An Old, Family Cough Remedy, Home-Made

Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about \$2, as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

You can feel this take hold of a cough or cold in a way that means business. It quickly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pine on the membranes is known by almost every one. Pine is a most valuable concentrated compound of genuine Norway pine extract combined with gaulaiol and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and do not accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Mr. and Mrs. L. Sellwood have had as their guest, Mrs. A. L. Perry of Seattle, who is returning home from the fair in San Francisco.

COURT HOUSE NEWS

Judge Galloway was called upon today to decide whether or not cylinder oil and cup grease added to the value of an automobile. The judge owns a Ford but Charles McNary and W. C. Winslow, the opposing attorneys own larger cars and are competent to instruct his honor upon all auto questions under the laws of the state.

The question arose in the case of Eoff and Anderson against Anton Fisher and T. M. Hicks in which Eoff and Anderson placed a lien upon a car for repairs and gasoline. Both attorneys agreed that a lien could not be placed upon an auto for repairs, gasoline, however, the owner's car could be seized and the auto attached. For repairs which increased the value of the car both admitted that a lien could be served. Another element entered in the case through the fact that the car was mortgaged to another party and in all it was a fine legal tangle that was argued this morning before Judge Galloway who took the matter under advisement.

William H. Sharf, a farmer of this county, today secured a license to wed Miss Lydia Herndon, a Salem school teacher.

The bill of goods is for \$27.18 and the promissory note is purported to be for \$106.90, and in addition the plaintiff seeks to recover \$30 attorney's fees. James G. Heltzel is attorney for the plaintiff.

The case of John Skubal and Cecelia against Emanuel Gerig and Adriana Gerig was argued in the circuit court before Judge Galloway this forenoon. The evidence in the case shows that the plaintiffs who are each 71 years of age sold lots 11 and 12 East Side Fruit farms to the defendants for the sum of \$1,500. The plaintiffs accepted a deed to a lot in Glendale, Douglas county, as part payment and they allege that they did not understand that they were accepting this Glendale property at the

in any daily paper for two or three days, and note how few people live as long as you want to live, and how many die in the prime of life. Why should you go on and on, and allow waste food to ferment in your large intestine and pile up poisonous microbes and send them through your system?

Intestinal microbes cause short lives. They shorten the lives of four people out of five. They produce various poisons which bring premature decay to vital organs—

Microbes in the large intestine cause inflammation of the kidneys, disturbances of the liver, of the organs of digestion and of the whole system, and living in rot, and cannot be the pleasure of other days.

Premature old age may be prevented by the use of Intest-Ferrin Tablets. They destroy microbes and arrest intestinal fermentation. Intest-Ferrin Tablets contain lactic acid properties of double strength and lactic acid has the endorsement of Prof. Metchnikoff. They are a drugless treatment to drive microbes from your large intestine.

"I have suffered for five months. The Tablets are doing a good work." A well-known business man wrote this.
