ALINE THOMPSON

The Eugene Country club has extended a cordial invitation to the members of the Salem Country club to visit the Eugene organization on the occasion of the annual U. of O. A. C. football game tomorrow and to play a few rounds of golf on the Eugene links. Several Salem golf enthusiasts will probably take their golf clubs along on the excursion tomorrow to try out the Eugene course and to compare it with the local links.

The two clubs have been looking forward to a series of inter-city matches between the best players of both clubs and the present invitation is an informal beginning of what promises to grow into cordial inter-club relations between the members of the two associations. Prof. C. A. Burden, one of the officers of the Eugene club and also one of their most ardent golf enthusiasts, extended the invitation to the Salem Country club in behalf of his club and urged that the Salem visitors, who attend the game, also take advantage of the opportunity to try out their luck on the Eugene links.

Later in the year it is planned to arrange for a regular match and will bring the Eugene golf experts and their wives and friends to this city to partake of Salem hospitality and to try out the local course. Other players from outside of the city who have played a few rounds over the Salem links pronounce the location to be almost ideal, and predict that the Salem golf course will develop into one of the best in the country as more of the Salem people take an interest in the game.

J. C. Donville, the pal of Frederick McGuire, who last night escaped from the officers by jumping through the window of a moving train, was arrested in this city last April by Officer Varney and Chief of Police Welsh. Of this delinquent sum, however, about \$12,000 is in O. & C. railroad bonds which are now in litigation and will remain unpaid until the ownership is established and all several large holdings in the county which have not yet paid their taxes. THANKSGIVING DAY

By the Rev. E. N. Avison.

As we read the proclamation of our president and the governor of our state, we are reminded of how near is our annual Thanksgiving. Surely as individuals and as families we do not get to give our thanks every day for the manifold bounty of God. But on next Thursday let us join with our neighbors and friends and citizens generally in a great community thanksgiving that will be worthy of our progressive, prosperous law abiding, home loving and beautiful city of Salem.

No nation of the world has greater reason for thanksgiving than ours and in our own city surely goodness and mercy has crowned the year and supplied us abundantly with the "Finest of the Wheat."

In recognition of the day, the Salem Ministerial Union has arranged a number of groups or community meetings. In south Salem at the Friends' church on South Commercial. In north Salem at the Highland Friends' church. In east Salem at some church to be designated. The German speaking people are invited to the German Evangelical church on Liberty street. The English speaking people of the central section of the city will meet at the First Methodist Episcopal church. These services will be at 10:30 in the morning and it is expected that the people will support the services in their respective communities. An offering will be taken at all these services for the relief of the suffering Armenians.

If you substitute the name "Salem" for the word "Pohick," the following verses will, in a homely way, suggest our duty and our privilege.

Preparedness.
We're mighty glad we're livin' down to Pohick on the Crick.
We're ready for Thanksgiving an' it can't come 'round too quick.
Of course, we have our sorrows, same as other people get,
But they don't outweigh the Blessin' we kin mention—not as yet.
We haven't had our share of all the funds the nation pays
Erectin' public buildin's an' improvin' waterways.
But we find the sun a-shinin' an' the sky a-beamin' blue,
Even though we pay more taxes than we really think is due.

We know the cost of food is high, an' goin' higher still,
But jes' the same we go ahead an' labor with a will,
If we can't join the banquet, a-sayin' in "Happy days!"
We'll drink the water from the spring an' eat the stuff we raise.
We have our own opinions, though we mix up the debate
Till we have to git some lecturer to come an' set us straight.
The wheels of time move softly. There is mus' in this clik,
An' we're ready for Thanksgiving down to Pohick on the Crick.
—Washington Star.

WILLAMETTE NOTES

Captain Richmond P. Hobson, of Spanish-American war fame spoke to the students of Willamette university for thirty minutes on ideas for the college man and woman. That his work for his country is well known by all was evidenced by the loud and hearty applause accorded him by the students on his appearance. In reviewing the battle of Santiago de Cuba, he stated that the American fleet won its famous victory because it was prepared not a single detail preparatory to the battle had been overlooked. This fact he stated, was one thing that college men and women should seek to get a scientific preparation. He commended the students on three things:

1. Because they were living in the present age.
2. Because they were American citizens.
3. Because they were in college.

Dr. Edwin I. Stearns, who is traveling with Capt. Hobson also gave a short talk to the students and concluded by stating that an individual when leaving college should do so with the expressed intention of doing something that would reflect credit to his Alma Mater.

The Y. M. Y. W. C. A. will hold a joint vesper service Sunday afternoon in the Philodorian halls. Some very good musical numbers have been secured, and as the main attraction of the meeting, Dr. J. Dr. Hall is an excellent public speaker and his message will be of interest to those who hear him.

Dean George H. Alden will give the second lecture of the faculty lecture course, next Monday evening at 8:00 o'clock in the chapel of Waller hall. His subject will be of interest inasmuch as it deals with a popular question, "What I Saw in Mexico."
