METHODISTS IN ANNUAL SESSION ENDORSE COOKE

Conference Adjourned Last Evening After Assignments Are Given Out

Roseburg, Or., Sept. 28.—The adoption of resolutions commending the administration of Bishop Cooke, and favoring enforcement of the Oregon Sunday-closing law, consideration of reports from the various committees of the church, and the appointment of pastors for the ensuing year, comprised the chief business transacted at the closing day's sessions of the annual conference of the Methodist Episcopal church which has been in progress here since last Wednesday.

The resolution commending the services of Bishop Cooke was introduced by Dr. T. B. Ford, of Oregon City, and was adopted by a unanimous vote of the conference.

Thanks Given Bishop.
The resolution read:
Resolved, That we unite with the other conferences of the northwest in expressions of appreciation of the assignment of Bishop R. J. Cooke to the presidential administration of our conference for the fourth year of this quadrennium; that we hold him in high esteem for his personal qualities, worth, service and administration; and that we thank him for his able addresses and sermons and for the brotherly and impartial manner in which he has presided over our sessions.

That if in the order of the church, he should be assigned to this Episcopal area for another quadrennium, we will give him a most cordial welcome, and pledge to him our loyal support in his administration of the affairs of the church in the Northwest.

(Signed) Frank L. Loveland, Walton Shipworth, T. B. Ford, C. M. Knight committee.

Sunday Observance Advocated.
Another important resolution adopted by the conference pertained to the Oregon Sunday-closing law, which was recently held to be unconstitutional by a decision of the supreme court of this state. The resolution was entitled "The Sanctity of the Sabbath," and was introduced by Rev. A. R. Maclean, J. F. Coleman, Fred W. Snyder, W. J. Warren, Thomas Atchison and M. A. Marcey were ordained as deacons, while F. M. Jasper, R. S. Bishop, T. Y. Yarn and J. J. Pacey and Messrs. Thompson and Brown received the degree as elders, Bishop Cooke conducting.

Bishop Cooke left last night for Los Angeles, where he will attend a meeting of bishops next week. Most of the delegates in attendance at the conference left for their homes on last night's trains.

Are Trying to Hurry State Fair Welcome Arch

A force of carpenters and high school manual training students together with the office force of the Commercial club, was busy today in a frantic effort to have the big "Welcome" arch at Court and Commercial streets in shape for Salem day at the fair tomorrow.

The delay in setting up the span was occasioned by the press of school work at the first of the term. Superintendent Elliott and Manual Training Department kindly consented to help with the project but an unexpected rush of work set in at the first of the term, required that carpenters do a large share of the construction work. The arch is practically ready this evening. After standing for a week or so it will be taken apart in sections, and stored to be readily available for future occasions on shorter notice.

The location on court street was selected because of the absence of trolley wires which form an impediment at practically every other important corner in the business part of town.

Husband Murdered Woman Attempts Vengeance

Chicago, Sept. 28.—John Coppersmith, whose young wife and baby were murdered and mutilated, created a furor in court today when he attempted to kill Russell Pethick, 18 years old, just sentenced to life imprisonment for their killing.

Coppersmith's attempt on Pethick's life came as a dramatic conclusion to a trial in which the whole revolting story of Pethick's crime had been revealed.

Pethick, a grocer's boy, entered Coppersmith's home to deliver goods several months ago. Finding Mrs. Cop-

persmith there alone with the baby, he attacked her, it was claimed, and when the baby cried, climbed over her body and killed it too.

Pethick's family protested his innocence, but police evidence finally forced him to confess.

Coppersmith, with an open knife in his hand, lunged and nearly reached Pethick. Attendants subdued him and he was not arrested.

Judge Barrett was convinced that the boy is feeble minded, else he would have received the death penalty.

MARKET IS QUIET AFTER LATE ACTIVITY

(Copyright 1915 by the New York Evening Post.)

New York, Sept. 28.—It was scarcely to be expected after the course of yesterday's market that cautious, conservative people would have adopted any policy other than that of withdrawing from the market. This was evidently also the attitude of professionals for in today's market the signs of enormous profit taking were unmistakable.

But big professional speculators are not in the habit of throwing stocks on the market and waiting idly to see what happens.

On the contrary when the selling is heavy in one quarter, they bid up prices in another, and this was precisely what occurred today. The maneuver was successful enough in the existing temper of the speculative community to postpone a sharp reaction of prices until the last half hour.

A typical movement of the day, undoubtedly most influenced by sentiment, was a 20 point rise in Baldwin locomotive within 10 minutes after the market opened, following by a 15 point decline in a short time, and an immediate fall of 12 points further directly.

Sales were again above 1,500,000 shares.

MEXICANS MASS NEAR PROGRESSO PENDING RAID

Five Hundred Gathered But It Is Believed To Be Only Feint

Brownsville, Texas, Sept. 28.—Five hundred Mexicans were reported today to be massing opposite Progresso. Officials, however, believed this to be a feint to attract United States soldiers there while Mexicans crossed the river elsewhere. Soldiers have been rushed from the Galveston ranch to a point where the river can easily be forded. Two troops of cavalry and a company of infantry are stationed at Progresso.

Rumors said the Mexicans had announced they intended to cross and revenge the death of their countrymen killed in the recent Progresso struggle. Colonel Blockson has gone to Harlingen, where it is believed he will confer with Colonel Bullard regarding preparations for meeting any attack.

A band of Mexicans passing A. Carter's home near Harlingen fired, striking Carter's daughter Mabel in the arm. A detachment of infantry is now seeking them.

FAMINE IS PREDICTED

Douglas, Ariz., Sept. 28.—On the eve of his withdrawal from politics and military affairs, Jose Maria Maytorena, former Villa leader and governor of the state of Sonora, predicted today that the greatest famine in the history of Mexico would sweep Sonora within 90 days.

FAIRGROUNDS POLICE ANSWER ALL QUERIES

Chief Burnett Has Strong Force Collected From All Over the State

The police force at the fair this year is made up of the "pick of the state" according to W. A. Jones, who selected them and M. P. Burnett of Corvallis, who is the chief of the "exposition police." The men are uniformed in blue with brass buttons for trimmings and neat blue caps with a gold band. W. H. Goulet, who is county commissioner of this county when he is not policing the fair grounds track, is the mounted officer with Charles Yanke as chief aide. Officers Goulet and Yanke patrol the fair grounds track and chase the youngsters off of the track and the race horses on to it as well as gallop on errands for the race course officials.

Part of the duty of Mr. Goulet is to explain the curious sights of the fair to the people who are not familiar with everything they see. For instance he must explain that the aeroplane will go up at 4 o'clock, and the reason that it does not start promptly at 4 is because of engine trouble. Also that Munter will not loop the loop as the machine is not of the looping kind, that the silver plate on the neck of Honest Boy, H. S. Hogoboom's horse, is for the horse to breathe through, the horse had throat trouble and it was necessary to put an "intake valve" in his neck so he could supply his lungs with oxygen, that it does not hurt the horse to breathe that way and in fact it would hurt him if he did not get his breath that way and—well, there are other numerous questions to be answered by the fair grounds police but they are strictly on the job.

In addition to the above mentioned the following are patrolmen:

Barnett, M. L., of Corvallis; Cummins, Hugh, of Corvallis; Gardner, Irving, B. of Riddle; Jones, M. W., of Monmouth; Jones, S. J., of Salem; Kelly, S. M., of Roseburg; Munkers, I. A., of Seio; Murray, S. G., of Salem; Phillips, W. C., of Salem; Rhinehart, T. H., of Salem; Roodman, H. B., of Roseburg; Shaw, A. E., of Salem; Thatcher, R. J., of Corvallis; Thompson, H. Made from the right crude

The Jury of Awards at both San Francisco and San Diego Expositions found an oil made from California asphalt-base crude, highest in lubricating efficiency. That oil was Zerolene. The fact, too, that such unbiased authorities as a U. S. Naval Engineer, engineers of the Packard and Ford Motor Companies, and others, have also gone on record in favor of oils made from asphalt-base crude—in accord with the decision of the Exposition juries—proves that Zerolene is made of the right crude, and made right.

Capital Journal Only Complete Paper Sold

The Capital Journal is the only evening daily published in Salem that is a complete newspaper. The Portland papers published here are printed in the forenoon about 11 o'clock, are simply the regular edition of the day before with some changes on the first page. They are only extras made up for street sales and out of town circulation, making no pretense to being real newspapers. The Capital Journal on the other hand, contains the complete leased wire service up to 3:30 p. m., which is 6:30 p. m. in New York and past midnight in Europe, the seat of the great war. It also contains all the local news of Salem and surrounding territory that is worth while. It is a complete afternoon newspaper and the only one circulated in Salem. When you pay your money for a Portland evening paper here you are merely being "faked" into buying a cheap extra with big headlines on the first page and yesterday's news everywhere else.

The Capital Journal sells on the street for 2 cents. Pay no more.
