

YOU can't make a man out of a boy by puttin' him on stilts. An' no process will ever make tobacco mature. You got to let Nature do it her own way.

HOW do you suppose the "bite" gets into a tobacco leaf? Nature, of course.

How do you suppose the bite can be taken out? Nature, of course.

Nature's way—slow, careful ageing—is the way. That's why VELVET ages for not less than two years. Huge wooden casks protect the leaf. Out comes the natural harshness, commonly called "bite." In stays the natural flavor and aroma.

And VELVET starts right by being the pick of the Burley crop—considered unequalled tobacco for the pipe.

What are you smoking?

THE WOLF

When the man is in his cradle and the guddamn in his bed, And I cover up the embers on the hearth, And the frost creeps in upon us, with its silent, stealthy tread, And the snow has hid the bare, brown face of earth—

PUTS DALLAS ON THE MAP

(Folk County Observer.) The Angora Journal, published at Falvey, Texas, has the following about one of Polk county's goat raisers: "U. S. Grant is the first president of the association and held that office continuously up to the meeting at Albuquerque in 1914, when he was succeeded by A. B. Collins. Mr. Grant lives at Dallas, Oregon, and it is said that he was the means of placing Dallas on the map. He was one of the first to achieve distinction as a breeder of high-class Angora goats. 'Grant Goats' are known wherever Angoras are known. He has produced some of the most noted bucks ever produced in this country. Grant is considered steady, conservative and possessed of considerable sound judgment, tact and diplomacy."

STEAMSHIP COMPANY FINED

Juneau, Alaska, Sept. 8.—Because the steamship Princess Sophia carried two Americans, Mr. and Mrs. H. L. Fowler, between two American ports in violation of the American admiralty laws, the Canadian Pacific Steamship company has been fined \$400 by Collector of Customs Pugh. The couple boarded the vessel here and disembarked at Ketchikan.

Astoria People Killed In Accident Were In This City Last Week

A. Y. Anderson, his wife and mother, Mrs. Margaret Anderson, and Aaron Anderson, a cousin, who were killed yesterday afternoon in California in an auto accident were visitors in Salem a week ago yesterday and were shown through the state house by Fred G. Buchtel, deputy state senator of weights and measures. A. Y. Anderson was deputy collector of customs at Astoria Buchtel. When the party came through Salem they stopped for a short visit with Mr. Buchtel and were shown through the state house and the other state buildings by him. Mr. Anderson was on his honeymoon with his young wife and were making an auto trip to the exposition at San Francisco when their engine died on the track in front of the approaching train and all of the occupants of the car were instantly killed. The news dispatch states that the driver of the auto reached the track before he heard the train and in an effort to reverse and back off of the track, killed his engine.

YES, ONE OR THE OTHER

St. Paul, Minn., Sept. 8.—There are either some excellent crops or some excellent hars throughout the Northwest. Among the recent things Northwest newspaper correspondents have reported are: Watertown, S. D.—Chased by a bull, John Davis sought safety in the upper reaches of a corn stalk. Huron, S. D.—Hens are laying, because crops are growing so fast they make a buzzing noise that keeps hens awake. Hettinger, N. D.—The oats crop is so large that when Olaf Olson attempted to put a bushel of oats into a bushel measure, much was left over. Breckenridge, Minn.—No, I hard wheat is so hard that a sledge, being used to crack a kernel, on a sidewalk, glanced and went through a plate glass window across the street. Churches Ferry, N. D.—Business men are using kernels of wheat for paper weights, "Banner Crop, 1915," being engraved on each kernel.

CHAMPION INCUBATORS

San Francisco, Sept. 8.—The Golden Gate park courts stands out today as the incubator of the country's champions. W. M. Johnston, who won the national title yesterday by defeating Maurice McLoughlin played his first tennis on the Golden Gate courts. McLoughlin is also a graduate from the junior tennis club which holds forth on these courts while Clarence Griffin, John Strachan, Dr. Mel Long and numerous other players who have attracted country-wide attention learned their first tennis in Golden Gate park.

KING ALPHONSO'S VIEW

Paris, Sept. 8.—King Alfonso of Spain, expressed the belief, in an interview here today, after the war, the nations instead of disarming, will arm more than ever. He expressed regret that the war had necessitated postponement of his proposed visit to America.

Freddie Welsh Would Fight Any of the Aspiring Champs

San Francisco, Sept. 8.—Freddie Welsh, lightweight champion who is in San Francisco on his "vacation," declared today that as soon as he has one or two ten round bouts and gets back his judgment, he wants a twenty round go with Charlie White, Willie Ritchie or Joe Madrid. Welsh said he was getting back his desire to fight. Freddie is undeniably in splendid shape. He has been resting upon the benches of southern California for two months, and is trim, so far as weight is concerned. Discussing a fight with Ritchie, Freddie said there is just one way he will meet the former champion, and that is by Ritchie making the same concessions to him that he made to Ritchie in their London bout.

Mr. Shaver is Building Beautiful Home With Many Original Ideas Carried Out The new residence which B. A. Shaver is putting up on the old Fred Bynon place at 714 North Cottage street, is in taste of design and in care shown in execution of the plans, of special credit to its owner and to the city. Mr. Shaver is a retired newspaper owner from Minnesota who has selected Salem as his home after thoroughly looking over other favorite residence places on the coast, such as the beach-cities of California. Two other Minnesota citizens, Mrs. J. T. Little and Mrs. C. J. Alexander, who have been visiting Mr. Shaver, have carried back glowing accounts of the beauties of Salem to the famous wheat state of the middle west. The house is in the art-craft semi-colonial style, the simplicity of the outside lines harmonizing with roominess and substantial character of the interior plan. The rooms have beam-ceilings and full paneled walls throughout. Between the rooms downstairs are sliding, beveled-glass doors. The finish is of grained fir and white enamel. Mr. Shaver has fortified against the cloudy season with especially designed lighting facilities. There are thirty-five windows in all, most of the room-having three or four each. The house is full-ventilated, the upstairs bed chambers to the extent that they are practically sleeping porches. The place will probably cost something over four thousand dollars before it is finished. The architecture was Purvine, Barr has the plumbing in charge. Mr. Pettit is the head carpenter, and Parlek is installing the warm-air furnace.

SALTS IF BACKACHE AND KIDNEY'S HURT Drink Lots of Water and Stop Eating Meat for a While If Your Bladder Troubles You. When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Women's Suffrage May Go into Constitution Albany, N. Y., Sept. 8.—Women's suffrage may be incorporated in the organic laws of the Empire state. The state constitutional convention will re-convene tomorrow night to give full approval to the completed document containing proposed amendments to the state constitution. If the suffrage proposal receives the people's approval at the polls in the fall, it will be made a portion of laws, under the draft of congress now ready for the committee's indorsement. "In general the draft is branded as 'radical but constructive.'" Among its proposals are: permission to the legislature to abolish sweatshops and prohibit manufacturing in dwelling houses; empowering the legislature to make sufferers from occupational diseases, beneficiaries under the workmen's compensation law, provision for home rule of cities and towns; provision for a conservation commission and constitutional amendment of existing public service commissions.

Mrs. Ida Sniffen Walters Gives Birth to Daughter New York, Sept. 8.—Mrs. Ida Sniffen Walters, alleged poisoner of two of her children during the time she was the "love wife" of Lory Elton Rogers, today gave birth to a daughter. Rogers married her a month ago, that the baby might bear his name, and clear the woman of the stigma of her relations with him. Since that time, she has been in seclusion. That the birth of the child will have a material bearing on the charges of murder against her was the belief here. It was predicted she will never go to trial, largely because of the difficulty of obtaining a verdict, not influenced by sympathy for her.

OREGON Theda Bara IN LADY AUDLEY'S SECRET THE VAMPIRE WOMAN IN A DIFFERENT ROLE SUNDAY AND MONDAY

SCENE FROM "THE MATING" 5-Act Mutual Masterpicture. MADE BY NEW YORK MOTION PICTURE CORPORATION

Demonstration Given Little Screen Star by Los Angeles Crowd. A splendid compliment was recently paid Bessie Barriscale, talented star of "The Mating," a five-part Mutual Masterpicture produced by the New York Motion Picture Corporation, by several hundred screen fans of Los Angeles, many of whom are personally known to her. Under the direction of Producer Thomas H. Ince, Miss Barriscale, garbed in the costume of a country girl, in which she is seen in "The Mating," was seated in an automobile

in one of the principal streets of Los Angeles, with a kitten snugly asleep in her arms. Some friend in the crowd, recognizing Miss Barriscale, despite her makeup, set up a cheer and immediately the entire crowd joined in. Miss Barriscale, blushing profusely, later stood up in the car and thanked the crowd in a pretty speech. At her request the men and women moved back from the car, and the scene for which she was posing was completed. "The Mating" will be shown at the Bligh Theater Tomorrow, Friday and Saturday.

Portland, Ore., Sept. 8.—Judge Stevenson's anti-booze club has another member today. He is Gus Johnson, who was charged with being a persistent inebriate. His ninety days sentence to jail and \$100 fine will insure him against temptation until the prohibition law takes effect January 1. Then Johnson, together with a half dozen other members of the club will step forth into a "dry" Oregon.
