#### OREGON HORSE WINS.

Columbus, O., Sept. 23.—Out of 17 heats of competitive grand circuit racing yesterday afternoon there was a poor time average and few close finishes. The first division of the 2:15 trot went to Roy Miller, second choice; Rose D., an Indiana half-miler, was back in the first heat of the second division, but she easily showed the way home in each of the next three miles.

General Todd, the champion three-year-old pacing colt, won the horse review futurity in straight heats, but was crowded in the second one by Miss Harris M. so that he came within half a second of the record. After the race it was announced that Stanton Fletcher had purchased Miss Harris M. from Eugene Mettler.

(Since 1905 not a Hotel Hartman stake for 2:12 pacers has been raced in such slow time as that made today by Hal Boy, the great Oregon pacer. The third heat was best and it was 2:07. The winner was the favorite, Judge Ormond, well backed, failed to get up the speed needed to force Hal Boy out.

#### TRACK AND FIELD MEET.

San Francisco, Sept. 23.—The annual fall track and field meet of the Pacific association Saturday afternoon on the Panama-Pacific athletic field promises to bring out some of the closest contests seen here this year.

With the past performances of Athletes in the bay district as a criterion many predict the race for first honors will be between Stanford's track and field men and the Olympic club contingent, winner of last year's meet.

Both teams are bristling with high class men. The Olympic club representatives appear to be stronger than last year's team. California also has a team entered.

#### Watching the Scoreboard

The Angels scored in an abandoned manner at San Francisco, having no mercy whatever upon the Oaks.

Oakland made some of the prettiest errors ever seen on the coast.

And all that after getting away to a grand start and making the seraphs believe they were due for another castigation.

Salt Lake defeated Vernon, Quinal of the Bees making three hits.

The Seals nosed out the Beavers, 4 to 3.

The Red Sox found Cleveland easy and snatched two.

The Yanks fell twice St. Louis bringing in the sheaves.

Washington blanked the White Sox. M. Birdie's triple gave the Senators one run, and Shank's fluke double netted fair record.

The Giants beat the Cubs when Lavender got wild in the third.

Coeur of the Pirates contributed a wild pitch with the bases full in the first inning, first game, and Brooklyn won. The Pirates rallied and capped game number two.

Seattle Post Intelligence: Still, there is some doubt about the ear's capability as a pinch-hitter.

# FIREWORKS Tuesday Night

## STATE FAIR GROUNDS

COME EARLY

### MUNTER FLIES TWICE DAILY

#### SPORT BRIEFS BY WIRE.

Cambridge, Mass., Sept. 23.—Robert F. Herrick of Boston has been placed in full charge of rowing at Harvard university, it became known today. He succeeds James Wray, who coached the Crimson oarsmen eleven years.

San Francisco, Sept. 23.—The New York Americans draft for "Ping" Bodie Seal outfielder, has been cancelled, it became known today. Bodie expressed a desire to remain in the Coast league. The Yank management declined to take him against his wish.

Boston, Mass., Sept. 22.—The Red Sox will use Braves field, the National league club home, for their world's series games next month if they win the American league pennant.

President Gaffner's offer of the use of the park was accepted.

#### Searching For Foreman of Subway Blasting

New York, Sept. 23.—While authorities searched for the foreman of the Seventh avenue subway blasting work, investigation was under way today to determine responsibility for the cave-in which cost six lives yesterday when street car passengers and pedestrians were plunged into the pit.

The foreman disappeared shortly after the blast was set off which crumbled the pavement and toppled over several hundred people. That he could throw considerable light on the situation was the belief of investigators.

Many persons were still in hospitals today suffering from the shock and injuries.

#### Hotel Guests Hold Pajama Parade When Gas Stove Explodes

The guests at the Capital Hotel were aroused by a loud explosion yesterday morning at 6:30 and thinking of a probable Zeppelin attack tumbled out of bed and the halls were soon populated with the guests in their nocturnal negligees. The cause of the explosion was a leak in a gas pipe and when Mrs. P. W. Borneman, the wife of the proprietor of the hotel, started to light the gas heater, the room full of gas exploded with a crash that shook the building.

The fire doors at the end of the room near the stove were blown off and dropped down on the building below and Mrs. Borneman's hands were badly bruised and shattered by pieces of broken glass. It was thought that one of the doors might have hit her on the wrist but no bones were broken. Today she is reported as resting easily with no serious consequences expected.

Pieces of plaster were blown off 40 feet from the stove but no one was hurt except Mrs. Borneman.

#### WHAT THE HELENA NEWS SAYS.

About Padden & Reed, Black and White Face Comedians Appearing at Wexford Thur., Fri. and Sat.

Padden & Reed, black and white fun skill proved one of the best acts shown on the Liberty stage since the new theatre inaugurated, exonerate in Helena this summer. They brought down the house last evening on their initial performance in the city. Encores were repeated for this clever pair in greater profusion than any double act that has appeared at the Liberty.

#### County Laws Road Paving at 67 Cents

(Continued from Page One.)

as the testing plant, the 2x4 inch headers for the sides of the paved areas, and the long hauls and small pieces of work have increased the expenses this year and with the elimination of the 12 cent royalty for the rent of the plant the county court considers that it has discovered a hard surface road at a small cost which gives every promise of standing the test of time as well as the paving with its peevish registered in the U. S. patent office. The total cost this year was further increased by the fact that the paving on the court house drives was laid four inches thick as was about one-third of the paving laid inside the fair grounds for the state.

That the paving has met with the approval of the residents of the road districts is indicated by the fact that the Gervais district No. 7 and No. 19 also wish to vote a special tax for next year to improve certain stretches of road with hard surface pavement. District No. 19 wishes to continue on the River road where the county left off this year north of the county poor farm and to spread hard surfacing to the Keizer school house, a distance of about four miles. District No. 7 wishes to continue the paving on Pacific highway from the work north of the fair grounds clear through the district. It is not probable, however, that the county will continue paving without purchasing the plant upon which a 15 cent royalty per year was paid this year. The county considers this royalty exorbitant, when the overhead charges for an entire season putting out the materials for 10

miles of road would not amount to more than three or four cents per square yard.

price as low as \$2,500 per mile up to \$3,500 depending upon the length of the haul.

to build a higher crown to the grade in some places, in order that the pavement will clean itself. In other places a low crown with rounded edges to the pavement will be most satisfactory and numerous other problems are coming up which will only be solved by experience and time. In the meantime, however, the regular tax levies are paying as the work proceeds and no bond issues are piling up interest while the experiments are going on.

# THE MOST EXCLUSIVE SHOES

ARE ON DISPLAY AT SALEM'S LEADING SHOE STORE

## The PRICE SHOE CO.

Nothing but the most up to date styles are shown. You are protected in style by our large volume of business which keeps our stock new and clean all the time. ## OLD WILLAMETTE U STARS RETURN FOR ALUMNI GAME FRIDAY

## Youngsters Eager For First Taste of Real Football Against Has-Beens

Tomorrow afternoon at 3:30 o'clock the Willamette university football squad will have its first real workout when the ponderous alumni lines up for the annual game with the collegians. The alumni players look to be slightly overweight but the old boys have plenty of tricks up their sleeves which will keep the varsity players on their toes throughout the four quarters of the game.

The alumni squad numbers a host of

old stars that each year return to Willamette for the annual game and for the reunion that follows the game. While they are not in shape for football they are in good condition to swap reminiscences and tell the eager freshmen how they did it in days gone by. In the minds of the football coach there is no method of teaching the young player how to protect a certain spot on his anatomy so satisfactory as hitting him there once. After the old stars have pounded a few bruises into the youngsters they will have also pounded in a lot of real football knowledge that can only be gained in the buff and the lung of school experience.

While the varsity expects to profit vastly more than the alumni from the game the people of this city will likewise have their first chance to see the Willamette squad in action this year and to give the youngsters the "once over."

#### DR. FLINT IS DEAD.

New York, Sept. 23.—Dr. Austin Flint, age 79 one of the men most prominent in the case of Harry K. Thaw is dead today of apoplexy. He was a prominent alienist.

Seattle Post Intelligence: Still, there is some doubt about the ear's capability as a pinch-hitter.

THE race ain't always to the swift. VELVET is way ahead of those quick-cured tobaccos, even if it does wait two years for agein'.

There are less expensive ways of curing tobacco than Nature's way—not less than two years of mellowing in sealed wooden casks. But that ageing gives VELVET its smoothness, and brings out to the full the natural fragrance and flavor of the choice Kentucky Burley tobacco.
