STUDENT COUNCIL OF SALEM HIGH SCHOOL

Will Promote and Have Charge of All Student Activities During Year

The student council of the Salem High school this year is composed of 10 members, three from each of the two higher classes and two each from the sophomore and freshmen. This student council will in a general way, promote and have charge of all the student activities for the coming year. This will be the first entire school year in which the affairs of the high school will be directed by the students themselves, as the student council was first organized last February. Elections were held this week, resulting in the selection of the following: For the seniors, Edward Raeb, Allan Carson and Victor Bradson. The Juniors will be represented by Oral Hagedorn, Ila Spaulding and James Walker. Ina Proctor and Ira Mercer were elected from the sophomores and Richard Slater and Hayward Fowle will express the sentiment of the freshman class in the student council. Two regular meetings will be held each month. This system of permitting high school students to practically manage their own general activities has been adopted in almost all the progressive schools in the west.

With the closing of the schools for the week this evening, children of all grades will enjoy once again the freedom of vacation days, as Monday is a holiday for all schools and pupils will be admitted to the state fair without charge. Tuesday is regular school day again, but Wednesday is Salem day at the state fair and once more, the schools will dismiss for the day. However, beginning with Thursday of next week no more holidays are in sight until Thanksgiving day.

HOP PICKING IS NEAR END
Independence, Ore., Sept. 24. — The Wiegand ranch finished picking hops Wednesday noon. This is the last of the large ranches to finish. It is located about five miles south of Independence and the yards consist of about 320 acres. The estimated yield is 3,000 bales, which is a greater number of bales than has ever been grown on that ranch. The entire shipment will be made direct to London. The ranch has already shipped 20 bales of fuggles, and each day a sample of hops is forwarded to their London office by parcel post. The estimated cost of harvesting the crop will be about \$30,000.

HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

Daniel J. Fry, the popular druggist, has been in the drug business long enough to have his own opinion of the best way of selling medicines. He says the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest he has ever heard of. He doesn't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Daniel J. Fry and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell him so and he will return your money. Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Mi-o-na is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine. Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attending evils. Use Mi-o-na and see how much more there is in life.

GOLD FROM NEW ZEALAND.
Victoria, B. C., Sept. 24.—The liner Niagara, arriving here from Auckland, N. Z., brought a consignment of gold sovereigns from New Zealand banks valued at \$1,000,000. It was consigned to the Canadian Bank of Commerce.

WHEN YOU WASH YOUR HAIR DON'T USE SOAP

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain melleified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps of anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Judge Webster Thought the Crowd Could Stand It and Case Proceeded

After the state had offered its evidence in the preliminary hearing of Fannie Harding and Ed Keys, charged with disorderly conduct alleged to have been committed at a hop yard, in justice court yesterday afternoon, Attorney Miles for the defendant moved that the case be dismissed. Mr. Miles said that in his opinion the state had failed to make a case and that, if the defendants were placed on the stand it would be necessary to go into details which he said were of an unsavory character. "This looks like a pretty tough crowd," said the justice. "I think they can stand it, the examination may proceed."

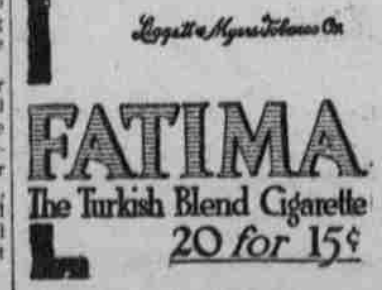

RED SOX WILL STAND PAT
Boston, Mass., Sept. 24.—The Boston Red Sox will stand pat in 1916. They will start next season with practically the same lineup as will play in the world's series this year, it was learned today. The Red Sox have five players on the reserve list and if any changes are made, these will fill the gaps.

You want cigarette "comfort"

Your "steady" cigarette must suit your own taste, of course. Fatimas may or may not do that—you can't tell until you try them.

But in addition to the right taste you want "COMFORT"—too—comfort for the throat and tongue and no "mean" feeling after smoking. You want a SENSIBLE cigarette.

Test any other cigarette in the world alongside of Fatimas and you'll agree that Fatimas are the most "comfortable" and "sensible" cigarette that you ever smoked.

Five Accidents From Marion County Reported To Accident Commission

Five accidents were reported from Marion county to the state industrial accident commission for the week ending yesterday, two of which were from Salem, two from Silverton and one from Stayton. John Deles, of this city, had his fingers crushed in a brick and tile factory; B. Donaldson, of Salem, suffered an injured knee with a transportation company. At Silverton O. J. McKee smashed a finger in a sawmill and William F. Wilson cut his leg also in a sawmill. Frank E. Foster, of Stayton, suffered an injured back in a sawmill. During the past week, September 16 to September 22, inclusive, there were reported to the state industrial accident commission a total of 158 accidents, of which two were fatal. Of the total number reported, 111 were subject to the workmen's compensation act; 26 were from public utility corporations; 13 were from firms or corporations who have rejected the provisions of the act and six were from firms and corporations who do not employ labor in hazardous occupations.

THE ATTENDANCE IS LARGER AT COLLEGE

Over Eight Hundred Registered Up To Noon of Opening Day

Oregon Agricultural College, Corvallis, Ore., Sept. 24.—There were 803 students registered at the Oregon Agricultural college on Monday, September 20, the day on which class work began. Registration since that time has been proceeding as rapidly as the office force in charge of the work could attend to the details. Pre-registration date indicated an increase of approximately 12 per cent in attendance over that of any previous year, and a comparison with registration figures of previous years indicates that this forecast will be realized. Of the first 574 students 438 registered from Oregon, 61 being from Portland. The number from California was 50, Washington 42, and Idaho 14. Eastern and middle western states were well represented, the largest number, seven, being from New York. Ohio was next with four, Illinois three, and Indiana and Kansas two each. Four students came from Montana and two from Utah. There was one from each of the following states: Georgia, Missouri, Massachusetts, Connecticut, New Jersey, Iowa, South Dakota and Oklahoma. Up to noon Monday there were 23 foreigners registered as follows: British Columbia six, India five, Japan one, China, Germany, Finland, Scotland, Hawaii, Norway, Sweden, England and Australia one each. Most of these foreign students have registered in agriculture, although home economics, commerce and pharmacy are included in the courses of the foreign residents. There are five students from states other than Oregon taking work in forestry, one from each of the following: New York, Massachusetts, Utah, Ohio and Illinois.

Funeral of Late Bishop At Los Angeles Today

Los Angeles, Cal., Sept. 24.—Scores of children survived for the late Bishop Thomas J. Conroy, of Monterey and Los Angeles, at a special children's mass in St. Vibiana's cathedral today. The mass preceded the regular funeral services, which commenced at 9:30 o'clock. Long before that hour the street in front of the cathedral was crowded with mourners seeking admittance. Only a small percentage of the throng was permitted inside, admission being by card. Representatives of the federal, state, city, and county governments, and the honorary pall bearers, marched to the church in a body. Bishop Grace of Sacramento celebrated solemn pontifical high mass. He was assisted by Monsignor Harnett, Archbishop Hanna of San Francisco was to preach the funeral oration, while absolution was to be read by Archbishop Hanna and Archbishops Mendocino of Durango and Gillo of Oaxaca.

DELEGATES ARE LEAVING

Portland, Ore., Sept. 24.—The delegates to the Western States Water Power conference were leaving for their homes today following one of the stormiest sessions in the history of the organization. The opponents of the Ferris bill were enthusiastic over the adoption of the resolution yesterday advocating state control of water power instead of federal guardianship. The conference adjourned sine die shortly after the vote on the resolution was taken.

FOR THE WOODSMAN

We have all kinds of Axes, Sloges, Wedges, Saws, and Equipments for the woods. All kinds of Corrugated Iron for both Roofs and Buildings. A good \$800.00 Laundry Mangle, slightly used for one-fourth original cost. A good 4-horsepower John D. Gasoline Engine, fully guaranteed. Two Ponies and Harness at a price that will surprise you. **H. Steinbock Junk Co.** The House of Half a Million Bargains. 302 North Commercial Street. Phone 508.

WAR NEWS OF ONE YEAR AGO TODAY

Petrograd says German troops lured into Russian Poland by Gen. Rennenkampf, have suffered a great defeat. Przemysl is declared about to capitulate. Reporting on the sinking of three cruisers by a German U-boat, the British admiralty calls attention to the violation of orders by two of them in going to the rescue of the one first attacked. British ship Indian Prince sunk by the German Kronprinz Wilhelm off Brazilian coast. German press charges Belgians with using churches as arsenals.

Suspect Turned Loose But Arrested Again

Memphis, Tenn., Sept. 24.—After he had gone free once, "Professor" Joe Cue, dancing instructor, was taken into custody, with Louis Reber, another dancing master this afternoon for investigation in connection with the murder of Marguerite Favor, one time actress wife of Bandmaster Creators and her companion, a Mississippi mill man. Both men were acquainted with her. No formal charges have been made against either.
