Salem Militiamen Land In Sixth Place In State Shoot At Clackamas

The Company M rifle team returned to this city last night leaving Sergeant Mitchell and Corporal Kennon at the Clackamas rifle range to compete for a place on the rifle team which will go to the National rifle competition to be held at Jacksonville, Florida, October 7, 8 and 9. The first place in the state shoot was won by the Fourth company, Coast Artillery Corps, of Roseburg, Company M, of Salem, placed sixth in Class A with a total of 1,036 out of a possible 1,300, the winners scored 1,186. The Company M team scored higher than the naval militia rifle team and also higher than the creek rifle team from Troop A, of Portland.

On the shoot for the Butterfield trophy Sergeant Mitchell tied for second place with Wolford and Howard, of Portland, with a score of 93 per cent. On the shoot off of the tie Mitchell and Wolford tied again for third place and decided it by a flip of the coin. Mitchell lost on the coin. The members of the team were Sergeants Mitchell and Wymant, Corporal Kennon, and Private Hickox.

Are you tied to Home Washing?

Do you do your own Laundry Work because you think you cannot get it done the way you want it?

Let us prove to you that we can give you all the advantages of having your washing done at home with none of its disadvantages.

We wash each bundle separately and exercise the same scrupulous care as would your own laundress, or you yourself.

In addition you receive the benefit of our extensive equipment and improved methods.

We solicit your patronage.

Commercial Street at Court

Salem Poultryman Ships to Forest Grove

W. R. Baker, a Salem poultryman, has just shipped over 150 early pullets and choice yearling hens to F. S. Whitehouse, of Forest Grove, who is starting a commercial egg ranch. The yearling hens had passed through the molt and were about to begin laying again. Early pullets and early molting hens are the correct combination for fall and winter eggs; the kind of eggs so much desired and so hard to get.

Mr. Baker keeps the single comb White Leghorns. This is the breed and variety almost universally chosen for commercial egg farms because they are heavy layers and comparatively light feeders.

Chicago Post: In fighting in Armenia more non-combatants than soldiers have been killed. The innocent bystander is still getting it in the neck.

Fight For Recognition of Loganberry Juice

In its fight for recognition as a national beverage, loganberry juice is coming rapidly to the front, its greatest victory lately being in the announcement a few days ago that the Pennsylvania lines had decided to serve the juice on all its dining cars coming out of New York City and Philadelphia. This means the introduction of loganberry juice to fully one-half of the east-bound travelling public, and to a class of travellers from all parts of the country that will be of the greatest benefit to this industry. This announcement was made today by J. H. O'Neal of Portland, travelling passenger agent of the O. W. R. N. Ry. and is the outgrowth of a trip in the west made by Col. Sam Moody, passenger traffic manager of the Pennsylvania lines. Col. Moody experienced the joys of drinking loganberry juice while in Portland, and through the efforts of Ralph G. Moore of the Commercial club, and Mr. Jenkins, travelling traffic manager of the Southern Pacific, Col. Moody was presented with a case while passing through this city. The value of having loganberry juice on the hundreds of diners on the Pennsylvania system can hardly be over-estimated.

Prune Crop Short Says County Inspector

C. O. Constable, who has been traveling in all parts of the prune district lately, says that the crop will fall below the growers' estimate. The brown rot has been showing up to some extent lately, but most of the dryers are keeping up with the orchards and ahead of the brown rot. Trees are being well shaken and fruit gathered at once to avoid any possibility of the brown rot. Mr. Constable notes that in his inspection of the dryers, he has found but little brown rot coming in. In all the orchards, the picking is being done very carefully and assorted before taken to the dryers. The scab, which was caused by the May frosts, is found but little on the dried prunes, and where found, is carefully separated from the prime fruit.

The general opinion of growers in the county is that there will be harvested but one-third of a crop. In the district of Scotts Mills this will hold good, as well as in the prune districts around

Salem, Liberty and the Shaw district

The size is about the same as the 1914 crop and the sequestration matter will average but little more than the average. Prices in general are not very satisfactory, and the prune men are not expecting a high price, as this year there is practically no export business whatever.

SALOON VALUATION LOW.

Olympia, Wash., Sept. 13.—Saloon stock dropped from a valuation in this state, of \$987,269, in 1914 to \$521,555 in 1915, according to the abstract sheets of personal property assessments on file here from county assessors. Approach of prohibition time is attributed as the cause, saloonmen disposing of their stock as rapidly as possible.

At the Exposition

When you visit the Panama-Pacific Exposition, look for the Exhibit of New Perfection Oil Stoves and Heaters in the Palace of Manufactures. Let the Demonstrator show you how efficient a good oil stove really is.

New Perfection Oil Cook-Stove

For Best Results Use Pearl Oil

It has abundant heat—always ready like gas. It bakes, broils, roasts and toasts like a regular wood or coal range—but without dirt or ashes. No odor. Does not taint the food. Does not overheat the kitchen. Especially good for hot summer cooking. Made in several styles and sizes. Ask your dealer.

Volunteer Scientists Work On New Navy

Washington, Sept. 13.—The United States board of volunteer scientists and inventors, designed to increase the efficiency of the American navy, will start work October 6, with a session at the navy department here.

With the personnel completed, the department is ready to accept their ideas and to have them start making new inventions which will bring the navy up to a standard second to none in the world.

The board is headed by Thomas A. Edison.

KEEP THE KIDNEYS WELL

Health Is Worth Saving, and Some Salem People Know How to Save It.

Many Salem people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Salem citizen's recommendation:

W. C. Johnston, gardener, 1621 Mill street, Salem, says: "After several medicines had failed to help me, I used Doan's Kidney Pills and got great relief from kidney and bladder trouble. I still use Doan's Kidney Pills once in a while when a cold settles in my back and kidneys and the kidney secretions become disordered. I always get quick relief. You may continue publishing the endorsement I have given Doan's Kidney Pills before."

Price 50c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Johnston had. Foster-Milburn Co., Props., Buffalo, N. Y.
