MC CREEDIE MAY GO TO SACRAMENTO

If Portland Is Left Out of League Manager Will Go To California

Portland, Ore., Nov. 18.—The statement of Manager Walter McCreddie that if lower railroad rates are not secured and Portland is not reinstated in the Coast league that he probably will take the pick of the Beavers and secure the Sacramento franchise created a great deal of comment today.

Asked if he would manage a Portland team in the Northwestern league, McCreddie replied that he did not think so.

If Portland stays in the Coast league the Beavers will undergo a severe shaking up, McCreddie said.

President W. W. McCreddie was of the belief that the rate trouble with the railroads would be adjusted soon and that Portland will remain with the Coast league. He said that every league director with the exception of one was strong for Portland.

Following a conference with Judge McCreddie, John M. Scott, general passenger agent of the Southern Pacific, said that so far as his road was concerned it was hoped that the Coast league could be given satisfactory rates.

A meeting of the interested railroads is scheduled to be held in San Francisco today.

At least a half dozen roads are interested in the matter, Scott said.

FOOTBALL ROOTERS HEAD TOWARD EUGENE

Big Event in Collegiate Circles Takes Place Saturday

The big event of the year in sporting circles and the one looked forward to with more interest than any other by the Salem public, is to be pulled off at Eugene, Saturday of this week when the Oregon Agricultural college and University of Oregon football teams will line up in their annual fight for supremacy.

An unusual amount of interest is being manifested this year in this game, especially since the pronounced success of the Oregon Agricultural college team on its recent eastern tour and the more recent and successful trip into California by the team from Eugene.

The Corvallis men are generally picked to win over the men from Eugene owing to past records, yet the bull dog spirit manifested by the Oregon team has made for them a host of admirers and backers.

The Oregon Electric railway is to run a special train from Portland to Eugene Saturday morning, with special cars attached for the convenience of Salem patrons. This train leaves Salem at 9:45. The fare for this occasion will be \$2.80 for the round trip, good returning any time up to Monday evening following. The special train will return immediately following the game.

For those who desire to be in on the monster pep-rade, bonfire and rally at Eugene held Friday night the Oregon Electric is granting a special rate of \$2.80, the same as the week end fare.

FOOTBALL IN MUDDY FIELD

Eugene, Ore., Nov. 18.—With continued heavy rains Kinnick field was a sea of mud today, and speculation was rife as to the effect this would have on Saturday's game between O. A. C. and the University of Oregon.

With a far lighter line, Oregon's defense has been built around speed and a comparatively dry field is almost essential, while the Aggies have developed a line plunging machine of great strength.

HARVARD IS GLOOMY

Cambridge, Mass., Nov. 18.—Harvard rooters today were enmeshed in gloom when it was learned that Tom En-

Elks Take Three Games From Bligh Bowlers

The Elks took three straight games from the Bligh bowlers at the club alley last night with four men on each team. Skiff of the Elk team rolled the high average of 193 and Hussey of the same team made the high score of 202.

The scores follow:

Elks			
	1	2	3
Absentee	170	170	170
Ralph	134	173	151
Prait	178	125	158
Skiff	199	188	191
Hussey	152	201	201
Totals	833	857	872
Team average, 171.			

Bligh			
	1	2	3
Absentee	170	170	170
Hagedorn	163	134	163
Shaw	186	151	143
Fuller	125	157	153
L. Price	177	174	192
Totals	821	766	821
Team average, 161.			

OREGON'S ATHLETIC CLASSIC

U. of O. A. C. Football Game Has Bearing on West vs. East Comparisons.

Oregon Agricultural College, Corvallis, Ore., Nov. 18.—Aside from being the annual athletic classic of Oregon, the annual football game between the State university and State college will have an added significance this year in its bearing upon the recently revived question of the relative superiority of eastern and western players. Ever since the decisive contest between the Agricultural colleges of Oregon and Michigan, in which the Oregon team outplayed their mid-west rivals in both head work and physical skill, speculation has been freely indulged as to the relative strength of the O. A. C. team. Its relative strength will be accurately tested in the coming game with the University, from the results of which comparative playing strength of eastern and western players may be estimated.

It has been three years since either team won a victory, the one before going to the university. While the local team has met but one defeat within the three years it has been held to a tie by both the Washington university and the U. of O. Its defeat this year was by the Washington State college team. Many critics of the game will see in all this an indication that Oregon college team is strong among its western rivals but not superior to them.

The game next Saturday will undoubtedly cause much speculation not only in the west, but throughout the entire country.

IS YOUR STOMACH CLOGGED WITH WASTE?

Daniel J. Fry Guarantees to Return the Money If Mi-o-na Does Not Relieve You.

"It's a pleasure to see a medicine when my customers come in afterward and tell me how much good it has done them," said Daniel J. Fry, the popular druggist to a Journal man, "and that is why I like to sell and recommend Mi-o-na, the dyspepsia remedy. The distribution of samples that I made created so much talk and so large a proportion of those who received a sample have bought a box of Mi-o-na that my clerks have been busy selling the medicine ever since. I have so much faith in this article that I am going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not help. That may seem rash but my customers have said so many good words in its favor that I do not expect to have many packages returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when, can leave 50 cents deposit at my store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money. I don't know but what we would be willing to pay him interest."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase of sales since Daniel J. Fry introduced it in Salem shows that it does all that it is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want with no fear of trouble after.

rapid recovery of London exchange was again the day's noteworthy incident on the stock market. This afternoon's rate was \$4.68 3/4, a full cent above yesterday's top price.

Exchange also moved favorably as to the Paris rate as well as the London, but the Berlin rate was lower, running to within a small fraction of the low level during the war.

Stock activity was greatest in industrial. In war the process of more or less constant liquidation seemed to be still in progress, showing the influence of peace rumors.

On the other hand, railways advanced gradually. The influence of European liquidation in these seemed to be offset by statements of current earnings.

CALIFORNIA COAST STORM

San Francisco, Nov. 18.—The storm which has gripped the central California coast for the last few days has claimed three lives. Christopher Jensen and Hans Hurst were drowned yesterday off Pigeon point while attempting to pass a line ashore from the gasoline schooner Superior. John W. Clark, chief engineer of the steamer Noyo, was washed overboard and drowned Tuesday night while the stamer was en route from Cleone.

LIVE SESSION OF COMMERCIAL CLUB HELD LAST NIGHT

"If any member of the Commercial club thinks we are not doing anything, he should come to our monthly meetings and tell what he thinks and not express his dissatisfaction on the streets," said President Hamilton at the monthly meeting of the Commercial club last evening. In a heart to heart talk with the members, Mr. Hamilton said that the club had passed through the quiet times of the organization and that with the coming of the new manager, O. H. Luck, and with the support of all the members, the club would enter into a season of greater activity. "Regarding Mr. Luck, I think we secured the best man for the job, everything considered. We did the best we could and it is up to the members to stand back of us. It is to your interests to back up the new manager," said Mr. Hamilton.

By unanimous vote, the members of the club expressed their confidence in the efforts of the president and directors of the club and their resolve to support the new manager, on motion of Mr. Brick.

It was by far the most interesting session ever held by the Commercial club since its reorganization, and the members last evening present in larger numbers than ever before, showed a lively interest in the reports of the several directors.

Reports of Business.

F. G. Deckabaeh, director of tourist and publicity, reported that his department had entertained for an hour the eastern members of the W. C. T. U. passing through the city, and had assisted the Miss Virginia Arnold, state leader of the suffrage movement when a petition was presented to Congressman Hawley. This department had also shown courtesies to the State Woman's Federated clubs and were entertainers of the State Press association.

August Huckestein, director of the industrial department, reported that since the last meeting the proposition of a shoe factory had been taken up again, and that the Southern Pacific through its freight agent would thoroughly investigate the matter and report to his department. That the railroad was taking an interest in securing factories for the Willamette valley, was an encouraging feature to Mr. Huckestein and his department.

Henry Meyers, director of the mercantile department reported his committee as opposed to refunding cash fares to out of town customers. As to traveling stamps, every merchant in the city was most emphatically opposed to their introduction and would oppose any effort to introduce them. He also noted the fact that the recent meeting of the Business Men's league was well attended and that the members were taking an active interest in the work.

O. M. Elliott, director of the civic department, reported his committee had decided to continue its support of the Salem Social Service Center. As the social service needed more money than allowed it by the Commercial club, calls for assistance would have to be made through lodge, churches and other organizations. The service needed money to provide means to distribute old clothes. There are many children in the city who cannot go to school on account of the lack of clothes and food. We will have more calls for help this winter than a year ago, said Mr. Elliott.

C. L. Dick, of the social department, said that very few of the members were aware of the fact that the club maintained social rooms and he was of the opinion that if more of the members would call around occasionally, it would be better for the club.

The report of W. L. Staley, director of the agricultural department, stated that plans were being worked out by the club and L. J. Chain for the corn show to be held here December 1-4 and that, although Mr. Chapin had not been supported by the county court, he was giving hopes for a place where the people could bring in their stock and feed until ready to ship.

President Hamilton stated that the bridge proposition was awaiting the report of Engineer Morse, but the impression was that repairs could be made to obviate the closing of the bridge.

Ivan G. McDaniels, acting manager of the club, told of the efforts now made to secure a market for hogs and the success of Geo. W. Eyre in shipping five car loads during the past month.

I. H. McMahon advocated co-operative stock yards, in charge of a salaried manager employed by the club, but his suggestion was not generally supported.

The meeting was a live one from start and with the arrival of the new manager, President Hamilton feels that the club will take on new life for the winter.

HAS NOT BEEN DECIDED YET

We are not sure that the governor is going to proclaim next Friday a legal holiday but it is going to be rubber heel day any way and The Prize Shoe company is going to sell all 50-cent new, live rubber heels for 25 cents.

my 6-room plastered house, bath, toilet, pantry, barn, large lot, good location. At real sacrifice. Price \$1,000, terms. Also a fine 20-acre tract Rosedale district, \$75 per acre. L. Bechtel, 347 State street. Nov 20

SAMPLE LAUNDRY MARVEL—Prepared to any address for 10 cents coin. Eliminates wash boards, wash machines and rubbing. Injures nothing, but the dirt. Will not injure the hands. Money back if not satisfactory. Local agents wanted. E. R. Coreoran, Box 247, Albany, Ore. Nov 18

Bridge Over Santiam Washed Out Last Night

Allany, Or., Nov. 18.—The steel bridge under construction over the Santiam river at Lebanon was washed out last night, with damage of over \$3,000. All of the false work went out, as did 12 floor beams. The piers were not damaged. Steel and work figuring in the damage amount to from \$1500 to \$2000. A Donkey engine loaned by the county and a pile driver, valued at \$1500 were also lost.

TORE UP NOTES TOO SOON.

Portland, Or., Nov. 18.—Alleging that when Miss Mollie M. Patton promised to marry him he tore up promissory notes aggregating \$1,524 which she owed him, Arthur P. Olson has brought suit against her for that amount today. Miss Patton married another.

For washing dishes use a teaspoonful of Gold Dust to a full dishpan of hot water. Follow the simple directions on every package of Gold Dust.

For washing dishes

This is one of the uses in which Gold Dust is supreme. And it does not scratch or mar.

But remember that its use is not to be limited to washing dishes. In the truest sense Gold Dust really works for you.

Gold Dust cleans, brightens and beautifies everything in the house. It penetrates corners that can not be reached with fingers or wash cloths and takes out dirt and grease. In addition to its activity as a cleaning powder, Gold Dust acts as a disinfectant.

It is safe, quick, and sure. Millions of women have learned that it is the one washing and cleaning powder for all cleansing and purifying purposes. It makes everything clean and pure. Gold Dust is the only cleaner you need. Its popularity is universal.

It cleans floors, linoleum, kitchen utensils, bathtubs and bathroom fixtures, windows, fine woodwork, silver, plated, copper and nicked and enameled ware—

Recipe—For washing dishes use a teaspoonful of Gold Dust to a full dishpan of hot water. Millions of women have discovered how much the work of dishwashing may be lessened and made easy by the use of Gold Dust.

It is inexpensive and indispensable. "Let the Gold Dust Twins do your work."
