### EUGENE INDUSTRIES ARE SUMMARIZED

#### Census Bureau Reports Thirty Seven Industrial Establishments

Washington, D. C., Nov. 17.—A preliminary statement of the general results of the census of manufactures for the city of Eugene, Oregon has been issued by Director Sam L. Rogers, of the Bureau of the Census, Department of Commerce. It was prepared under the direction of Mr. William M. Stewart, chief statistician for manufactures.

The figures are preliminary and subject to such change and correction as may be found necessary from a further examination of the original reports.

The census excluded the hand trades, the building trades, and the neighborhood industries, but took actual account only of establishments conducted under the factory system. Statistics were not collected for establishments having products for the census year valued at less than \$500, except that reports were taken for establishments idle during a portion of the census year, or which began operation during that year, and whose products for such reason were valued at less than \$500.

The word "establishment" as used in the census reports may mean more than one mill or plant, provided they are owned or controlled and operated by a single individual, partnership, corporation, or other owner or operator, and are located in the same town or city.

The reports were taken for the calendar year ending December 31, 1914, wherever the system of bookkeeping permitted figures for that period to be secured, but when the fiscal year of an establishment differed from the calendar year a report was obtained for the operations of that establishment for its fiscal year falling most largely within the calendar year 1914.

There were 37 establishments reported as located within the corporate limits of the city during 1914. The capital invested was \$651,000. In this connection it should be stated that the inquiry contained in the census schedule calls for the total amount of capital, both owned and borrowed, invested in the business but excludes the value of rented property, plant or equipment which was employed in the conduct of manufacturing enterprises. In the final bulletins and reports the rental paid for such property will be shown separately.

The cost of materials used was \$107,000. In addition to the component materials which enter into the products of the establishment for the census year there are included the cost of fuel, mill supplies, and rental of power and heat. The cost of materials, however, does not include unused materials and supplies bought either for speculation or for use during a subsequent period. The census inquiry does not include amounts paid for miscellaneous expenses, such as rent of office, royalties, insurance, ordinary repairs, advertising, traveling expenses, or allowance for depreciation.

The value of products, which amounted to \$810,000, represents their selling value or price at the plants as actually turned out by the factories during the census year and does not necessarily have any relation to the amount of sales for that year. The values under this head also include amounts received for work done on materials furnished by others.

Summary for the City.	
Number of establishments	37
Persons engaged in manufactures	322
Proprietors and firms	40
Salaries employees	44
Wage earners, average number	238
Primary horsepower	336
Capital	\$651,000
Services	206,000
Wares	167,000
Materials	407,000
Value of products	\$810,000
Value added by manufacturer (value of products less cost of materials)	463,000

### A MERCILESS JUDGE

One Who Shows No Favor. A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Salem resident has withstood the sternest of all tests.

A. J. Wood, 733 North Front street, Salem, says: "Kidney complaint got so bad in my case that I knew I would have to check it or suffer more serious results. Just after getting up in the morning, the complaint was worse. I had heard of Don's Kidney Pills doing good work in similar cases. I began using them. In a short time I was free from kidney complaint. I have never had a sign of kidney complaint since."

A Permanent Cure. More than six years later, Mr. Wood said: "I have never had a return symptom of kidney complaint since Don's Kidney Pills cured me. I willingly can give my former endorsement of this medicine."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mr. Wood has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

### Will Investigate Death of Woman

Los Angeles, Cal., Nov. 15.—Coroner Hartwell will probably order an autopsy today to ascertain the cause of the death of Miss Anna Kirkwood, wealthy Long Beach woman, whose body has been found on the south side of Santa Anita canyon, on an almost inaccessible spot. Several acquaintances of Miss Kirkwood have positively identified the remains as hers, although the body is unrecognizable. It is believed the corpse lay on the hillside fully a month. Miss Kirkwood mysteriously disappeared from her home more than a month ago. She is believed to have succumbed to exposure.

### LESS MEAT IF BACK AND KIDNEYS HURT

#### Take a Glass of Salts to Flush Kidneys If Bladder Bothers—Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithin, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

### Trial of Alleged Dynamiter In Progress

Los Angeles, Cal., Nov. 16.—Photographs of the ruins of the Times building were introduced into the M. A. Schmidt murder trial today over the protest of defense counsel.

District Attorney Woolwine was in the act of handing the print to Alfred A. Adams on the witness stand when Chief Counsel Coghlan demanded that the defense be permitted to examine the photographs before they were presented to the witnesses.

Schmidt sat close beside his attorneys as they looked over photographs of the building he is charged with having helped blow up.

Adams, former police officer, took photographs of the Times shortly after October 1, 1910, the date of the disaster.

He was given the severest cross-examination defense attorneys have yet undertaken. Job Harriman, questioning Adams, asked him if he was familiar with the oil tank which it is understood the defense claims exploded. He said he was. "Did you know whether or not there was a large hole in the tank?" he was asked.

"There was not, only a small hole," he replied. "We will show you your own photograph then," said Harriman rising and producing the photograph which the district attorney had set aside as evidence. He pointed out the hole shown in the picture but Adams still persisted that the photograph did not show a hole.

Ten photographs in all were shown.

### Wholesale Evasions of Wine War Tax

San Francisco, Nov. 16.—A wholesale investigation of alleged evasions of the wine war tax is being made by internal revenue agents today according to Collector Scott.

More than 39,000 tons of wine grapes have been shipped into San Francisco from Sonoma this season from which at least 45,000 gallons has been manufactured. The taxes on this wine would amount to \$85,000 Scott says.

The discrepancies between the amount of grapes shipped into San Francisco and the amount of internal revenue tax paid, indicates the officials say, that an effort to evade the eight cent per gallon tax is being made.

### OUCH! LAME BACK RUB LUMBAGO OR BACKACHE AWAY

#### Rub Pain Right Out With Small Trial Bottle of Old, Penetrating "St. Jacobs Oil"

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Rub oil, honest "St. Jacobs Oil" wherever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

### Ten Were Injured By Derailed Train

Fresno, Cal., Nov. 16.—Ten persons were reported to have been injured today when a Southern Pacific train on the Raymond branch was derailed near Berenda, California. Two doctors and several nurses were sent to Berenda on a wrecking train.

Of the ten who were injured four were said to be seriously hurt. They were:

- Mrs. W. S. Hill, Fresno.
- Mrs. William Taylor, Brakeman Hamby, Unidentified man.
- A coach and a box car attached to the train left the rails. The cause of the accident was unknown.

### CATARRH CAUSED BY A GERM

Must Be Destroyed Before Catarrh Itself Can Be Cured, says Specialist. Wonderful Results from Breathing Medicated Air.

Medicine taken into the stomach will never cure catarrh. And neither will the sprays, douches, lotions, creams and other temporary reliefs that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation which does this called Hyomei (pronounced High-o-mey). Hyomei is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomei through the mouth and nose by means of a little hard rubber inhaler which druggists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen inflamed membranes, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes from catarrhal distress of every kind and if you make a practice of breathing Hyomei for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try or buy Hyomei on pure faith. Daniel J. Fry and many other leading druggists in Salem and vicinity sell it with the positive guarantee that it must cure catarrh or that the money paid for it will be refunded. Hyomei is very inexpensive and with this protecting guarantee behind your purchase there is absolutely no reason why any sufferer from catarrh should not give it a fair trial.

### Accuse Jonathan Bourne of Muddling Figures

Washington, Nov. 16.—Secretary of Treasury McAdoo was charged today by Ex-Senator Jonathan Bourne of Oregon with shifting figures and concealing the true financial condition of the government.

The shift, according to Bourne was over \$100,000,000.

Harvey Chase, a certified public accountant, swore to this analysis of McAdoo's figures, charging that the balance of the general fund October 23 was actually about \$3,500,000 instead of more than \$117,500,000 as McAdoo figured.

"The statement issued by Bourne's republican publicity bureau for political purposes," said McAdoo, "is so ridiculously untrue as to be unworthy of notice. We have in the treasury all the money which the daily statement shows."

### American Federation Would Save Hillstrom

San Francisco, Nov. 16.—The American Federation of Labor will appeal to President Wilson in an eleventh hour effort to save Joe Hillstrom, L. W. W. worker, from the Utah firing squad.

Hillstrom is slated to die Friday for murders he committed at Salt Lake City a year since.

Thomas Mooney brought the issue before the convention today, declaring that the trial had been conducted to determine Hillstrom's connection with the McNamara and other labor cases rather than to find if he were guilty of murder.

When the question was referred to the ways and means committee, they decided on an appeal to Wilson, asking that he intervene to get a writ of error from the Utah supreme court.

### SAGE AND SULPHUR DARKENS GRAY HAIR

#### Brush This Through Faded, Lifeless Locks and They Become Dark, Glossy, Youthful

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

### Majority Leader Kitchin Thinks Program Will Carry

Washington, Nov. 16.—Though he has flatly announced he will oppose the administration naval program, Majority Leader Kitchin believes that the increased preparedness measures will go through congress sailing. Writing to a constituent today, Kitchin said: "I fear the president will push his preparedness program through with an overwhelming majority. Practically all the republicans will vote for it. Although I know the convictions of four-fifths of the democrats are opposed to it, I fear that a large majority will file their convictions aside, and do the president's will as before."

### Will Investigate Death of Woman

San Francisco, Nov. 16.—The American Federation of Labor's condemnation of the death sentence against Joe Hillstrom, L. W. W., at Salt Lake City, was dispatched today to President Wilson, the Swedish consul at Washington and the Utah board of appeals in the hope that it might result in aiding Hillstrom to escape death before the Utah firing squad Friday.

## The Big Game of the Year

at

### Eugene

# Saturday November 20

## U. of O. vs. O. A. C.

The football game this year between U. of O. and O. A. C. will be bitterly contested. Oregon won from the strong U. of S. Cal. team 34 to 0, while the Oregon Aggies defeated the Michigan Aggies 21 to 0. These two teams rank with the best in the United States. The winning of this game at Eugene on Nov. 20th, by either team, means more than a championship. It will be worth your while to see it. Trick plays, forward passes will keep the spectators tense from the start of the game to the final blow of the whistle.

### Aged Man Desires To End His Life In State Penitentiary

San Francisco, Nov. 16.—"I've spent 20 years of my life in prison. Not to go back to die would be a disappointment. Send me to San Quentin, for there's where all my friends are and there's where I want to die."

The speaker was a gray haired California pioneer. On his coat was the symbol of the G. A. R. He gave his name as Charles Ashton, and he was before Judge Ogden's court today for stealing two horses at San Lorenzo. "I got my first job when I was a boy up in Lake county," he told the judge. "I was a member of the White Caps or the Ku Klux Klan of California. We killed a man while we were cleaning out the undesirable in town. I was sent to prison. Six and a half years later I was pardoned, but the damage was done. They made a criminal, judge, they put the prison brand on me, and I've been a crook ever since."

### Suffragettes Starring Again In England

London, Nov. 16.—Suffragettes are stirring anew in England, after keeping under cover for months. A mass meeting they planned for Thursday having been cancelled by the authorities, Emmeline Pankhurst, militant leader, announced defiantly today that it would be held elsewhere. At the same time she charged that the government wished to hush the public protests against "the betrayal of Serbia."

The suffragettes had advertised that they would demand "loyal and vigorous conduct of the war," and it was suspected that they wished to demand the removal of Premier Asquith and Foreign Minister Grey because of their diplomatic defeat in the Balkans. Authorities determined, however, that they would permit no such riotous talk, and hence cancelled the gathering.

### Cafe Proprietor Will Testify In Schmidt Case

Los Angeles, Cal., Nov. 16.—John Hinch, former proprietor of a cafe which was demolished when the Times building was blown up, October 1, 1910, arrived in Los Angeles today from Japan to testify for the prosecution in the murder trial of M. A. Schmidt, alleged accomplice of the McNamaras.

Hinch's testimony is declared to be important. He was in his establishment when the explosion occurred, and can give an accurate description of it, according to the district attorney's office. He also witnessed the burning of the Times building. Hinch was touring the world when the district attorney's office representatives located him in Japan. The trial proceeded today in Judge Willis' court with additional state witnesses telling their experiences in the explosion.

### THE VALUE OF TRUTH

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition. Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are unartificial, unexaggerated truths about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from harmful drugs—a wholesome food- tonic, truthfully advertised.
