MOTOR TRAILER DROPS INTO RAGING STREAM

Omaha, Neb., Oct. 16.—Two are known to have been killed and others may have perished and several persons were injured today when a Union Pacific motor car trailer plunged through a flood-weakened bridge over Fancy creek, near Randolph, Kan.

bridge safely, but as it cleared, the structure cracked, and the trailer, with its 30 passengers, plunged into the raging creek.

Twelve Dead, Forty Injured. Manhattan, Kan., Oct. 16.—Five bodies were reported this afternoon to have been removed from Fancy creek, near Randolph, Kan., into which a Union Pacific motor car trailer plunged to-

day. Available information indicated that at least 12 perished and forty were injured.

Passengers in the trailer were mostly teachers from Riley county, bound for Randolph to attend the county teachers' convention. Seventy-five passengers were aboard the trailer. The front end of this car was a smoker, and it plunged through the weakened bridge.

The joint meeting of the Modern Woodmen and Woodmen of the World held last evening at McCormack hall to hear the address of F. R. Kerns was largely attended by members and friends of both lodges. Mr. Kerns stated that he was wonderfully impressed with conditions in the northwest, comparing our situation here with Canada, where the war has produced such unfavorable conditions. Referring to the work of the Modern Woodmen and the good being done, he stated that the order had recently established a tuberculosis sanatorium in Colorado. Following the address and a short talk by J. W. Simmons, state deputy head, a program of music was given, the evening's entertainment closing with a banquet.

Governor Withycombe went to Eugene this morning to attend the dedication exercises of the new Eugene armory. Senator Chamberlain and Adjutant General White were also passengers on the morning electric to attend the exercises. An national guard staff of officers of the state were expected to attend.

MISS STENOGRAPHER

Your work is very trying on your eyes. Glaring artificial lights add to your eyestrain. With the decrease in strength of the eye comes an increase in nervousness and headaches.

If your eyes are not in perfect condition I am sure you suffer, but remember—correctly fitted glasses will relieve eyestrain and headaches. If your eyes are perfect I will tell you so.

A rolling shutter constructed entirely of iron, the only one of the kind in the city, has been placed on the large window in the rear of the Capital National bank building. The shutter is not only an excellent fire protection but is practically burglar proof. It is controlled by a windlass from the inside and was purchased in Ohio by Fred A. Erickson, who has had charge of the reconstruction of the interior of the bank building.

There seems to be a general impression on the street that Judge Teal of Polk county, is responsible for the fact that a new bridge will not be built across the Willamette this year. The bridge was inspected the early part of this week by Judge Teal and the commissioners of Marion county and tax commissioner Galloway, and notwithstanding the engineers pronounced the bridge unsafe, the construction of a new one, it is stated, was opposed by Judge Teal. With this situation confronting the Marion county court, there is very little prospect of a new bridge, as the law plainly states that both counties must concur in the specifications and cost of construction.

NuBone corsets sold by Mme. Lyon at the Hob Nob.

Through the efforts of the Orpheus Male Chorus, Salem people will have an opportunity to hear the famous Madame Jomelli at the armory on the evening of Friday, October 29. Madame Jomelli has for many years been engaged in grand opera and has only recently located in Portland. From all accounts, her singing comes up to the regulation standard of grand opera work. Appearing here under the auspices of the Orpheus Male Chorus, she will practically give the entire program. In order that all may have an opportunity of hearing this grand opera singer, those in charge have decided to give the recital at popular prices.

Sunday evening at 7:30, Miss Verna Hertzler, a missionary from Japan, will speak at the German M. E. church on mission work in Japan. This meeting will be in English. You are invited.

N. D. Elliott has moved his printing plant from the old stand on Commercial street opposite the Marion hotel, and is now located in the basement of the Steens building where he is prepared to print anything from visiting cards to full sheet colored posters. "Nate" was in the old Capital Journal building for a dozen years or more, six or seven years on the upper floor and five or six next to the Capital Journal office. It is a famous old building and has established some such worse people than either Elliott or the Journal men, for at one time the legislature met in what was afterwards the Journal composing room. Along with his moving into the new quarters many of his friends in Ward Seven insisted on his running for councilman again, he having survived one term a year or two ago—and placed him in nomination and it may be he will again become one of the city dads.

Ralph E. Moore called this afternoon on the steamer Great Northern from Flavel for San Francisco.

Tomorrow is rally day for the Ladies Methodist Episcopal Sunday school. The teachers and pupils of the school have been busy the past week preparing a special program of music, recitations and readings.

Card of Thanks. Mr. and Mrs. S. P. Anderson wish to extend their sincere thanks to friends and relatives for kindness and sympathy shown during their late bereavement.

The following parties have booked passage on the steamer Northern Pacific sailing next Tuesday from Flavel in San Francisco: Mr. and Mrs. F. R. DeRette and son, Mr. and Mrs. John DeLah, Mr. and Mrs. Harrison Jones, and C. C. Foreman. Mr. Foreman is leaving for an extended visit to Pittsburg, Illinois.

Frank S. Ward returned last evening from Portland where he has been attending as a member, the meetings of the Oregon Board of Pharmacy, and holding examinations for 47 young men and women who hope to become the future druggists of the state. The papers will be graded within the next two weeks. The by-laws of the board require that after the first of the year, all applicants for examination must have attended for at least one year, a college of pharmacy. At this recent meeting, the board agreed to postpone the taking effect of this law until after the January examinations. There has been considerable complaint to the board of druggists substituting inferior goods. A penalty is attached for selling drugs not up to standard, and hereafter the board intends to inspect where there is any doubt regarding the quality of the goods sold.
