**COACH WEIL IS HELPING.**

Los Angeles, Cal., Oct. 19.—Coach J. J. Weil, of the Sherman Indians, who were defeated by California last week, began today helping Ralph Glaze coach the University of Southern California eleven into shape for the game with the bears at Berkeley next Saturday.

Weil studied California's tactics closely during the affair with the Indians, and it is believed his advice will be of material assistance to U. S. C. He is devoting most of his time to improving the line, which will have its work cut out stopping the plunges of the heavy Californians.

**MUST BE GOOD COACH.**

Seattle, Wash., Oct. 19.—"He must be a pretty good coach," was Gilmore Dobie's comment on the remarkable success of William H. Dietz, new coach at Washington State college, who while at Carleton was famous as Lonestar. W. S. C. beat Oregon 28 to 3 October 9, and defeated O. A. C. 29 to 9 last Saturday. Dobie has enjoyed seven years continuously without defeat at U. of W.

**PRaise AZEVEDO'S WORK.**

Milwaukee, Wis., Oct. 19.—Favorable comment was heaped upon Joe Azevedo, California, for his showing against Michie Mitchell in which the Milwaukee boy was given a newspaper decision by a shade. Azevedo forced the milking and resorted to infighting throughout the bout.

**TO CHALLENGE CHAMPION**

Chicago, Oct. 19.—The first challenger for the title of champion billiardist of the world, now held by Alfred DeOro as the result of the retirement of Bill Huey, will be August Kieckhefer of Chicago. The match will occur within a month.

**BROOKLYN CLUB OWNER DEAD.**

New York, Oct. 19.—Baseball fans today mourned the death of Robert B. Ward, owner of the Brooklyn club of the Federal league, at his home in New Rochelle. Ward was 63 years old.

### MAY LAY MULTNOMAH.

Portland, Or., Oct. 19.—Negotiations are under way today for a football game between the Washington State college and the Multnomah club here some time next month.

If the game is arranged, it will probably be played before the Thanksgiving joust between Multnomah and the University of Oregon.

The Pullman team, which has defeated both the U. of O. and Oregon Aggies by wide margins, is considered one of the most aggressive eleven ever turned out in the northwest.

### ALEXANDER WAS SORE

San Francisco, Oct. 19.—A strained side prevented Grover Alexander from pitching the fifth game of the world's series, according to Catcher Burns and Gabby Cravath of the Phillies, who are here today.

Alexander hurt his side several days before the start of the big series, and he made it worse during the games he pitched, according to the two players.

Burns declared the big heater was not "right" on the day of the fifth game because of the pain he was suffering.

### WILL GO TO YANKEES.

New York, Oct. 19.—Bill Pierce, star heater of the Vernon Coast league club's staff, will perform in a Yankee uniform when spring training opens next year, according to announcement made here today.

### PREPARE TO MEET WILLARD.

New York, Oct. 19.—The first of several elimination bouts for a contender for Jess Willard's title will occur here tonight when Frank Moran meets Jim Coffey in a ten round bout.

### OPEN NOSTRILS! END A COLD OR CATARRH

**How to Get Relief When Head and Nose are Stuffed Up.**

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream to your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds, and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.

### THEY SOLD SPOILED SALMON

Seattle, Wash., Oct. 19.—A total of \$500 in fines for violation of the pure food law were assessed today by Justice Otis Brinker against Thomas Boyl, president of the Westlake Public Market; Charles Guerin, cashier of the Arlington Dock company, and James Harris, a broker. Selling salmon unfit for human consumption was the specific charge against each.

### SOFT, CURLY, WAVY HAIR NOW EASY TO HAVE

Beautiful, fluffy, natural-looking curls or waves, without the use of the ruinous curling iron, are now possible for every woman. Yes, not only possible, but very easily acquired overnight, and with benefit to the life and health of the hair. It is only necessary to apply a little liquid salmerine before retiring, using a clean tooth brush for the purpose, drawing this down the full length of the tresses from root to tip. In the morning the hair will have a most delightful curliness and lustre, without the least suggestion of grease or stickiness and will be quite controllable, no matter how the hair is done up.

As liquid salmerine is procurable at any drug store and as a few ounces of it will last for months, no woman need put up with that flat, lank, dank appearance of the hair which gives such an unwholesome look of plainness to most faces.

### A SLAP AT THE JITNEYS

Oregon City, Ors., Oct. 19.—The passage of an ordinance compelling jitneys to secure a franchise, put up a bond of \$5,000, and pay an annual license fee of \$200, will result, it is believed, today, in putting out of business the cars operating between here and Portland. The ordinance became effective today.

### JUST APPLY THIS PASTE AND THE HAIRS VANISH

(Helps to Beautify.)

A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered borax, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatol.

## OREGON'S GOVERNOR TO VISIT EXPOSITION

### Governor Withycombe To Go October 30--and To Remain For a Week

Oregon Building, P. P. I. E., Oct. 19.—Finally convinced that he really ought to come to the Exposition, and even against his desires, permit himself to become the center of special occasions arranged by the Exposition officials that Oregon might be honored as other states have been, Governor James Withycombe has signified that he will be here October 30, and remain a week. Some time ago the date named was scheduled as "Oregon Participation Day" and plans made for such activities as might bring Oregon to the attention of Exposition visitors, and the nation as well, in some memorable way. It was assumed that Oregon's governor would fall in with the plan, but those who were doing the planning forgot the Governor's preference for work and his dislike of the spotlight and the hawking. When Commissioner Clarke outlined the situation to him and pointed out that it was his duty, if not his pleasure, to come here and enable Oregon to make a big noise, Governor Withycombe indicated that he had duties to perform at Salem, and begged to be excused. Then Commissioner Booth and Manager Hyland took up the matter, and though letters and telegrams flew thick and fast, not until Thursday was the Governor able to see his way clear to make the sacrifice of time and personal inclination the trip requires. As it is, everybody connected with Oregon's affairs at the Exposition is happy and special effort is to be made to make Oregon's final great occasion the greatest of the great. Besides the all-day affair on Saturday, October 30, which will be in the hands of the Exposition officials, Monday, November 1, is to be made a special occasion, and throughout the week there will be a gathering of the Oregon clans. The thousands of former Oregonians in California will receive special invitation to meet the crowds of Oregonians who will come from the north at this time to be present at Oregon's greatest occasion, to attend the Stock Show, and to see the splendors of San Francisco Day, certain to bring the largest of Exposition crowds. Oregon apples, cider, loganberry juice, gold medal prizes and Tillamook cheese will flow all week, and in a social way, the Oregon building will be the scene of many occasions. Aside from the pleasure of these big affairs (which also involve no end of labor) these occasions are absolutely essential as rallying points by which special advertising can be secured and special attention directed to Oregon's participation at the Exposition. Each state makes every effort possible to attract attention, and but for special occasions many of these would drop from public view. When other states make big noises it is necessary for Oregon to do her best—and nothing will be left undone during the week beginning October 30th.

### State Fair Exhibit Here.

O. E. Freytag, director of Agricultural exhibits, has just finished placing the exhibits sent down from the State Fair just ended at Salem. Some of the grains, grasses and fruits that won blue ribbons at home are now to be found in the Agricultural Palace, and the other material, while not blue ribbon material, is very creditable. The Land Products Show at Portland got the bulk of the first class exhibits at Salem, and that show is now being advertised here quite effectively. Large banners on the big trees at both entrances to the Oregon building, and at the booths in the Palace, now invite the public to stop at the big show in Portland. Getting back to Freytag's new display—there are to be found twelve boxes of Italian and Silver evaporated prunes, the best boxes of which weigh twenty pounds to the pound. They are beauties, and came from F. A. Kurtz, of Salem. Stock beets are all that one man wants to lift, while squashes are too big for any man to carry. Fresh apples are fair to look upon, and the new clover and alfalfa adds color and freshness to an exhibit that won the Grand Prize.

### HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

Daniel J. Fry, the popular druggist, has been in the drug business long enough to have his own opinion of the best way of selling medicines. He says the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest he has ever heard of. He doesn't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Daniel J. Fry and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell him so and he will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward.

Mi-o-na is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attending evils. Use Mi-o-na and see how much more there is in life.

### THE PUBLIC LIBRARY GETS MANY NEW PATRONS

During the month of September, 105 new readers were added to the list of those who appreciate the advantages of the Salem public library. Of this number 86 were from the city, reading books for the adults, 18 were children and one adult from the country. This increase in membership is due to some extent to the opening of the schools and the university.

The month of September brought in 120 new books by purchase and gift, bringing the total number of books and pamphlets now in the library up to a total of 11,539. The circulation for the month was 2,876, with an average of 119 a day. The largest day's business was when 174 were registered out, and the smallest day when the call was for but 83.

As in all libraries, the demand for fiction is far in excess of the call for other lines and during September 76 per cent of the adult readers preferred light reading. Children who naturally take to story reading, prefer books that are instructive as their per cent of fiction is but 82.

Of the 2,876 books registered out for the month, 2,110 were taken by adults and 766 by the children. 1,618 of the adult books were fiction. Even with this number, the records of the library show there has been a considerable falling off of fiction compared to September of one year ago.

### HOW SHE ACQUIRED 'FEMINE CHARM'

A nicely dressed woman sat beside me in the train. Everyone stared at her. It was not her beauty of feature that held our eyes, nor her costume. But there was something about her face and expression—I risked it and asked: "Would you mind telling me how you keep your complexion so dazzlingly pure? Don't think me impertinent, but you seem over 30, yet haven't a line in your face, and your cheeks are quite peach-like. How do you do it?"

Laughing, she said: "That's easy: I remove my skin. Sounds shocking, doesn't it? But listen. Instead of cosmetics I use only pure mercolized wax, procurable at any druggist's. I apply this nightly, like cold cream, washing it off mornings. This gently absorbs the soiled, weather-beaten film-skin, without pain or discomfort, thus revealing the fresh, clear under-skin. Every woman has a beautiful complexion underneath, you know. Then, to ward off wrinkles I use a face bath made by dissolving powdered saxitol (one ounce) in one-half pint witch hazel—a harmless astringent which 'tones' the skin wonderfully. Very simple, isn't it?" I thought so. I'm now trying her plan and like it immensely.—Millicent Brown in The Story Teller.

volved companies and is expected to disqualify himself.
