernest Natterger, alleging that the defendant's swine rooted up their potato crop before potato-digging time and did not save the crop. It is stated in the complaint that the plaintiffs issued a piece in ground from the defendant's land in a potato crop on the defendant's land near Parkersville. They state that the defendant failed to provide any protection for their crop against his swine and as a result they were damaged in the sum of \$250. W. C. Winslow is attorney for the plaintiffs.

# DO YOU FEEL HEADACHY? LOOK TO YOUR STOMACH

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way Daniel J. Fry, the popular druggist, is selling Mio-na, the standard dyspepsia remedy.

Never before has he had so large a number of customers tell him that a medicine has been successful as with Mio-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. Mio-na can always be relied upon. The percentage of cures is so great that there is little risk to Daniel J. Fry in guaranteeing to return the money if the medicine does not relieve. And he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling, poor sleep, ringing in the ears and all forms of liver trouble are helped by Mio-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly.

These days are the best in the whole year for the enjoyment of good health, and Mio-na will put you in such perfect condition that you can enjoy every minute of them.

Mrs. John Glover was surprised in her tent at the Lively hop yard yesterday about 10:30 by five men, who bound her hands with a stout gagged her and robbed her of \$3 or \$4 in money and some jewelry. Three of the men had guns, which they pointed at her head, and commanded her to do as they said. She did not resist, but she did not give the alarm, but the robbers escaped.

The sheriff's office was notified at 1 o'clock and Sheriff Esh hastened to the scene of the crime, but could find no clue to the robbers as Mrs. Glover made no description of the men. She could not tell their physical characteristics, ages or size, though she noted that three of them wore dark clothes.

# DEMAND STERLING ADVANCES

New York, Sept. 2.—Recovering somewhat from the slump which carried it down to an unprecedented figure, demand sterling was today bid up to \$4.60, an advance of 4 3/4 cents since yesterday.

The situation was regarded as partially reassuring, but sterling fluctuated throughout the day and held the center of all financial interest. One explanation for the quick changes in prices and the uncertainty was that a number of speculators had been caught short yesterday and were now being squared.

Rumors were circulated on Wall Street that influential bankers, acting for British interests, were ready to support the market in case of a violent break.

# GREAT DAMAGE RESULTS FROM CYCLONE WHICH SWEEP NORTHWESTERN MANITOBA

Winnipeg, Sept. 2.—Great damage was done by a cyclone which swept Central and Northwestern Manitoba early today. The storm raged over a section from Minnesota and Manitoba to Illinois and Missouri.

Fields were swept bare of hay and grain. Houses were blown over and barns and cattle lined or driven into forest fires where they perished. The Grand Trunk Pacific bridge at Uau was blown away and a train went through the wrecked structure. The engineer was killed.

Wires are down and only meagre information has been received.

The Grand Trunk Pacific offices, on information from their Melville operators this afternoon denied that the bridge at Uau was out.

Reports reaching here this afternoon indicate that no lives were lost in the cyclone. It is estimated, however, that 70 per cent of the crops over a fifteen mile stretch of territory were destroyed.
