EYES OF COAST ON THE KICKERS TODAY

Many Big Games Today Put Football Fans Up To Fever Heat

Chicago, Oct. 23.—The eyes of the middle western football world today turned to Minneapolis where Iowa and Minnesota will meet in what promises to be one of the best games of the 1915 season.

BIG GAME IN CALIFORNIA

Berkeley, Cal., Oct. 23.—Football enthusiasm ran high today over the University of Southern California-University of California football game at Berkeley.

O. A. C. TO PLAY MICHIGAN

Corvallis, Ore., Oct. 23.—A real game with the scrubs as opponents this morning concluded the training of the O. A. C. team prior to its departure for East Lansing tomorrow where the

Big Game at Spokane Another at Walla Walla

Portland, Ore., Oct. 23.—Two important games will whet the appetites of the football fans in the Pacific northwest this afternoon. The University of Oregon will play Whitman college at Walla Walla, and the University of Washington will clash with Gonzaga college at Spokane.

Great interest was manifested in the Spokane game as it is the first time the state varsity team has appeared in eastern Washington since 1912 when Idaho was given a fearful drubbing.

The "dope" seems to favor Washington to win, but the Gonzaga team has been carefully coached by "Wee" Coyle, a former varsity quarterback who has a good working knowledge of Coach Dobie's methods.

SOME BIG ONES EAST

New York, Oct. 23.—Big elevens of the east went to battle today with formidable opponents. All the contests promised to try the mettle of the players to a remarkable extent.

Allen, Bissett, King, Brooke and Anderson are suffering from tonsillitis, while Hoerline, Hofer, Moist, Abraham and a couple of others have had bruises and sprains.

WAR NEWS OF ONE YEAR AGO TODAY

France admitted German advances near Dixmude and La Bassée, but claimed an allies' advance east of Nieuport and the taking of roads commanding the valley of the Aisne.

Jane Addams Thinks Diplomats Not Fitted To Settle the War

Chicago, Oct. 23.—Broadminded men of great mental attainments whose lives have been devoted to the betterment of humanity, are the men Jane Addams would have upon the world's peace commission in place of diplomats and international lawyers.

WHAT JANE ADDAMS THINKS

"I am not disparaging members of the various diplomatic corps when I say that they are not fitted for positions on a commission to settle wars, for their minds have been trained to consider problems from the point of view of their own countries. We must have men whose minds are trained to visualize the needs of all nations."

GREAT PARADE IN NEW YORK TONIGHT

Three Thousand Men to March In Suffrage Parade In Metropolis

THREE THOUSAND MEN TO MARCH Led by James Lee Laidlow, the banker, and "The Noble 92" brave original male suffrage marchers, 3,000 New York men today were ready to join the monster campaign-climax parade of 25,000 New York suffragists up Fifth avenue and through the heart of New York.

(By United Press staff correspondent.) New York, Oct. 23.—What probably is the biggest suffrage parade on record was scheduled to start up Fifth avenue this evening.

Among the 3,000 men marchers were such well-known personalities as these: Will Irwin, author; George Middleton, playwright; William M. Mackay, artist; Allen McCurdy, clergyman; Samuel McEvoy, author; William Rose Benet, editor; Wyatt Binger, poet; Sinclair Lewis and Charles Norris, authors.

These were supplemented by lawyers, doctors, actors, business men and just citizens. Gigantic banners declaring "Wilson Is For Suffrage," "Suffrage Means Better Babies," "Suffrage Means Pure Milk," "Suffrage Means Clean Streets," "Seven Million Women Vote Elsewhere in the World; Why Not in New York?" and costing about \$2,500 made the parade a veritable river of gay colors.

Mrs. Leonard Thomas, Newport society leader, will carry the International Woman Suffrage Alliance's banner that will head the big parade. She will be the first woman in the entire line walking in advance of Mrs. Carrie Chapman Catt.

This section will include a "proxy procession" of the 30 nations represented in the alliance, but no national colors will be carried save that of America and Uncle Sam will lead. The women are to wear pure white.

Did It Ever Happen to You? - - - - - By Mort Burger

TO REGAIN HEALTH CLEANSE THE BLOOD

When your blood is impure, weak, thin and debilitated, you cannot possibly enjoy good health. Your system becomes receptive of any or all diseases and germs are likely to lodge in some part of the body.

Local Elections May Indicate National Results

(By United Press staff correspondent.) Washington, Oct. 23.—Three state and five congressional elections to be held November 2 are looked to by national committees here to furnish an indication of the present political sentiment of the country.

Perhaps the most closely watched contest is that for the governorship of Massachusetts. The present governor, David I. Walsh, democrat, is a candidate for reelection, and opposing him is former Congressman Samuel W. McCall.

New Data On Japanese Cotton Industry

A 13 per cent increase in the production and one of 32 per cent in the exports of cotton yarn marked the activities of the Japanese cotton spinning and weaving mills in 1914, according to reports from an American consular desk the unsettled conditions in the world markets that affected industry and trade everywhere during the last six months of the year.

Multnomah Athletes Defeat Seattle Men

Portland, Ore., Oct. 23.—The boxers and wrestlers of the Seattle Athletic club returned home today minus medals but rich in experience. They lost every bout to the Multnomah club athletes in the first inter-club tournament of the season last night.

TOWNS WILL BE DESTROYED

London, Oct. 22.—Inhabitants of Mitau, south of Riga, have been warned that if the Germans fail to talk Riga, they will destroy all towns in their retreat, according to a Petrograd dispatch today.

Most Prosperous Year in History of Anderson Electric Car Company

In a recent interview with Mr. W. C. Anderson, president of the Anderson Electric Car company, he stated that "At the present time we have already booked orders for nearly 80 per cent of the volume of business we did during the entire fiscal year just finished. Year after year this company has built and sold more cars than any other manufacturer of enclosed automobiles—either electric or gasoline. This year it became necessary to more than double last year's output in order to meet the demand. Yet even with this increase the daily orders are taxing production to the limit. This situation exists in spite of the fact that an entire new building had been erected for the finishing of the Detroit Electric bodies; in spite of the fact that great batteries of new labor saving machines have been installed and the working force in the Detroit and Cleveland plants has increased to over 1200 men."

KILLING WAS PREMEDITATED

San Francisco, Oct. 22.—Evidence tending to show that Mrs. Mary Parnis did not tell the whole truth when she confessed to decapitating the crippled Michael Weinstein and hiding his body was in police hands today. They found that the hotel room to which she fled after killing Weinstein was engaged in the afternoon and not at night as she claimed. This indicated that the girl had planned the killing and wanted to be prepared for flight afterward.

THESE two great qualities Comfort-Convenience surround you at Hotel Nortonia

Anything that inspires these qualities that encourages good cheer—is sure to be hailed with acclaim. Wholesome foods—temptingly served—are delightful—fill one full of snap and good humor—bound to. Begin the day with a Nortonia meal—the kind that sustains—be happy.

Rooms with privilege of bath \$1 or more the day. Rooms with private bath \$1.50 or more the day. The thing that appeals—moderate prices.

SEPTEMBER CROP CONDITIONS

The estimates of the department of agriculture for October 1 show record crops of wheat, oats, barley and hay, and a corn crop closely approaching the record. The returns to that department indicate a production of approximately three billion bushels of corn, one and a half billion bushels of oats, one billion bushels of wheat, almost a quarter billion bushels of barley, and a hundred million tons of hay, if the twenty million estimated tons of wild hay a crop not heretofore reported upon, be included.

According to the reports received by the department, prospects improved during September for all of these crops. The conditions during the month were generally favorable to the maturity of growing crops, to harvesting and to fall plowing. The proportion of warm and sunny days was higher than in prior months, though there were rather general storms toward its close. The moisture for the month was normal or below, except in portions of the north central states, particularly the northern tier. The droughty conditions in some gulf and western states were relieved by late rains in most states affected. Frost did little damage, except in portions of the extreme northern states.
