CAROL S. DIBBLE.

At the regular meeting of the Women's club Saturday afternoon, the following delegates from the local club to the state federation were elected: Mrs. A. N. Bush, Mrs. William Kirk, Mrs. T. H. Raymond, with alternates, Mrs. J. H. Alberts, Mrs. William Galloway, Mrs. Alice H. Dodd. Following the business meeting, Mrs. R. K. Page gave a very clear and interesting paper, treating law, both historically and giving a comprehensive account of modern law.

Mr. and Mrs. Harold D. Roberts, who are leaving this week for Creole, Colorado, where they will reside permanently, were at some to a number of their friends and neighbors Friday evening, at their attractive country home on the Wallace road. The rooms were beautifully decorated with masses of sweet briar, tastefully arranged in parades, while the curtains were caught with chrysanthemum sprays. The affair was most delightful in every detail, about fifty friends of the host and hostess being present to add to general pleasure of the occasion. Mrs. C. W. Beckett poured and Mrs. S. P. Kimball cut the ices. Mrs. W. C. Franklin had charge of the serving assisted by Miss Mildred Imah, Miss Mildred Bunn, and Miss Blanche Gibson. A pleasant feature in connection with the refreshments was the preparation of the coffee by Miss Nellie Taylor, a close neighbor and friend who has a happy and wide-spread reputation of making coffee, which once tasted is "a thing never to be forgotten."

Mr. and Mrs. James Currie, of Seattle, were Sunday guests of Mr. and Mrs. J. H. Cradlebaugh. They are old time friends of Mrs. Cradlebaugh, when all lived in Council Bluffs, Iowa. Mr. Currie represents the Milwaukee road in Seattle. They are on their way to San Francisco and will also visit San Diego, Salt Lake, Butte and Spokane.

Instead of their regular open social meeting, the Royal Neighbors will hold a special closed meeting Thursday, when the supreme board of directors, of the R. N. A., Anna M. Blair, of Webster City, Iowa, and Alice Gilliland of Springfield, Illinois, will be present. In the afternoon there will be school of instruction and in the evening class adoption. The team from the Rose City Camp in Portland will put on the work. It is hoped there will be a large number present as the surrounding camps and visitors from the local camps have been invited, and a full attendance is anticipated from the local camps themselves.

Mrs. L. E. Wymett, who has been the guest of Mrs. W. H. Lucas, has returned to her home in California.

Albert E. Merwin, of Lincoln, Nebraska, who has been visiting his brother and sister, Mr. and Mrs. Henry K. Merwin, the past month, left Saturday for his four year tour of the world.

Mrs. Ross Wheelon, of Portland, is the house guest of Mrs. C. E. Knowlton at her home on South Fourteenth street.

Mrs. C. E. Knowlton and daughter, Pauline, visited in Albany over Sunday.

BROOKS VISITED BY DISASTROUS FIRE

Catholic Church, Rectory, and Two Houses and Barns Are Destroyed

A disastrous fire which destroyed two dwellings, two barns, the Catholic church and the home of Father Schoener, broke out in Brooks at about 5:15 Saturday evening and for a time threatened to wipe out a portion of the town. The loss is estimated at about \$10,000 with little or no insurance. A dwelling and barn belonging to Fred Hansen were burned and Mr. Hansen had permitted the insurance to lapse only two months ago. The most serious loss, however, though not to be estimated in dollars was the flowers and shrubs of Father Schoener which were ruined by the heat of the flames.

Three sons survive Mrs. Duniway. They are H. B. Duniway of New York; C. A. Duniway, president of the Wyoming University, and W. C. Duniway of Portland.

The fire originated from an explosion of a gasolene stove in the kitchen of one of the residences and the flames gained headway as the sparks ignited the nearby buildings and the inadequate fire apparatus could do little to stay the conflagration. The bachelor home in which the fire started was a total loss with the exception of a few household articles. Considerable of the furniture from the church and Father Schoener's residence was also carried out of the path of the flames.

SMALL BOY, BIG BEAR.

Frank Silhavy received a telephone message Monday stating that Albert Richards had killed a bear near his place and that if Frank wanted some meat he had better come up. Naturally Frank wanted a taste of bear meat, so left the following day for the little North Fork. On arriving at Mr. Richards he discovered that the bear had been shot by Edwin, Mr. Richards' nine year old son, who in company with his father was hunting the animal, which weighed 300 pounds. Of course Master Edwin is greatly pleased over having brought down such big game.

Mr. Silhavy was given a generous supply and kindly remembered the Standard family with a portion.—Strayton Standard.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

Get Hood's Sarsaparilla today. Insist on having Hood's.

RECOMMENDED BY THE NATIONAL GUARDIAN

Seattle, Wash., Oct. 11.—The liner Mariposa, which went ashore on Campbell Island, off the British Columbia coast, 20 miles south of Bellabella, last week, is hanging to the rocks by her bow, and may slide into deep water and become a total loss, according to word brought today by Captain George Lewis, commander of D. C. Jackson's private yacht Cypress.

Members of the crew of the liner also arrived in port Saturday night, with a detailed story of the wreck. R. K. Willis, assistant engineer, said half an hour after she struck the Mariposa she listed so badly that the passengers were able to step directly from the rail to the life boats, which took them safely ashore, only 100 feet away.

The steamer Otter, en route from the Victoria to aid in salvage work on the Mariposa, ran ashore on St. James Island in a fog, and has been abandoned. She was valued at \$30,000.
