Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—loosen the inflamed membrane. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in gualacol, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

CLOTHING IS HIGHER

Chicago, Nov. 18.—Ring the bells softly; there's crepe on the door again.

Secretary Hamburger of the National Garment Workers organization said today that clothing will cost more this winter, because Europe is demanding enormous quantities of wool for soldiers' blankets.

Incidentally, he pictured the workman of the future garbed in pretty pink or mauve overall, because blue dyes, obtainable only from Germany, are running short.

Bethel News Notes

(Capital Journal Special Service.) Bethel, Nov. 18.—The Bethel Literary Society was recently organized at the Bethel school house. A very interesting meeting was held last Friday evening. There was a good debate and program. The hit of the evening was made by Herman Doney who gave the recitation "John Clark and Lucy Nichols Popping Corn." Other numbers on the program were a mandolin duet by Baker Bros., a reading by Cliff Johnston, and a recitation by Leach Schell.

The subject for debate was "Resolved that man will do more for honor than for money." The affirmative was presented by Harlan Hoffman and Geo. Matten, while Claud Page and Paul Baker argued for the negative.

The subject for next Friday evening will be "Resolved that the Ferris Water Bill should become a law as amended by the senate committee."

The recent high wind caused some damage in Bethel. Mr. A. H. Puestman had just finished putting a new shingle roof on the large shed at the west end of his barn. The wind took this roof and scattered it over the barn lot. A part of the wreckage fell on a grain drill and wrecked it. But fortunately no live stock was either killed or injured.

DEAD LEAVES

The fallen leaves were lying thick upon the withered grass. "My lawn's no longer span and spick, alack," I cried, "alas! The look of things imparts an ache, and kills my sunny smile; I'll get a muzzle-loading rake, and heap them in a pile." A learned professor came along, just at that fateful time. "To rake the fallen leaves is wrong," he said; "in fact, a crime. The sod demands the nutriment that rotting leaves bestow, so let them with the soil be blent, and they will make things grow." I thanked that learned and able guy, and gave him a cheroot; then took the rake and laid it by, and played upon my lute. The leaves grew deeper on the lawn, blown there by every breeze, and when I took a walk thereon, they reached up to my knees. Then ambled to my garden gate the sawbones, stern and pale. "You make me tired," he said, "you skate—you ought to be in jail. For public health have you no care, most reckless of all knaves? These rotting leaves pollute the air, and send men to their graves." And thus it's been my journey through, a journey rough and long; whatever I attempt to do, is sure to be all wrong.
