The D. D. club of Willamette university will be at home to the faculty, students and friends of the university, Saturday evening at an informal reception to be held at their club house, 1030 Chenebets street. The D. D. club is one of the popular campus organizations and the affair which is to be in the nature of a formal opening to the student body, is anticipated with much pleasure by college circles. Arie Walker is the president, and A. J. Gillette, the manager of the club.

Mr. and Mrs. W. H. Byars have been entertaining several guests this week at their home on North Commercial street. The fore part of the week Morton C. Mrs. Hadley, who is a sister of Mrs. Byars, was a recent guest at her home. Mr. Hadley was accompanied to Portland by his wife, who is visiting at the home of her parents in that city. Mr. and Mrs. Hadley are prominent in musical circles, an attractive picture of Mrs. Hadley having appeared in Sunday's Oregonian. Mrs. Mary Hamilton, a sister of Mr. Byars, and son Ralph, of Fossil, Oregon, will leave tomorrow for Mehama after a week's stay at the Byars home. They will stop at Jefferson and Albany, on their way to Mehama, where they will celebrate the golden wedding anniversary of Mr. and Mrs. Lewis Stout next Tuesday. MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very bad and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

GERMANS KEEP THEM BUSY.

Paris, Oct. 22.—Seeking to keep the French forces busy along the western front, the Germans have attempted in the past 24 hours a number of attacks, which, today's official statement claimed, were repulsed.

"The German attack on our salients southwest of Fort Givenchy were repulsed," said the statement. "We also easily repulsed the enemy about Souchez. Replying to a heavy bombardment west of Tabure, east of Mesnil and Ville-Sur-Tourbe, we partly silenced their batteries.

"Our artillery and mine fire destroyed a German post in the Argonne. French aeroplanes bombarded a German aviation park at Ousel."

S. P. AND COMMITTEE TO CONFER ON O. & C. LANDS HERE OCT. 18

Governor Sets Tentative Date for Further Conference on O. & C. Lands

Governor Withycombe has received from D. W. Campbell, general superintendent of the Southern Pacific railway, a telegram stating that the company stands ready to have representatives meet with the committee appointed by the recent land grant conference. It will be remembered that in conformity with the resolution passed by the conference, the governor, secretary of state, state treasurer, chairman of the conference, and three members of the conference selected by the chairman were "authorized to confer with the Southern Pacific company to the end that a plan be evolved whereby the cooperation of the Southern Pacific railroad can be secured in opening the O. C. grant lands to early settlement without further litigation."

The members of this committee are:

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and the joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "An-uric."

During digestion uric acid is absorbed into the system from meat eaters, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "An-uric," the new discovery of Dr.

Pierce for kidney trouble and backache. Neglected kidney trouble is responsible for many deaths, and insurance company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical Staff of the Invalid's Hotel. If you wish to know your condition send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Assisting Physicians will inform you truthfully.—Adv.

W. I. Vawter, of Medford; ex-Senator L. E. Bean, of Eugene; Senator S. M. Garland, of Lebanon; C. E. Spence, of Oregon City; State Treasurer Kay, Secretary of State Olett, and Governor Withycombe.

The governor has set Thursday, November 18, as a tentative date of meeting. The conference will be held in Salem. He has today communicated

Cleaning His Gun He Killed Minister

Tacoma, Wash., Oct. 22.—Rev. James S. West, pastor of the First Baptist church, is dying at the Tacoma general hospital from a rifle shot fired by Retp Adair, a companion on a hunting trip in the mountains 30 miles from Enumelaw, Rev. West was shot through the abdomen by accident when Adair attempted to clean his gun while it contained a cartridge, Thursday morning. He had to be carried out on a stretcher through miles of forest to the end of the road, a long distance from the nearest town. An automobile was then pressed into service and the wounded man was brought to Tacoma early this morning. Hours of inattention to the wound and the torturing journey, coupled with loss of blood made the ease almost a hopeless one.

Rev. West came here last July from Bakersfield, Cal., where he was pastor of the Baptist church for four years.
