Cottolene is pure and wholesome

The shortening you use in cooking and baking should have all the excellence of the food that is prepared with it.

Cottolene itself is a pure, wholesome food, consisting of ultra-refined cottonseed oil—as fine as the choicest salad oil—and beef stearine from selected leaf beef suet.

Cottolene

is not "just as good" as other cooking and frying fats—it is better than any other—more nutritious, more wholesome, more digestible—better in every way.

Cottolene does not absorb tastes or odors. Heat it slowly and use it over and over for all kinds of frying.

Always use a third less of Cottolene than of any other shortening. Cottolene goes farthest and gives the most gratifying results.

Pails of various sizes. Arrange with your grocer for a regular supply.

COUNTY COURT PLANS NEW STEEL BRIDGE IF LAWS PERMIT

Not Sufficient Laws to Allow Building Last Year—Now There are Too Many

The county court has begun its preliminary skirmishing to secure a new steel bridge across the river at this city. Last year there were not enough laws to allow the erection of the bridge but the legislature met last winter and now there are too many laws and the county court is still in a quandary.

The tax commission was appealed to to interpret the law in relation to the 6 per cent increase in the tax levies and Charles V. Galloway has replied that the county can increase its total levy for either 1913 or 1914 by six per cent. This means that it will not be necessary to confine the increase to separate funds and that the limit prescribed by law of six per cent of the previous year will limit the county to an increase of the road and bridge fund but can go ahead and increase the total county tax levy by six per cent and use the proceeds to erect a steel bridge across the river.

The total amount for which the county court of this county made levies in 1913 was \$391,634.61 and in 1914, \$336,729.88. Thus the taxing power of the county court for this year is limited to \$627,132.68 or the amount levied in 1914 plus six per cent. The county tax budget for 1915 has not been made up yet but it is estimated that it will be about the same as last year. According to this it would give the county about \$80,000 for the erection of the bridge provided there were no increased expenses in any other department.

TRYING TO SETTLE GREAT COPPER STRIKE

All Federation Leaders Leave Clifton In the Interest of Compromise

Phoenix, Ariz., Oct. 8.—Charles E. Moyer, president of the Western Federation of Miners, will be joined here by Secretary Guy Miller, who will assist him in his right in behalf of the striking miners of Clifton.

Moyer said today all federation leaders had left Clifton, so it was now up to the operators to make good on their promise to meet the miners' committee after outside influence was removed.

More Militia Arrives.
Clifton, Ariz., Oct. 8.—One hundred additional militiamen arrived here today and encamped a mile south, to guard the wagon and railroad entrances to the mine camp and block any attempt to import strike breakers. The town of Morenci is alarmed over the report that non-unionists, driven out of the settlement, have gathered at Dunesan and are preparing to attack Morenci.

meant of the county. It is believed that this amount will be sufficient as Marion county and Salem will put up for two-thirds of the cost of the bridge and Polk county for one-third according to the special law which was passed by the last session of the legislature.

PRESIDENT WILSON GOES TO GOTHAM

Washington, Oct. 8.—President Wilson and his party including his fiancée, Mrs. Norman Galt, left here at 10 o'clock today for New York.

In the metropolis they will be guests at a house party given by Colonel House and probably will purchase the engagement ring, and attend a theatre. Tomorrow they will witness the world's series game at Philadelphia. A great throng was at the Union Station to get a glimpse at the future mistress of the White House. The crowd, mostly feminine, wished also to see the president, but for once, he was of less interest than another in the party.

Mrs. H. W. Ballin, mother of Mrs. Galt, acted as chaperon. The plans of the party are so modified that they will spend another day in New York in case Saturday's game at Philadelphia is postponed by rain. It was understood today the wedding date had been advanced and that it will be the latter part of November, simply, at Mrs. Galt's home.

San Diego and San Francisco are already bidding earnestly for the honor of entertaining the presidential honeymooners but they are still undecided about their trip.

Guarded By Policemen.
New York, Oct. 8.—Hordes of patrolmen, secret service officers and motorcycle policemen will guard President Wilson and his affianced bride, during their visit here to prevent annoyance from misguided "friends." A bride threatened to mar their visit and shopping tour in search of a betrothal ring. Whether the president and the future First Lady of the land will brave the curiosity of Fifth avenue throngs in their shopping plans is unknown, but it was believed the president would have a collection of diamonds sent to Colonel House's apartment where he will be a house party guest.

Ella Byrne today filed a suit in the circuit court of this county against C. E. Marty, charging that the defendant is in wrongful possession of 82 acres of land belonging to her and that she is damaged thereby to the extent of \$450. McNary & McNary are attorneys for the plaintiff.
