

Buy Your Piano Now

The Cheapest Time in Ten Years

The war is on. Strings are going to be higher. Felts are going to raise in price. Pianos will never be any cheaper than they are today.

What Is Home Without a Piano?

No home nowadays is complete and no family can gain the full realization of happiness without a musical instrument of some kind, of which a piano is the most desirable and the most appropriate. The value of a GOOD MUSICAL EDUCATION is appreciated more and more, and musical talent is now cultivated in a marked degree by people in all stations of life. It is a social accomplishment of the highest and most desirable kind and gives the possessor an individuality and a social standing that nothing else can give.

The Test of Piano Quality

The purchase of a piano is, in most homes, an event that occurs only once in a lifetime. The utmost care should therefore be used to select the right kind of an instrument. The case of a "COMMERCIAL" piano may be artistically modeled and beautifully finished, and if one bought a piano merely for its worth as a piece of furniture, judgment might well be based on excellence that appeals to the eye alone. But a piano should be more than an ornament to the home. It should be charm that will attract the family and its friends to the fireside and make home a pleasure. A PIANO OF QUALITY is not merely so much wood and metal, but a thing of life—an instrument with a soul. A piano of quality readily responds to the player's touch, thought and mood, making it possible to interpret the works of the great masters of music.

Why Not Buy As They

"NO USE ARGUING"

BE VERY CAREFUL WHEN YOU SELECT YOUR PIANO

Apply this test and you will have a piano that will give a lifelong satisfaction and will be a pride and a pleasure to your entire family as well as your circle of friends

Are All Low Pric'd

ARE YOU GOING TO GET A PIANO

or a Player Piano for your home? If so, when? But listen, Mr. Man, or Mrs. Woman, don't buy a piano that you can buy new for \$150. There is not a piano built in this whole United World that can be sold retail for \$150. That is, a reliable instrument. It is a stencil from the word go. And you may rest assured that when you buy one of these thump boxes you are getting stung. Makes no difference how cheap you buy it. \$150 will not buy the raw material that goes into a high grade piano, and how on earth do you expect to get a quality piano for \$150? If you only have \$150 to invest in a piano, buy one of our high grade instruments that some one has traded in on some of our fine player pianos, then you may look back twenty years from today and see where you spent your money.

THE KIND WE SELL IS THE KIND YOU CAN SAFELY BUY

The Chickering, Sohmer, Packard, Steger & Sons, Kimball, French and Sons, Smith and Barnes, Marshall and Wendell, Strohber, and many other standard makes. Player Pianos in several different makes.

SLIGHTLY USED PIANOS AT GREATLY REDUCED PRICES

These are the ones taken in on player pianos. See them at once, as they will not stay on our floor long.

Some Fine Used Organs---Will Sell Them Cheap

GET A GRAFONOLA, THE WORLD'S GREATEST TALKING MACHINE

If you have a silent piano and do not play, trade it to us for a fine Grafonola. You will enjoy the music from the world's greatest artists.

BODIES RECOVERED ARE ALL IDENTIFIED

Mrs. S. Calbeck of This City One of Victims of Santa Clara Wreck

Marshfield, Ore., Nov. 4.—Eight passengers and three members of the crew of the steamer Santa Clara, which went aground in Coos bay late Tuesday, were still missing today, but it was hoped that most of them were being taken care of by kindly disposed persons who failed to report the fact. The eight bodies recovered have all been identified. Those of the two women who for hours baffled all effort at positive identification proved to be Mrs. S. Calbeck, of Salem, Oregon, and Mrs. B. Cullen, of Portland. The three members of the crew missing are an assistant engineer, a fireman and a mess boy named Jack Farrell. As they were in one of the boats that swamped it is feared they perished. Five persons are suffering from injuries sustained while struggling in the water but are all expected to recover. Under the direction of Captain Gus Lorstedt of the Santa Clara, workmen are removing parcel post mail and express packages from the Santa Clara. If the water remains as smooth as it is now it is believed the greater part of the Santa Clara's cargo will be salvaged. The vessel is resting easily with her prow deep in the sand. Captain Lorstedt is being praised today for his calmness during the trying time after the Santa Clara went aground.

Probably Twelve Dead. Marshfield, Ore., Nov. 4.—The names of the four members of the crew of the steamer Santa Clara who are believed to have drowned when the steamer went aground in Coos bay Tuesday, were learned today. They are: First Assistant Engineer John Wellor, Fireman Manuel Tello, Mess Boy Thomas Farrell, Winch Driver Robert Shearer. Counting the eight identified victims it was believed that at least 12 persons lost their lives in the disaster. Seven passengers, including T. Gaff James Hayes, Fred Jones, S. Collins and S. Allen, are still unaccounted for but it was thought most of them were with friends or had failed to report. The body of Mrs. D. H. Thorne, of Hood River, will be taken to San Francisco by her husband for cremation. The remains of Mrs. S. Calbeck, of Salem, and Mrs. M. J. Dunn, of Butte, Mont., will be removed to their respective homes for burial. The bodies of Alfred Crowley, of Sedro-Woolley, Wash., Eugene Gillenwater, of Seattle, and Delmar Bogue, of Gold Hill, Ore., the three children whose lives were lost in the wreck, will be buried here this afternoon. Oiler Harry Andrad will be buried here.

THE EASIEST WAY TO END DANDRUFF

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dandruff is entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

DIED

BOYD—At the family residence, 796 North Fifteenth street, Salem, Wednesday, November 3, 1915, Mrs. Martha L. Boyd, at the age of 66 years. She is survived by her husband, and a son and daughter, Charles Boyd of Albany, and Mrs. Lala Eaton of this city. Funeral services will be held Friday from the Terwilliger Cottage Parlors at 10:30 in the morning, the Rev. Carl H. Elliott officiating. Burial will be in the Odd Fellows cemetery.

ROBERTS—At the home 454 South Cottage street, Salem, Oregon, Wednesday, November 3, 1915, Mrs. Anna D. Roberts, at the age of 29 years. Surviving are the husband, Solomon Roberts, and three minor children, two daughters and a son. Her parents live in Granville, New York. The body is at the Rigdon and Richardson funeral parlors. Announcement of the funeral will be made later.

GOT CARNEGIE MEDAL

Everett, Wash., Nov. 4.—C. Eldsworth Clausen, aged 19, who saved Miss Gail Bartholomew from drowning in Penn Cove, near Coupeville, last May, has been awarded a Carnegie hero's medal and \$2,000 for educational purposes.

SALEM WOMEN MIGHT TELL HAIR SECRET

A great many Salem women, who have an abundance of beautiful hair, know about a remarkable hair formula which every woman ought to know about. For a number of years Salem druggists have been continually called upon to mix this formula. Undoubtedly the use of this formula is largely the secret of the beauty and luxuriance of the hair of very many Salem women—and men too. The formula consists of six ounces of bay rum, two ounces lavender de compose, and one-half drachm of menthol crystals. Some people add a teaspoonful of perfume. A New York physician and a New York chemist were recently consulted regarding the efficacy of this mixture and they both say they know of nothing better to destroy dandruff, stimulate hair growth, cleanse and invigorate the scalp, stop falling hair, and to make the hair fluffy and give it lustre. Any druggist can furnish you the ingredients which you can mix at home or will mix them for you. Apply to the scalp night and morning and rub in with the finger tips.

SAN FRANCISCO NOW THE LABOR CAPITAL

Leading Officials of American Federation of Labor Are There

San Francisco, Nov. 4.—San Francisco is, and for two weeks will be, the labor capital of the country. Practically all of the leading officials of the American Federation of Labor and other lesser and affiliated organizations are here or en route here for the annual convention of the federation which opens Monday. Secretary Frank Morrison has already established headquarters here, and President Samuel Gompers is expected tonight. The entire executive council of the federation will be here Saturday, when the business program for the convention will be completed. Secretary Morrison said today there will be 375 delegates in attendance, including fraternal delegates from England, Canada, Japan and representatives of the farmers' union, Catholic church societies, the federal council of the churches of Christ, representing the Protestant societies of the country. The Women's Union Label League and the Trade Union Auxiliary will also be represented. Consideration of the situation in the ammunition shops of the country was taken up today when the metal department of the federation opened its convention. The label trades department also met today, with 75 delegates in attendance. Means of widening the field of the Union Label and of increasing the demand for union made goods were taken up by the convention.

Oregon Building May Come to Ashland

Oregon Building, Nov. 4.—If the Southern Pacific will haul the Oregon Building to Ashland free of cost, it is not wholly improbable that the famous Oregon Parthenon will grace the wonderful park being developed at Ashland through the expenditure of \$175,000 secured by bond issue for this purpose and that of developing the Lithia Springs there. During the past few days, Editor Bert R. Greer, of the Ashland Tidings, and chairman of the Springs Water Commission has been here in consultation with the Oregon commission and the Southern Pacific officials and is serious in his attempt to secure the Oregon building for re-erection in his home city. Just now there is no great hope that the government will decide to maintain the building here, and contract calls for its removal within ninety days after the close of the exposition. The best offer that the commission has had for the building is \$1,000 the concern making this offer agreeing to remove the structure and put the ground in the shape required by the contract. However, Editor Greer figures that the commission can afford to waive that amount if the famous building could be re-erected at Oregon's southern gateway, and the public in general will agree. It will cost from twelve to fifteen thousand dollars to transport the building and Mr. Greer is confident that he can secure that amount in his home city, providing the Southern Pacific will agree to transport the wreckage to Ashland. It is understood that the Springs commission already has available a considerable sum for the construction of a casino in the park, and there would be no difficulty about financing the re-erection of the Oregon building. If the Parthenon is not to be maintained here, it is reasonably certain that all Oregon would delight in its reconstruction at Ashland. That city is spending a very large sum to develop a great resort and the beautification of the mountain park practically in the heart of that city is now in the hands of McLaren, father of Golden Gate Park's landscape beauty, and also responsible for the wondrous beauty of the exposition grounds. The Oregon Parthenon would have perfect surroundings there, and as a convention hall, museum, casino, or something of the sort it would serve a good purpose and advertise Ashland as nothing else could and result to the great advantage of Oregon in general.

TAKES SHEEP TO FAIR

(Capital Journal Special Service.) Dallas, Ore., Nov. 4.—Dave Biddell of Monmouth, left this week for the Panama-Pacific exposition at San Francisco with about 25 head of Cotswold and Lincoln sheep, the pick of the Biddell flock, which will be exhibited at the fair with the expectation of carrying off some big prizes. The Biddell sheep are well known in the Pacific northwest and have carried off honors several years.

GASKILL—At the Willamette Sanitarium, October 28, 1915, to Mr. and Mrs. J. W. Gaskill, a daughter.

MOSHER—To Mr. and Mrs. W. F. Mosher, at the McDonough home, 541 Statesman street, Thursday, November 4, 1915, a son, Maurice Lowell. Mrs. Mosher was formerly Miss Hazel Harris.

AND YOU WAKE UP WITH BEAUTIFULLY CURLY HAIR
(Town Tattler)

This is a secret that will, I know, be appreciated by my lady who dislikes the tedious and "nervous" task of twisting her locks around a heated iron, perhaps singeing the hair, burning off the ends, and blistering fingers or scalp in the operation. From any druggist procure a few ounces of pure silmerine and at night pour a little onto a clean tooth brush and draw this down the full length of the hair. A simple thing to do, but remarkably effective, as will be apparent in the morning. The hair will have a wonderfully soft, fluffy curliness, much more natural looking, glossier and livelier in appearance than where a waxy iron has been used. Silmerine doesn't make the hair sticky or greasy, and there will be no trouble doing it up in any style desired.—Olga Ormsbee.

MARRIED
MINCH-GIBSON—In Salem, Oregon, Wednesday, November 3, 1915, at 11 a. m., in the parsonage of the officiating minister, Rev. H. E. Marshall, Roy Minch and Pearl Gibson. The young people will make their home eight miles south of this city with their parents.
