The increase amounts to about 50 cents per month to the regular subscribers. It has been the custom in the past to allow unlimited service over long distance to Eugene, Springfield and Cottage Grove and the company was granted the right to charge 25 cents per month for this service.

Funeral services for L. B. Stinson were held at 2 o'clock this afternoon at the armory, and were attended by the local lodge in a body, all the grand lodge officers of the state and many members of the Knights of Pythias from surrounding lodges. The services were held by the grand lodge officers with the funeral ritual of the Knights of Pythias. A short talk was made by the Rev. F. T. Porter, a member of the lodge, who dwelt upon the fact that the deceased had given his life to the help of mankind and that his life had not been in vain. The body lay in state today at the armory from 12 until 2 o'clock. Burial was at the Odd Fellows cemetery in the Stinson lot, beside that of his father, A. L. Stinson.

In response to his appeal in yesterday's paper, W. M. Hamilton, president of the commercial club, is receiving many letters commending the work of L. J. Chapin, county agricultural agent. One of these is from H. F. Hawkins, 639 Center street, who writes that in his opinion there is no question as to the value of this work. "The movement has not only been a success in Marion county," writes Mr. Hawkins, "but in other counties of the state and the nation as a whole. In the south, within less than ten years, whole communities have been revolutionized by this work." He also writes that Marion county is fortunate in having a man of Mr. Chapin's ability in agricultural work and hopes that this work will not be allowed to drop from lack of financial support from the county, especially as in the ten other counties where this work is being done, the county pays half the expense of its agriculturalist.
