INDUSTRIAL DEFINITIONS.

The Farm.-A place from which many of us came and to which we slways advise others to go back. Produces the food of the country, produces the food of the country, most of the energy, and a good deal of the brains. Regarded by the urbanites as a place of ideal independence; by those who live on it as a good deal of a bore.

The Home.—An obsolete term, except in a few rural communities, said to contain children and happy nothers and fathers.

nothers and fathers.

Cost of Living.—Something always little higher than we can afford. The Factory.—An institution for he manufacture of commodities and high tariff arguments. Constantly in reed of more duties to protect it from the pauper labor of Europe.

The Press.—A means of consuming arge quantities of pulp timber. Fre-

Strike of Operators Is Being Investigated

Exposition City

San Francisco, Sept. 24-The strike of the wireless operators union against the Marconi company is being investigated by the United States commision of conciliation. Commissioner Roland B. Mahaney is here to conduct the in-quiry. He was appointed by Secretary of Labor William B. Wilson. He will likely call-a conference to hear the grievances of both sides.

In the meantime the wireless oper-ators will vigorously carry on the strike, the union's secretary, W. H. Sterling stated today. Sterling has filed an affidavit with the collector of customs and the radio inspector of this port, calling attention to the fact that the steamer Great Northern put to sea with but one wireless operator, although required by federal law to have
