THE GREATER CHICAGO STORE

Four Accidents Are Reported From Marion County To Commission

There were four accidents reported to the industrial accident commission from Marion county for the week ending November 18. Three were from Salem and one from Silverton where Charles G. Nelson received a bruised back while logging. Harry Martin, of Salem, was squeezed in the iron works, Harry M. Seckler, of Salem, had his body bruised while employed by the light and power company, and T. C. Gosner, of this city, suffered a cut finger as a traveler on the highway.

During the past week, November 12th to 18th, inclusive, there were reported to the state industrial accident commission 172 accidents, of which two were fatal.

Of the total number reported, 117 were subjected to the compensation act, 24 were from public utility corporations, 28 were from firms or corporations who have rejected the act, two were from firms or corporations which do not employ labor in hazardous occupations, and one trespasser on property of employer subject to the act.

Following is shown the number of accidents by industry: Sawmill 27, construction 20, R. R. operation 21, logging 20, light and power 10, paper mill 14, meat packing 13, auto works 4, iron and steel 3, sand and gravel 3, quarry 3, irrigation company 3, milling 3, meat market 2, warehouse 2, transportation company 2, dredging 2, trespasser 2 department store 2, mining 2, and the following one each: Rock crushing, garage, rope manufacturing company, threshing, telephone company, bakery, glass manufacturing company, furniture manufacturing company, publishing company, stevedoring, traveler on highway, tin shop, and grocery store.

FRUITLAND NEWS

(Capital Journal Special Service.) Fruitland, Or., Nov. 19.—Thursday the 11th, Mrs. H. C. Bressler was called to Albany to attend the funeral of her brother, Mr. Fred Simpson, who died the day before. The cause of death was probably cancer of the stomach with complications. Interment was in the family burial plot at Airlie, Polk county.

The school board has recently purchased some desk tops, a flag and some other articles.

Tuesday night a sudden gust of wind overturned gates and fences for some of the neighbors, but no other damage has been reported.

Francis Schrank has treated his creamery back to a coat of paint lately. It is now a nobby vehicle and improved in appearance.

The late rains found some of the farmers about to sow their fields to grain but not being quite ready they have now been delayed for several days. Some potatoes are yet in the ground but most are long and stored.

I note that some of the merchants of Salem are complaining about the scales the farmers are using at the public market, claiming that they give short weight. The report further states that none of the patrons of the market complain. Here is another case where the merchants "butt in" and show a middle-class spirit when the farmer tries to sell things to the people of Salem. They seem to want to do all the business and crowd the farmer out. Here is where the "Salem hog" shows he wants the trough all to himself. These merchants want the countryman's money, his patronage, oh, yes, but kick and squeal when the farmer has the audacity to gain a little of the patronage the stores want all of.

Sentiment In Favor of Bridge Is Growing

Dallas, Or., Nov. 19.—Sentiment in favor of the construction of a new bridge across the Willamette river at Salem is rapidly spreading over Polk county. The unanimous report of the various engineers who have inspected the present structure that the same is dangerous is having its effect here. The bridge is closed at times when the wind blows to any considerable extent, and this traffic is greatly hindered and delayed.

It is believed now that a way may be found whereby Polk county can pay its share of the expense of a new bridge without calling a special election therefor.

Rumored That Teddy Will Join Canadians

Ottawa, Ont., Nov. 19.—Asked concerning a report that the Colonel Roosevelt had offered to join the Canadian regiments in Flanders, Minister of Militia Hughes said today: "He would make a bonnie fighter. I have heard rumors of such an offer but it was not made to me. I'd be delighted to give him command of a division."

Teddy Says Nothing.
New York, Nov. 19.—"The colonel has no comment to make," Roosevelt's secretary announced today concerning the Ottawa report that he had offered to join Canadian forces in Flanders.

Form Organization To Protect Roosters

Los Angeles, Cal., Nov. 19.—The rooster has an organization to defend him in Los Angeles. Council Woman Lindsey's campaign to exile him from the city has resulted in the organization of a Roosters Rights league, which numbers among its members many residents who keep a few chickens in the back yard and who claim cats, dogs and parrots are noisier than roosters. Mrs. S. Z. Curtis, one of the members declares the sound of a rooster crowing is sweet music, and this is as good as a jolly to many persons.

TO 'UT OUT ATTRACTIONS

Portland, Or., Nov. 19.—The police department today began a campaign against the employment of girls as attractions in North End resorts. William Traynor, a hall proprietor, was arrested for having a girl in his place.

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and the joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "An-uric."
During digestion uric acid is absorbed into the system from meat, and, even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "An-uric," the new discovery of Dr. Pierce for Kidney trouble and backache. Neglected kidney trouble is responsible for many deaths, and insurance company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical Staff of the Invalids' Hotel. If you wish to know your condition send a sample of your water to Doctor Pierce's "Invalids' Hotel," Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Consulting Physicians will inform you truthfully.—Adv.

JOSEPH FERY DIES

Joseph Fery passed away at his niece's home near Gervais Sunday evening, November 14. Deceased was born in France, January 9, 1845, and came to the United States in 1851, locating in Wisconsin, where he lived until 1902, when he came to Gervais and afterward to Woodburn. He was a man of sterling character and very highly esteemed. A widow and niece survive him. The funeral was Monday, services being held at the Christian church, Rev. Allyn Esson officiating. Interment was at Belle Passi.—Woodburn Independent.

REPORT CALLED "PIFFLE"

Washington, Nov. 19.—Paris reports today that Mrs. Norman Galt, the president's fiancée, is getting a gown there were called "piffle" at the White House today.

Paris stories said two Gorman-American customers had been blacklisted by the dressmakers syndicate of Paris, and that one of these men had been commissioned to get gowns for Mrs. Galt.

AFTER CATTLE RUSTLERS

Gridley, Cal., Nov. 19.—The sheriff started today in search of cattle rustlers, who have been making raids on a number of ranches near here.

NEAR BLIZZARD AT CHICAGO

Chicago, Nov. 19.—Sweeping off the Great Lakes, a near blizzard blew icy cold over the city today.

THE BEAR GOT HIM.
Seward, Alaska, Nov. 19.—After A. W. Peterson, of Hope, had shot and wounded a brown bear near Anchorage, he followed it into the brush, where it turned and attacked him. He was torn into shreds.

To Provide Stands For Autos For Hire

Disputes between automobiles to hire and jitney drivers as to where each shall stand, will stop after the next meeting of the city council, Monday, December 6.

An ordinance establishing and maintaining permanent stands on streets for owners of autos to hire was introduced by the ordinance committee at the last session of the council and will be brought before the council for passage at the next meeting. The ordinance as prepared, will require a written consent of property owners or lessee in front of whose premises autos are to be kept as a permanent stand. The ordinance also provides that it shall be the duty of the chief of police to select and designate different stands by some distinguishing mark on the curbing or pavement, so as to show the limits within which each auto shall be kept.

If an auto owner maintains a stand for hire for three successive days at the same place, he shall be deemed to maintain a permanent stand. But no auto will be permitted to obstruct ordinary traffic on any street or in any way obstruct open ingress or egress to premises where such a stand is made. The police will have the power to enforce the ordinance, with a fine of \$10 for its violation.

Those on the ordinance committee to which this ordinance was referred are Glen Farrah, chairman; J. A. Mills and G. C. Millett.

Corporations Are Assessed at Same Ratio As Property

According to the report of the state tax commission the corporations of the state will be assessed at the same ratios, approximately as the other property of the county. The tax commission fixes the taxes for the corporations and the county assessor fixes the tax for the county property. According to the tentative list of county ratios as given out last week by the tax commission for the privately owned property of the state the biggest ratio was that of Tillamook county where the property was assessed at 89 per cent of its full value. In Marion county the tax ratio for private property was fixed at 68 per cent of its actual value which is the same ratio as fixed by the tax commission for the corporation ratio.

The following is the list of ratios for the public corporations of the state:

- Baker .76, Benton .65, Clackamas .58, Clatsop .58, Columbia .77, Coos .67, Crook .53, Curry .58, Douglas .74, Gilliam .70, Grant .64, Harney .65, Hood River .68, Jackson .65, Jefferson .73, Josephine .72, Klamath .69, Lake .73, Lane .65, Lincoln .93, Linn .68, Malheur .63, Marion .68, Morrow .68, Multnomah .62, Polk .53, Sherman .68, Tillamook .90, Umatilla .80, Union .71, Wallowa .73, Wasco .75, Washington .53, Wheeler .72, Yamhill .52.

Body of Defective Baby Is Buried

Chicago, Nov. 19.—A coroner's jury of six eminent medical and surgical men pondered today over the death of Mrs. Anna Bollinger's baby. Their verdict was expected this afternoon. It was believed that the jury not only would exonerate Dr. Haiselden for his decision not to operate and thus possibly prolong the child's life but would commend him for his course. Its verdict to the coroner probably means an end to the case, though not certainly.

Further investigation has developed that the child was even more defective than at first revealed.

Baby Bollinger, dressed in dainty clothes made in anticipation of its birth, was placed in a little casket today and buried in a vault. The casket was carried to the cemetery in the same carriage with the father and a few relatives.

GETS RIGHT OF WAY.

Roseburg, Or., Nov. 19.—That more than 75 per cent of the right of way for the Roseburg & Eastern railroad has been obtained was the statement made here yesterday by members of the committee in charge of this work. Meetings are being held frequently, and it is believed that actual work on the road will begin early in the spring.
