CARRANZA REMOVES HIS BORDER GENERAL

General Elizondo Thought to Have Been Responsible For Trouble

Brownsville, Texas, Sept. 10.—General Elizondo, second in command of the Carranza forces at Matamoros, across the Rio Grande from here, will leave tomorrow for Mexico City, at General Carranza's direct order. His associates sought today to explain that he was to undergo an operation, but the real reason for his transfer was believed to center in recent Mexican raiding activities along the border.

Sacred Heart Academy

Under the direction of the Sisters of the Holy Names SALEM, OREGON BOARDING SCHOOL AND DAY SCHOOL

Most approved methods, Primary, Grammar and High School Departments, Complete Course in Harp, Piano, Voice Culture, Violin and Harmony. No interference with religion of pupils.

Modern Conveniences Domestic Comforts Scholastic year begins second Monday in September Address, SISTER SUPERIOR

in destroying ferries on which the Mexicans secretly crossed to this side. One Mexican officer has stated unofficially that Carranzistas would not fire across the river at American troops, but would attack Texas rangers and armed civilians who approached the river.

Danger of this, however, is reduced to a minimum as a result of the strong United States patrol guarding the river from its mouth 100 miles or more inland.

***** DO YOU FEEL HEADACHY? LOOK TO YOUR STOMACH *****

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way Daniel J. Fry, the popular druggist, is selling Mi-o-na, the standard dyspepsia remedy.

Never before has he had so large a number of customers tell him that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to Daniel J. Fry in guaranteeing to return the money if the medicine does not relieve. And he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling, poor sleep, ringing in the ears and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly. These days are the best in the whole year for the enjoyment of good health, and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.

How to Avoid Cancer Told by Oregon Doctors

Portland, Or., Sept. 10.—If you would avoid contracting cancer, you must observe the following "don'ts." Don't hold a pipe always in the same position in your mouth; you'll catch cancer of the lips if you do. Don't rasp your tongue over a roughened tooth; it invites cancer of the tongue. Don't eat your food hot. It irritates the stomach and tends to bring on cancer affection. These are some of the warnings sounded by the Oregon State Medical association, in session here today. Cancer was declared to be on the increase. However, in a paper on the subject, read by Dr. K. A. J. Mackenzie of Portland, it was asserted that the dread disease is curable if taken in its earliest stages and subjected to surgical treatment.

Portland Firm Lands State Plumbing Contract

The Appling-Griggs company, of Portland, has been awarded the contract for the heating and ventilating system for the new teacher's training school at Monmouth by the Monmouth normal school board. Their bid was \$7,249. Other bids were: T. M. Barr, of this city, \$7,718; Rushlight & Harter, Portland, \$8,297; McPherson company, \$8,244. J. C. English of Portland, was awarded the contract for light fixtures on a bid of \$485.50. J. M. Walsh bid \$755 and the Morrison Electric company bid \$764.25. On account of the low bids received on all of the work there will be nearly \$7,000 left for landscape work out of the amount appropriated for the new building.

Snook & Traver, of Salem, have the contract for the building and are now pushing the work to an early completion and the structure will be ready for occupancy about January 10.

***** WHY NOT HAVE CURLY, WAVY HAIR? *****

While abroad last year, a matron much envied for her youthful looks, generously confided to me several little beauty secrets which I prize highly. One of the best of these is that straight hair can be made wavy and curly overnight by merely applying a little liquid silmerine. Some peculiar attribute of this harmless fluid causes the hair to dry in the most exquisite curls and waves, having all the appearance of true naturalness.

My friends who have tried this are simply delighted. I find that pure liquid silmerine can be procured from any druggist here, and a few ounces will keep the hair in curl for several weeks. There's nothing gummy, greasy or messy about it; on the contrary, it is quite pleasant to me. I'm sure if you will try this tonight—apply with a clean tooth brush—a look in your mirror tomorrow morning will give you a most agreeable surprise.—Anita Amber's "Beauty Talks."

NEWSPAPERS REFUSE MONEY.

(Cottage Grove Sentinel.) A newspaper is about the only institution in a community that refuses cash business. Very few folks think of this, but it is so. What other business in a community refuses business from the liquor house, catalog house, or from the liquor house, or from some patent medicine concern, or from some specialist, or from some out-of-the-city merchant. Yet a newspaper is expected to refuse business from the people, usually does refuse it, and would refuse it whether expected to do so or not. The Sentinel has refused considerably advertising from out-of-town merchants. It will no longer do so, however, if some merchants in the same lines are not advertisers.

Founder of Yoga Cult Lashed by Judge Dykeman

Seattle, Wash., Sept. 10.—"Dr." Ralph M. DeBit, founder of Seattle's Yoga cult, was still wincing today from the verbal lashing administered him by Superior Judge King Dykeman, when the latter late yesterday decided the guardianship of little Areal Gerber in favor of neither Dr. Rudolph Gerber, the father, nor "Issa DeBit" Gerber, the mother.

Judge Dykeman placed the six-year-old girl, for whose custody the parents have been fighting for weeks, in the hands of the juvenile court, until one or the other of the parents proves worthy of protecting her.

The woman wept bitterly and promised to give up her relations with DeBit and the cult and endeavor to demonstrate her fitness for the guardianship of her child.

FRUITLAND NEWS

(Capital Journal Special Service.) Fruitland, Or., Sept. 10.—Mrs. Montgomery has sold her 54 acre ranch to Geo. W. Walters of East Salem. The price is about the \$6,700 mark. There was in the deal some exchange of property, the difference in money going to Mrs. Montgomery. Ted, the small son, I understand, will make a trip to South Dakota, probably to remain through the winter.

Arthur Shultz and Miss Reno Evans, two popular young people of the Bethel district, were united in marriage a few days ago. They are off now on a wedding trip but will be home to their friends soon. The young couple have the best wishes of this community, and a bright future and some other things await them.

A. I. Eoff, of Salem, finished picking his apples at Gear station Wednesday p. m. The crop was fair for this season.

L. Schultz, of Yeoman station, also finished picking Wednesday. Light crop.

H. C. and Bert Breesler have been transferred from the Livesley hop yard at Quincy where they have been hauling (not hauling, as the compositor got it last week) to the ranch south of Salem near Livesley station on the Portland and Eugene line. They have quite a long run.

"Uncle Billy," a man well up in years, deserves special mention as a hop picker. Wednesday at the A. I. Eoff yard his day's work weighed up 245 pounds. This is going some for a man having but one hand! It would hustle some men with two hands to do as well. He is uncle to Mr. Eoff.

Mr. Eoff and Mr. Mareband have had some clever lullied this week.

STAYTON LIGHT PLANT SOLD

Mrs. Dora B. Shreve sold her entire interest in the Stayton Electric Light company and the final papers were signed today transferring the plant to C. E. Taylor, who has had charge of it since September 1. Mr. Taylor will probably make a statement to the public in next week's issue.—Mail.

DEATH OF SPAULDING REGRETTED BY MANY

Pioneer Sporting Goods Magistrate Was Once Star Ball Player

San Diego, Cal., Sept. 10.—Messages of condolence from all parts of the United States arrived early today at the home of the late Albert Goodwill Spaulding, famous sporting goods magistrate and capitalist known as the "father of baseball," who died here of apoplexy last night.

Funeral services, which will be held tomorrow afternoon, will be private. Spaulding leaves a widow, Elizabeth Churchill Mayer Spaulding, a son, Keith Spaulding of Chicago, and an adopted son, Albert G. Spaulding, a violinist of national reputation. His mother is still living and resides in Orange, N. J. His only brother, J. Walter Spaulding, partner in the Spaulding sporting goods concern, is in New York.

About ten days ago, Spaulding suffered a slight paralytic stroke, but it was not thought serious. Last night he chatted with Mrs. Spaulding concerning plans for the future, and started to retire about 9:30. He complained of a pain in his head to his valet, and was suddenly stricken, passing away without regaining consciousness.

Spaulding was 65 years old. He was born in Bryant, Ill., September 2, 1850, his parents removing to Rockford, Ill., a few years later. Here Spaulding became interested in outdoor sports, taking up the game of baseball from a civil war soldier. He introduced it among the Rockford school boys and later organized the famous Forest City club of Rockford.

He made his first professional appearance with the Boston club, winning for that organization the championship pennant four years in succession, 1872-3-4-5. In 1876, Spaulding went to the White Stockings as manager and pitcher and again won the pennant, establishing a record that has never been equaled by any other professional league pitcher. During these five years he played almost daily, pitching in nearly every game.

He was identified with the national game for years, later founding the sporting goods house which bears his name. Spaulding came to San Diego in 1900. He was a candidate for the United States senate in 1910, being defeated in the California legislature by John D. Works. He has been interested in the good roads movement and was the head of a big realty corporation here.

Prominent Educators To Speak at Linn and Benton County Teachers' Institute

Programs have just been issued announcing the joint meeting of the annual teachers' institute for Benton and Linn counties, to be held in the new junior high school building at Albany September 13 to 15. It is expected that 400 teachers will be present. The following Oregon educators will address the general sessions: J. A. Churchill, state superintendent; Frank K. Wells, assistant state superintendent; W. J. Kerr, president Oregon Agricultural college; J. H. Ackerman, president Oregon normal school; E. D. Resoler and Edwin T. Reed, of the Oregon Agricultural college; Dr. De Bush, of the University of Oregon; M. S. Pittman and Thomas H. Gentle, of the Oregon normal school; and L. J. Harrington, industrial field worker for the state department of education.

Hour For Federal Suffrage Has Arrived

San Francisco, Sept. 10.—"The hour for federal suffrage has struck," will be the keynote of the convention of the Congressional Union for Woman Suffrage which will open a three day session here September 14. A group of women of world wide note will be among the speakers. Mrs. O. H. Belmont, famous New York society woman and suffragist left New York yesterday to attend the convention, accompanied by a large corps of secretaries. Among the other prominent women attending will be Madam Marie Montesori, Madam Ali Kuli Kalin, wife of the Persian ambassador to the United States; Miss Mahel Talliferro, actress; Miss B. M. Wilson, of Nevada; Mrs. Charles W. Kayser, of Illinois; and Miss Elsie Hill, of Connecticut. More than 1,000 delegates are expected from twelve western states which have equal suffrage laws.

Die From Exposure and Thirst On Desert

Calexico, Cal., Sept. 10.—A party of American hunters arriving from a trip to the Colorado desert reported today that they had seen seventeen bodies of men who died from thirst and exposure while trying to cross the wilderness from the Gulf of California to Mexicali. The Americans brought in three survivors. The survivors say 24 of their companions died in the desert. All were aliens, Chinese principally, who intended to walk to civilization after having been landed near the desert by a British merchantman.

STAYTON SCHOOL TEACHERS

The Stayton school will begin Monday, September 20. The last teacher has been hired, and the full corps of teachers are: W. C. Gauntt, principal and superintendent; Miss Tiffany, of All baby, assistant; D. C. Davis, of Corvallis, commercial; Clyde Hoffer, of Stayton, music, writing and drawing; Miss Crabtree, of Stayton, seventh and eighth grades; Miss Phillips, of Fern Ridge, fifth and sixth grades; Miss Hollister, of Salem, third and fourth grades; Mrs. Pratt, of Portland, first and second grades.—Mail.

Public Health Nurse Is Recommended For Cities

Rochester, N. Y., Sept. 10.—A Canadian physician, Dr. C. J. Hastings, of Toronto, suggested something new and interesting to the American Public Health association meeting here today. He suggested a public health nurse, who would earn her salary as Chinese physicians earn theirs, by keeping the public well. "The qualifications of a public health nurse," he said, "in addition to her training in a recognized school for the training of nurses, require that she must have a special training as a tuberculous nurse; as a child welfare nurse; as a school nurse; a training in hygiene and sanitation; a training in social service, which will equip her to be an efficient social service agent; and in fact, she must be the home-inquirer for the race from the prenatal state until it passes on to the next cycle of existence. Heretofore children have been neglected until they enter school—before which, often, irreparable damage has been done. "The knowledge of the sources of disease and the various ways and means by which it is transmitted from one person to another, has for years, for the most part, remained within the precincts of the university and laboratory. This knowledge must be democratized or translated into language that can be assimilated by the housewife in the humblest home and by the man on the street. This can undoubtedly best be accomplished by the public health nurse."

Arabic Explanation Is Not Satisfactory

(Continued from Page One.) without regard to party will endorse the prompt dismissal of Dr. Dumba. Submarine Not Seen. Liverpool, Sept. 10.—In view of the German claim in its note to the United States that the commander of the submarine which sank the Arabic concluded the vessel was about to ram and sink him, the White Star line today reiterated its declaration that the submarine was not seen, and hence that it was impossible the Arabic attempted to attack her.

Nature's Remedy
The most pleasant and agreeable EFFECTIVE laxative known.
Syrup of Figs
and Aromatic Syrup of Senna

To maintain a healthy system the bowels must be kept open and regular. This is one of Nature's wise provision which must not be ignored. Our formula has been in use for years and its efficiency has been thoroughly proven. Especially effective for the little ones, who enjoy its aromatic taste.
