## FOOTBALL NOTES FROM ALL PARTS OF COAST

### U. of O. In Fine Shape--Aggies Ready--U. of W. On Way to Meet Spokane

Eugene, Or., Oct. 21.—The University of Oregon team was apparently in fine shape today for the game with Whitman at Walla Walla, Sunday.

All of the regular players were performing satisfactorily. It was believed that the same lineup that defeated Idaho last week would be in the game.

The open play system has been developed and will be used extensively against the Missionaries.

When told that Whitman claims to be 50 per cent stronger than when defeated by O. A. C., Coach Bezek declared that his team had done some improving too.

Diligent practice of the forward pass indicated that it will be called into play frequently Saturday.

### TO PLAY SPOKANE SATURDAY

Seattle, Wash., Oct. 21.—The University of Washington football squad, 22 strong, accompanied by Coach Dabie, his assistant Wayne Sinton and Graduate Manager Art Younger, leaves tonight for Spokane where on Saturday a battle with Gonzaga university is scheduled.

### DOBIE ANNOUNCED MURPHY, THE GIANT IDAHO END HAD BEEN REPLACED BY SMITH, A SEATTLE PRODUCT.

Had Young, star in 1912 displaced since by injuries, will start as quarter back, and Miller, Shiel and McKee will complete the backfield. Logg, a light man has won the center berth, Van Deborgart and Seagraves will be guards. Elmer Leander, Newton, Morrison and Grimm, tackle; Captain Hunt and G. Smith, ends.

While Dobie realizes his men are slower than in former seasons, a defeat at Spokane would surprise him. The team will average 179 pounds.

### AGGIES GETTING IN SHAPE

Corvallis, Or., Oct. 21.—The Oregon Aggies were rapidly rounding into shape today for the game with the Michigan Aggies at East Lansing, Michigan, October 30.

The players have been shifted about in an endeavor to strengthen the team.

Three more practices will be held before the team starts east next Saturday, and they will be crowded with the roughest kind of work.

This afternoon the first and second teams will play a game as nearly approaching the real thing as possible.

Coch Stewart has not finally selected the 18 players who will make the eastern trip, but he apparently has this list made out.

### BERKELEY TEAM CRIPPLED

Berkeley, Cal., Oct. 21.—California's football prospects today appeared to be badly impaired as the result of the announcement that End Douglas Cohen, who sustained a broken jaw in a recent game, will be out of the game the remainder of the season.

### GETS SMALL FRACTION

Urbana, Ohio, Oct. 21.—Alvin Ballinger, of Forest Grove, Ore., a great grand nephew is one of 150 heirs to share in the \$20,000 estate left by Jordan Downs and his wife. He gets one two thousand two hundred and twentieth.

### Devotion of Wife Saves the Husband

(Eugene Guard.)

The devotion of a wife to a wayward husband in a measure triumphed today when Ben D. King, self-confessed thief, stepped from the prisoner's dock in the circuit court into the arms of the mother of his five children.

Tears were running down her face, as she drew her babe in arms to one side that she might kiss him. King took the little tot and together they left for the Lane county poor farm to get four other children, planning to start life anew.

"Is Ben D. King in the court room?" Judge G. F. Skipworth inquired at the opening of the afternoon session of the court. "Mr. King, stand up. Have you anything to say, that the court should not impose sentence at this time?"

"All I have to say is that if the court will give me another chance, I will make good."

Judge Skipworth then sentenced the prisoner to serve from two to five years in the state penitentiary, and added that it was the further judgment of the court that he be paroled to the Lane County Prisoner Aid society, the secretary of which he will be required to report once each month.

"The court is giving you a chance to make good," Judge Skipworth stated. "I am giving you a chance to make good not only on your own account, but on account of your wife and five children, who are now in the Lane county poor farm. It is up to you whether or not you go to the penitentiary. It is your duty to hunt a job and go to work. Any violation of any law of the state, no matter of what nature will constitute a violation of this parole. It is further ordered by this court that you shall abstain from the use of alcoholic liquor, and that you shall report to the secretary of the Lane County Prisoner Aid society once each month."

### Roosevelt Invited to Join the Allies

The following dispatch clipped from the Little Falls (Minnesota) Transcript is handed us with request to publish:

Milwaukee, Wis., Aug. 28.—Charles Mechel, a Milwaukee German, representing a number of his fellow countrymen here, has mailed a letter to former President Roosevelt at Oyster Bay, making him a financial offer to go to Europe and join the allies in their fight against the kaiser and his soldiers. The letter is:

"Dear Colonel: We see by the papers that you want to fight with the Germans. Representing a small coterie of local men who have subscribed \$250 I tender you this amount to defray your expenses in joining the Canadians going to France. This will give you the time of your life."

Indignation is usually unprofitable.

## HENRY CLEWS LETTER DISCUSSES THE CROPS

### Last Year's Crops In United States Worth About Eleven Million Dollars

New York, Oct. 16.—As usual, the general public is late in realizing the extent of changed financial conditions; and the question is repeatedly asked, what caused the rise outside the stocks affected by war profits? Everyone appreciates that a certain class of industrialists must profit by war, in spite of the larger losses elsewhere; also that this country stands to lose less and gain more than any other from the tragic struggle abroad. But what are the factors that are carrying this rise into other classes of investments? They are chiefly these: An extraordinary harvest, and an equally extraordinary abundance of money. Combined, these two influences are quite sufficient to account for the recent strength of the stock market, although there were others serving to stimulate the general buoyancy, such as the successful placing of the Anglo-French loan and the apparent cessation of the public hostility to railroads and other large corporations.

### Have Wireless Chat With Paris Operator

Washington, Oct. 21.—The navy department experts last night attempted the most inspiring feat of wireless telephony on record when they sought to talk across the ocean to Paris.

From the Arlington station here, wireless officials talked at the Eiffel tower station in Paris, where a receiver had been installed. While there were no transmission sets in the tower, authorities are confident that their chat reached the French station and that they will soon have a cablegram confirming the conversation.

Success had already crowned efforts to talk by wireless from here to Honolulu, a greater distance than Paris, but in the work of the experts in the darkened sending room at the Arlington station last night there was something to touch the imagination in the thought of chatting with a nation where war rages.

### OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefitted to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been treated for years and has brought results to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp Root from any druggist now. Start treatment today.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Salem Daily Capital Journal.

### To Install Big Guns At All Coast Forts

Washington, Oct. 21.—Pacific coast army forts will glisten with big guns under plans for coast defense officially announced today. Installation of many big 14-inch and 16-inch guns is planned.

Among Secretary Garrison's estimates is one for completion of strong fortifications at San Pedro, gateway to Los Angeles. Plans of the army general board for enlarging Fort MacArthur there will be recommended to congress.

An addition of sixteen inches for the San Francisco fortifications is likewise planned.

Big batteries will be added at Puget Sound.

Plans call for completion of the enlargements within the next four years.

### HOT CURLING IRON GOES—NO MORE BROKEN HAIR!

(Beauty's Mirror)

Every woman knows that continual use of the hot curling iron means brittle, blistered, parched, dead-looking hair with burnt, uneven ends. There's no need of anyone using that instrument of torture, now that we know what can be accomplished by the occasional application of ordinary liquid silmerine. This is not only more effective, giving the hair a fluffier and prettier curl, but tends to promote its health, lustre and beauty. Any druggist can supply silmerine in liquid form and a few ounces will last many weeks, so it is quite economical to use.

The approved way is to part the hair in several strands and with a clean tooth brush apply the liquid the full length of each strand. The over-night transformation is agreeably surprising to one who has never tried this simple and harmless method.

### BIG STORM COMING

Portland, Or., Oct. 20.—The weather bureau this afternoon ordered small craft warnings displayed at all Puget Sound points. Earlier in the day storm warnings were ordered displayed for points in Washington coast from Port Crescent south toward the Columbia river.

### —the dependable automobile

More than any other type of automobile will the 1916 Detroit Electric give you reliable—efficient—satisfactory—and economical service the entire year 'round.

It is equally adaptable for winter or summer motoring without change of body. It will carry you as far as you ordinarily care to go in a day without recharging. It will develop all the speed you really need. It saves the big repair, adjustment and replacement bills that complicated gas cars are constantly incurring. It saves in fuel also—current for battery charging is furnished at low rates (\$5 to \$7 per month) and is growing lower all the time. It never has ignition, carburetor, cylinder or engine trouble to pile up expenses and remove it from service. For the entire family it is the first choice automobile for it is roomy enough for all and each member can drive it with absolute security even in crowded traffic. Phone convenient time for your demonstration.
