Western Governors Will Hold Meeting In Portland at Water Power Congress

Governor Ernest Lister, of Washington, has reminded Governor Withycombe that at the conference of western governors, which convened in Seattle in May, it was arranged that an adjourned conference be held in Portland at the time of the water power congress, September 21-22-23. The official headquarters of the congress will be at the Multnomah hotel, where it is also being held the water power congress.

It is understood that the western governors probably plan little in the way of a formal meeting, but will participate chiefly in the water power congress, on whose program several of them will appear.

Governor Withycombe has today sent reminders of this adjourned conference to the following governors and ex-governors:

Hon. Hiram Johnson, governor of California; Hon. Moses Alexander, governor of Idaho; Hon. Emmet D. Boyle, governor of Nevada; Hon. Samuel V. Stewart, governor of Montana; Hon. John B. Kendrick, governor of Wyoming; Hon. Wm. C. McDonald, governor of New Mexico; Hon. F. M. Byrne, governor of South Dakota; Hon. Geo. A. Carlson, governor of Colorado; Hon. Wm. Spry, governor of Utah; Hon. George W. P. Hunt, governor of Arizona.

Ex-Governors: Hon. Oswald West, of Portland, Ore.; Hon. John M. Haines, Boise, Idaho; Hon. Tasker M. Oddie, Reno, Nevada; Hon. E. M. Ammons, governor of Colorado; Hon. James H. Hawley, Boise, Idaho.

Will Confer With S. P. Co. As To Land Grant

The last action of the land grant conference before final adjournment at 10:30 last night was to pass a motion by L. E. Bean of Eugene, that a committee be named to confer with the representatives of the Southern Pacific to evolve a plan to open the Oregon-California land grant to settlement without further litigation.

This was preceded by the adoption of a resolution to memorialize congress opposing any further increase of forest reserves in Oregon, and urging immediate sale of the railroad land grants according to the terms of the "settlement clause" in the original grant.

Definition of Settlers Asked.

Other provisions of the resolutions were that congress should enact laws defining and settling who shall be considered an actual settler and what shall be considered an actual settlement, and requiring the grantees under the act to perform the terms and conditions of the act, and sell and dispose of the lands according to the true intent and purpose of said acts to such actual settlers.

Should the legislation be granted it would enforce the original terms of the land grant. This policy was favored by Delegates Hewitt of Linn county, Dimmick of Clackamas, Cardwell of Douglas, and McNary of Marion, four of the five members composing a subcommittee of the committee on resolutions, while R. G. Calvert of Multnomah, dissented, standing in favor of asking a committee of congress to visit the lands and confer with a committee of the conference and representatives of the railroad company.

Stand Favored By Bean.

This stand was taken by Delegates L. N. Day of Multnomah, L. E. Bean of Lane, and others, and urged by E. P. Dunne, attorney, who represented the Southern Pacific. These delegates declared the resolution invited litigation and did not preclude speculation.

It was a struggle between these two elements into which the convention resolved itself before adjournment.

The subcommittee reported to the committee on resolutions which, after a sensational debate, reported the resolution to the conference, where it was passed.

Governor Heads Committee.

The committee to confer with representatives of the railroad, as provided in the motion, will be Governor Withycombe, Secretary of State O'Leary, State Treasurer Kay, W. I. Vawter, chairman of the land grant conference, and three members of the conference chosen by the chairman. They will be Delegates Bean of Lane county, Garland of Linn county and Spence of Clackamas county.

The conference adjourned to meet again at the call of the chairman for the purpose of considering and acting upon the report of the committee conference with the railroad representatives. Should satisfactory plans be evolved in this meeting the resolutions adopted tonight will be reconsidered.

The set of resolutions adopted by the conference follow in full:

Text of Resolution.

"Whereas, the people of the state of Oregon, by their representatives, duly assembled at Salem, Oregon, September 16 and 17, 1915, have been brought together by a common inspiration to consider the material welfare of Oregon made imperative by the resolution of the opinion of the supreme court of the United States in the case of the Oregon-California Railroad company et al vs. the United States, popularly known as the land grant case; and

"Whereas, in said case the supreme court has construed the acts of congress of the United States, approved July 25, 1866, as amended by the act approved June 25, 1868 and April 10, 1869, and the act of May 4, 1870, to be not only laws but enforceable and controlling government acts;

"Whereas, said acts contain conditions for sale of lands granted thereunder, requiring the said lands to be sold to actual settlers in quantities not greater than 160 acres and for sums not exceeding \$2.50 per acre, and

Obligation on Grantees.

"Whereas, the said conditions plainly imply an obligation upon the grantees in said grant to sell said lands to actual settlers who comply with the conditions of said grant and bring themselves within the conditions of said grant as actual settlers, and

"Whereas, the said conditions plain-

THE MARKETS

There is nothing new that can be said about the wheat and oat situation. There has been no change whatever for the past two weeks, when wheat struck the bottom notch of 70 cents a bushel. There is but little buying and no demand, although a few small lots have been sold this week at 70 cents.

The same may be said of the egg market, although in this case, there is a feeling that an advance is due early next week. Salem and Portland quotations remain the same.

COURT HOUSE NEWS

Circuit Judge Percy R. Kelly opened court in department number one of the circuit court this morning in this county to hear motions, demurrers and traverse all other court business that might be brought up at this time. The regular term of the circuit court begins October 4 and the grand jury meets one week earlier, September 27.

The county board of equalization, consisting of the county judge, two commissioners, county clerk and county assessor, will meet Monday to pass upon the petitions which have been presented and filed at the office of the county clerk. In all about 12 petitions will be presented before the office of the county clerk closes tonight. No oral petitions will be heard by the board and the taxpayer who considers his property is assessed at an excessive value must present his petition in writing before 6 o'clock tonight to have the matter acted upon by the board. There were about the same number of petitions presented last year to the board. The board will be in session for several days as their regular business is carried on during this time and the board is not in session continuously.

A suit for divorce has been filed in the circuit court by Naturah Zoe Campbell against Charles Gilbert Campbell. There were married in Salem in 1911 and have resided here ever since. The plaintiff alleges cruel and inhuman treatment, stating that her husband has developed a violent temper and at one time he broke up some furniture and threw down the family shot gun. She asks for a decree of absolute divorce and the right to resume her maiden name of Naturah Zoe Hinkle. There are no children or property rights to consider. Carey F. Martin is attorney for the plaintiff.

John Hofner, Jr., a farmer of Stayton, secured a marriage license at the office of the county clerk to wed Miss Lizzie Cremer, also of Stayton.

The will of Henry L. Woolery, deceased, has been admitted to probate by an order of County Judge Bushby. The estate consists of personal property to the value of \$200 and real estate valued at \$2000. The heirs are Josie Parker, a daughter, residing at Parkersville; Walter Woolery, a son; Hen-

Detroit Electric
 \$1975 to \$2275

—a real automobile

—no more like the electric car of a few years ago than the Mauretania is like Fulton's steamboat. Each passing year has marked a far advance in electric car construction.

The Detroit Electric of 1916 is a modern, powerful automobile in every sense of the word. It is a car with all the speed you really need. It is a car with battery capacity which guarantees you greater mileage without recharging than you ordinarily use in a day's motoring. It is a car with plenty of power to climb hills and pull through heavy roads. Yet—even while the Detroit Electric has steadily advanced in value—the price has steadily declined through the economies of greater production.

Would Reorganize Polk County Pioneers

(Capital Journal Special Service.)
 Dallas, Ore., Sept. 17.—An attempt will be made on next Thursday, September 23, the second day of the Polk county fair, to re-organize the Polk County Pioneer association. People interested in this movement should not fail to attend as a large attendance is desired on this day. The morning will be taken up by speeches by orators of local note and in the afternoon the work of perfecting the organization will be held.

Independence Man Crazy.

A man giving his name as Charles A. Palmer was brought over from Independence Thursday afternoon by Deputy Sheriff Veatch and lodged in the county jail on an insanity charge. A hearing was had before Judge John B. Teal and the man was committed to the state insane asylum. Attendants from that institution coming over after him in the latter part of the afternoon.

School Opens Monday.

The Dallas public schools will open for the 1915-16 term next Monday after a vacation of three months. There will be but few changes in the list of teachers for this year, only two new ones being added to the number. Miss Gertrude Fallow, a Normal school graduate, who formerly taught school in this city, will have charge of the 3-A, the grade taught last year by Miss Marie Mitchell. Miss Beza C. Owen is the new instructor in the high school.

Polk County Sued.

The Portland Trust & Savings company has brought suit against the county court for the sum of \$1,050, the claim being made that the court in putting a road through their property damaged
