COUNCIL ACCEPTS BUDGET AND RAPS SOUTHERN PACIFIC

Mysterious Disappearance of Fire Hose To Be Investigated by Council

The regular meeting of the city council last night was a routine session with the exception of the presentation of the tentative city tax budget which will be acted upon by the council at a special meeting to be called next Monday to discuss the separate items of the budget. The tentative budget calls for \$174,000 to meet for the expenses of the city which with the \$10,800, which will come to the city from licenses, fines and interest on funds, will provide approximately \$185,000 as outlined in yesterday's issue of this paper. On the present property valuation it is estimated that the city tax next year will be about 14 mills.

Three ordinances were referred back to the council by the committee with the recommendation that they be indefinitely postponed, the jitney ordinance was tabled with the one making it unlawful to place obstructions in streets and alleys. The ordinance limiting the speed of steam trains to three miles an hour, within the city limits was also slated for indefinite postponement by the committee but was recalled by the street committee and the committee was ordered to make a personal investigation of the condition of Twelfth street. The S. P. also came in for criticism relative to the disappearance of some fire hose during the fire at the flour mill on Commercial and Trade streets.

Councilman Mills stated that when he came to the fire it was noticed that there were two freight cars near the burning mill and these cars were rolled down the track by a number of men who were spectators at the fire. Later, said Mr. Mills, the cars were moved across the street and over two lines of hose cutting them in two. The firemen made haste to put in and couple up new sections and left the severed pieces on the ground. When they went to recover the pieces "Exhibit A" and "Exhibit B" had disappeared and no trace could be found of them. It was voted to send a bill for \$100 to the S. P. for the hose and if the bill were refused to offer a reward for any information leading to the apprehension of the parties who dragged off the hose.

Mr. Ratliff was notified that no motor would be employed at the O. G. Electric depot owing to the present condition of the city's finances. Lights were ordered at the intersection of Twenty-third and Royal and at the intersection of Rose avenue and Spruce street. The light near the old Ferry street fire station was ordered moved to Thirtieth and state streets.

The street committee was given permission to purchase 2,000 yards of No. 2 crushed gravel to resurface High land avenue from the fairgrounds road to Broadway.

Taxpayers' Meeting November 10.

It was decided to call a meeting of the tax payers of the city in the council chambers Wednesday, November 10, at 8 p. m., to discuss the items of the city budget. A communication was read from the promoters of the public market asking permission to install the market at Court and Commercial north of the Barnes store. The matter was referred to the street committee. The petition to improve Liberty street from the south line of Oak street to the north line of LaSalle street by grading was referred to the street committee and the city engineer.

A. A. Lee was appointed by Mayor White to succeed himself as a member of the library board and the appointment was ratified by the council. The crosswalks on Miller street were ordered repaired and an old fire hose was ordered loaned to a farmer who would provide the animal with a good home.

SILVERTON NOTES

It has been necessary to equip another room at the grade school and engage a new teacher owing to the crowded condition of the fourth and fifth grades. Miss Kora Brown will teach the new sixth grade room. This makes two teachers to a grade up to the sixth grade, with an average of 35 pupils to each teacher. The enrollment is about 10 per cent above what it was last year.

Martin Tingelstad was in Portland last Tuesday, to be in attendance at the hospital at the time of his father's operation. He returned with Rev. O. A. White Tuesday evening.

The Gay Chalmers family are having their household goods shipped here from Goldendale, Wash., where they have been living, and plan on locating in this city.

Kenneth Bennett, the little son of Mrs. Beattie Bennett, was taken to Salem the first of the week to consult a specialist about an abscess that is forming on his leg that was injured some time ago. The little fellow was in the hospital a long time when he was first injured, and it is to be hoped there will not have to be another operation.

John Quill, the transfer man, moved to the Miller house on North Water street, the first of the week.

Dr. and Mrs. A. E. Wrightman attended the grand lodge session of the Knights of Pythias at Portland this week.

Leon Hertz and wife were business callers from Scotts Mills the first of the week.

Mrs. W. B. Prondel died at the home of her father, John Moser, on Tuesday of this week. The cause of her death was apoplexy, and came as a shock to her relatives and friends. She is survived by nine children all of whom live at Berry, Wash., except one in Canada. Her husband passed on two years ago at Berry, Wash., and she has been in Silvertown a little over a year taking care of her aged father. Funeral services were held at the home, Friday afternoon, Allyn Esen officiating. The body was shipped to the old home in Washington and laid to rest beside that of her husband.

Miss Esther Gremmels returned to her home at Salem, Friday, after two weeks spent with her sister, Mrs. Floyd Boynton.

Born—At the Emth Borer home east of town, on Friday, October 8, a seven and one-half pound girl. A fine baby boy is also reported at the home of Mr. and Mrs. Earl Crowder.

Mrs. George De Spain gave a dinner Wednesday evening, in honor of her father and mother, Mr. and Mrs. E. Distad who recently came from Toronto, S. D., on a visit.

Mr. and Mrs. Erma Cramer returned home Friday, and will occupy the Remington cottage on Koons street.

Mrs. A. J. Porter came home from the Silvertown hospital Wednesday where she has been treated for blood poisoning. There was one place that would not heal and it was decided to try grafting new skin on the affected part. The operation was performed by Dr. Keene and was very successful. She is very glad to be able to return home after a four months' stay at the hospital.

Rev. O. A. White accompanied B. Tingelstad to Portland Monday where Mr. Tingelstad was operated on for gall stones at the Good Samaritan hospital Tuesday morning. He came through the operation finely and is recovering as fast as can be expected.

Dr. F. D. Lewis has gone to Chicago to take up a post-graduate course in one of the largest hospitals of that city.

Mr. and Mrs. A. Brantley and little son were visiting at the home of Mr. and Mrs. John Ewert at St. Paul the last of the week and spent a few days with relatives at Mt. Angel on their way home.

The Arthur Hobart family invited a few neighbors to their home last Friday evening to an old fashioned corn roast, in honor of their guest, Mrs. Billie Newell, who was visiting here from New Hampshire. She and her family were very pleasant and remained until the evening, eating marshmallows, eating castanets and drinking cider.

Mr. and Mrs. Phelps entertained their daughter-in-law, Mrs. Earl Phelps and little son, of Hermiston, Ore., the first of this week.

Mrs. Alfred Oswald and children of Mt. Angel were visiting at the Joe Lais home on Tuesday last. Mrs. Oswald is a sister of Mr. Lais.

Johnny Grele spent last Saturday night with friends as Woodburn and took in the big dance in the evening.

Mr. and Mrs. H. B. Latham and children, also Mrs. Stewart, motored over to Salem last Sunday where they spent the day at the home of Mr. and Mrs. M. L. Latham.

Rev. J. C. Rosehand and wife were calling at the country home of Mr. and Mrs. Arthur Hobart, last Monday afternoon.

The little six-year-old son of Mr. and Mrs. J. C. Rosehand and wife were called to the hospital Monday morning.

Sherman Coined Phrase "War Is Hell"

Portland, Ore., Oct. 19.—Regardless of the statements of some historians to the contrary, Rev. Thomas Ewing Sherman, of St. Louis, son of General Sherman, is firm in the declaration today that his distinguished father really did coin the world famous epigram "War is hell."

It was in the early 50's, Father Sherman said, in an address before the graduating class of cadets at a military school in Michigan.

In an interview Father Sherman strongly advocated military and naval preparedness.

Father Sherman is in the northwest-looking over the country with a view of establishing colonies of eastern city dwellers who want to get back to the soil. He left for Seattle late last night.

Thieves stole six bronze door knobs from Cleveland's new city hall. Civic spirit, though strong in Cleveland, can still find room to permeate.

Ten Weeks in Bed—Eminent Physicians Failed—Wonderful Recovery

I wish to inform you of the great benefit I have derived from the use of Swamp-Root. I had been a sufferer for more than twenty years from kidney and liver trouble and was almost constantly treated by the most eminent physicians who could only give me temporary relief. I had been in bed ten weeks when I began the use of Swamp-Root. Inside of twenty-four hours I could see that I had been greatly benefited. I continued to use Swamp-Root until I had used several bottles when I really felt that my old trouble was completely cured and I am positive that any person suffering with kidney or liver trouble can be cured by the use of this preparation.

I am now in the best of health, better than I have been for ten years or more. I do not know how to express myself as strongly as I desire, in favor of Dr. Kilmer's Swamp-Root, as I am sure that it saved my life and that my good health is due entirely to this great remedy. I heartily recommend it to every sufferer and am confident they can be benefited as I have been. It is a pleasure for me, gentlemen, to hand you this recommendation.

MRS. H. J. PRICE, 1406 Center St., Portsmouth, Ohio. Personally appeared before me this 13th of September, 1909, Mrs. H. J. Price, who subscribed the above statement and made oath that the same is true in substance and in fact.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Salem Daily Capital Journal. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Five Fatally Injured Hundreds Are Hurt

Joliet, Ill., Oct. 19.—Three trainmen and two passengers were probably fatally injured, and a score seriously hurt today when a Chicago and Alton commuters' train ran into an open switch. Among the injured was Mrs. W. R. Taylor, of California, whose legs were broken and skull fractured and she was injured internally. Of the 300 passengers aboard, only a few escaped without bruises or cuts. The trainmen were dug from under the ruins of the locomotive which crashed headlong into a switch engine at a speed of 40 miles an hour. The commuters' train was a smoker and four coaches.

OREGON'S LOGANBERRY COMING TO THE FRONT

Portland Ad Club Gets In and Will Celebrate Loganberry Day This Month

Among the different firms in the city, there is a deep undercurrent of feeling that the day of the loganberry is close at hand, and that the extensive advertising now under way is bringing the berry and its products into favorable consideration, not only in the west, but in the eastern markets.

Wherever the berry was sold last year in the improved cartons and with the better methods of packing, and with recipes for its correct preparation, sales have greatly increased, according to H. S. Gile. When the evaporated loganberry was first sent to the eastern markets, favorable results were not obtained simply because they were used in cooking in the same manner as other evaporated fruits. Now that all packages contain recipes with special directions, better results are obtained. The loganberry fruit is so strong that to get the best results in cooking, three to four quarts of water must be used in every pound of evaporated fruit. This proportion of water is necessary to secure the original volume of the juice which was converted into sugars in the evaporating process.

In addition to the publicity campaign now being pushed by the interested firms in this city, the Portland Ad club has taken up the fight for the loganberry, and to especially bring the attention of the state as well as the whole country to its advantages as a drink, will designate a special day this month to be known as loganberry day. This action on the part of the Ad club of Portland will be noted in the daily papers throughout the country and will be of incalculable benefit. And to interest the school children in loganberries, the club is still offering prizes of \$250 for the best poem on loganberries that can be sung to one of the popular songs of the day.

Hofer Appreciated—Florists To Be There

(Capital Journal Special Service.) Corvallis, Oct. 18.—Gus Hofer, a former Salton high school star and captain of the O. A. C. football team, went into the game with W. S. C. at Corvallis Saturday for the first time this season. Although not fully recovered from his injury received in pre-season practice and carrying his hand bandaged in splints, he played his usual wonderful defensive game at left guard. Friends and followers of the O. A. C. team alike are glad to hear of Gus' return to the game. "Mighty" Allen, also well known here took the place of Abraham, injured in the latter part of the last quarter, and made some good gains against the heavy Washington staters who succeeded in plugging the O. A. C. line for a score of 29 to 0.

Salem and Portland florists will probably be represented by elaborate exhibits at the horticultural show at Corvallis November 16, 17 and 18, if present plans work out. This show is under the direction of the department of horticulture at O. A. C. and probably represents a fine collection of horticultural products as is seen in the upper Willamette valley. Not only products of the orchard and garden, but all sorts of machinery, etc., for the handling of these crops are shown, making it an instructive display as well.

BAD IN MANY DIRECTIONS
