ALINE THOMPSON

As evening draws near, it becomes more apparent that the Cherrian Ball tonight is to be unique among the long list of fashionable affairs held at the armory, and will be one of the most brilliant affairs of the season. The word "brilliant" is used to describe most occasions attended by large numbers of people where there is music and color and dancing, but in this case no other word is possible. The Cherrian Ball will be to be brilliant literally, and the brilliance will not be confined to the character of the assembly. The personnel of the committee have been planning for this keenly anticipated event for several weeks and there is little doubt but what the armory will be turned into a fairyland of light and gaiety.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. "I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The students are all planning on a happy Thanksgiving, many of them leaving on trains for their homes, where the fatted turkey and red cranberry sauce awaits to satisfy their hunger. COUNTY COURTS HOLD JOINT MEETING TO SETTLE BRIDGE PLANS

Polk County Court Favors Structure To Cost Less Than \$200,000

The county court of Polk county, accompanied by Roadmaster Waldo Finn, of Polk county, is holding a joint meeting with the Marion county court this afternoon to settle some vital problems relative to the steel bridge across the river at this place. It was been admitted for some time that a new bridge was imperative but the question has been one of finance with Polk county which will provide one-third of the cost of a new structure.

At yesterday afternoon's meeting the county courts decided to erect a new bridge as soon as possible, provided they could put one up at a cost within the limits of the Polk county coffers. Judge Teal, of Polk county, stated today that his county could provide its share of a bridge that did not cost more than \$200,000, but unless it was absolutely necessary the Polk county court hesitated to agree to share a greater burden of cost. The judges and commissioners are of the opinion that a suitable bridge can be erected for less than \$225,000 which will carry all of the traffic across the river for years to come.

The highway commission submitted plans whereby bridges might be built across the river at a cost as low as \$124,000 for a steel bridge with a 23-foot deck and timber approaches. The highway commission also submitted a plan for a steel bridge with a 32 foot deck, two five foot sidewalks, and heavy enough to carry a single line of street railway at about \$190,000.

All of the members of the county court are agreed that a concrete bridge is better than a steel bridge but the question is whether or not the added expense of a concrete structure is practicable at this time. Today the courts are discussing the question of whether or not they will let contractors furnish plans and bids, whether or not they will require the state highway engineers to submit a design for a bridge that will cost less than \$200,000 and then advertise for bids, or whether they will attempt to build the bridge by day labor. Up to a late hour this afternoon the courts had come to no decision in the matter and it is likely that another meeting may be necessary before all of the plans are completed.

Farmers In Conference With Representatives of Commercial Club Today

The second meeting of the farmers of Marion and Polk counties and the agricultural department of the Commercial club was held this afternoon, with an attendance largely exceeding that of the former meeting.

At this session, as at the former one, the general market conditions were discussed and plans suggested but no definite action taken, as at present, these meetings are to secure a general expression of opinions before action is taken. O. H. Luck, the new manager of the club, was introduced to the farmers and greeted them in a short address. President Hamilton and W. I. Staley, director of the agricultural department, W. S. Low and L. H. McMahon all took part in the discussions.

Among the farmers who showed their interest by their attendance were J. Voorhees of Woodburn, former master of state grange and former state senator; Mrs. T. C. Davidson, past master of Salem grange; Milton Brown, city, route three; E. G. Wiesner, Gervais; K. R. Ryan, city, route three; W. J. Jefferson, Gervais; Joseph Hogill, Gervais; George W. Libby, Jefferson; W. H. Stevens, Gervais; F. X. Moisan, Brooks; C. A. Muth, city, and Chas. A. Kibbe, city.

CATARRH GERMS EASILY KILLED

Only Way To Cure This Disease Is To Destroy Its Cause.

By A Specialist. If you have catarrh and want to get rid of it you must kill the germs which cause catarrh. Stomach dosing, ointments, sprays, creams, douches, etc. fail because they overlook this fact. They all help by giving temporary relief but they do not reach the germ life that has found lodgment in your head, neck, throat, and could not destroy it if they did.

The best known way of destroying the dangerous germs of Catarrh and consequently ending the disease itself, is to breathe into the air passages of your nose and throat the pleasant, penetrating air of Hyomei (pronounced High-o-me). Hyomei is made from purest oil of Eucalyptus combined with other powerful, healing, antiseptic and germicidal ingredients. You breathe it through a little pocket inhaler which Daniel J. Fry and other leading druggists in Salem and vicinity are furnishing with every complete treatment sold. Every time you inhale the sweet, fragrant air of Hyomei through this little device you are drawing into your swollen, inflamed, germ laden membranes a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and stop up air passages, but will absolutely and positively destroy every trace of Catarrh germ life it reaches. Druggists are so sure of the blessed, lasting relief that Hyomei brings to catarrh sufferers that they sell it invariably on the positive guarantee that money paid will be refunded if successful results are not secured from its use. Get a Hyomei outfit from your druggist today and begin at once to drive this dangerous and disgusting disease from your system forever.

SCROFULA AND ALL HUMORS GIVE WAY

This great medicine is a peculiar combination of remarkably effective blood purifying and health giving roots, barks and herbs, which are gathered especially for it.

BIRTHDAY CELEBRATED

One of the most enjoyable gatherings of the season was the birthday celebration on Saturday, November 20, at the residence of Mrs. M. A. Pruitt, of Claxton.

The occasion was in honor of Miss Gladys Stephens, the grand-niece of Mrs. Pruitt, and the delightful party commemorated Miss Stephens' sixteenth birthday. The parlors were beautifully decorated with great fluffy chrysanthemums of a golden yellow color. The evening was spent with various games and music. Among those present were the following: Miss Gladys Stephens, Mrs. M. A. Pruitt, Miss Mabel King, I. M. Baisey, Mr. and Mrs. Chas. Reed, Mr. and Mrs. I. D. Baisey, Stephen, Alton and Marguerite Baisey, Mrs. L. King, Miss Esther and Kenneth, Mrs. E. King, Miss Esther Spitzbart of Salem, Miss Edna Pitts, Miss Gladys Webb, Miss Ruth Saucy, Miss Elsie Wyckoff, Misses Esther and Hazel Anderson, Miss Gertrude Kelly of Portland, Messrs. COURT HOUSE NEWS

The Star Land company today filed a suit in the circuit court against A. E. Hodine an clothes to collect \$800 alleged due on a promissory note given to Mary E. Rogers and assigned to the plaintiff. The note is secured by a mortgage on lot 13, block 1 Melwood addition to this city. The plaintiff seeks a judgment in the sum of \$800 with interest and costs and a decree removing all clouds from the title to the property. Carey F. Martin is attorney for the plaintiff.

W. L. Cornell has filed a suit in the circuit court against F. E. Wray and H. Sandel to secure the possession of a Singer piano. The plaintiff alleges that the Eilers piano house sold a piano on a contract to Frank Eckes who later defaulted in his payments and left the piano in the possession of the defendants. The plaintiff seeks to recover either the piano or \$225.

An order was issued today by County Judge Bushey in the probate court discharging E. S. Porter as guardian of the estate of John Hemmingsen, an incompetent. It is stated in the petition that John Hemmingsen is no longer an incompetent and that he has been discharged from the Oregon state hospital and that it is no longer necessary that there be a guardian of his estate.

Judge William Galloway today handed down a decree in which he held that no lien could be held against an automobile for bills for gasoline, lubricating oils, grease, storage or jobbing. These bills are actionable, however, but the claimant must sue to collect and attach the auto and sell it upon an execution. The question arose in the case of Eoff & Anderson against Anton Fisher and T. M. Hicks who served a lien upon the auto for a garage bill.

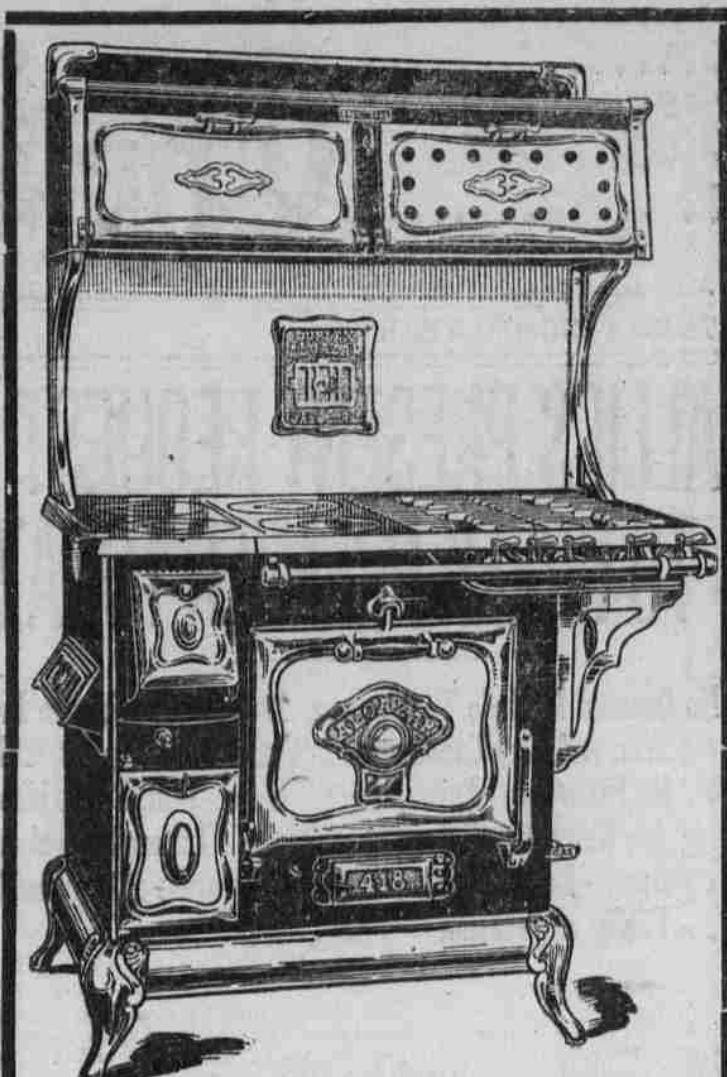

COSMETICS NOT NEEDED: PEE! THE SKIN INSTEAD

One reason mercurized was so strongly recommended is that it really takes the place of several different cosmetics, saving time, patience and expense. It is better than any cleaning cream, better than any massage cream, and better than any rouge, for accomplishing the results for which such articles are used. As the wax actually absorbs an old faded or discolored cuticle, a little each day, the underlying skin which gradually appears, is clearer, softer, healthier and more youthful than any cosmetic-made complexion. Spreading on a thin coat of this wax at night, washing if off mornings, in a week or so produces a marvelous transformation. Just one ounce of mercurized wax, obtainable at any drug store, will do the work. There is nothing better to remove freckles, moths, patches, liver spots, sallowness, blotches, pimples or blackheads.

For wrinkles and loose, saggy skin, a face bath made by dissolving 1 oz. powdered salolite in 1 pt. witch hazel, is the best thing that can be recommended. This has remarkable astringent and tonic properties.

Divorce Case Halted While Judge Performs Marriage Ceremony

While Estella J. Orvis and Burton H. Orvis were awaiting that each had been unfaithful to the other this morning, Judge Galloway halted the proceeding long enough to hear Walter G. Redmond and Nellie L. Findley promise to "love, honor and obey." After Mr. and Mrs. Redmond departed with the congratulations of the court for their home in Jefferson, the judge called the divorce court to order and proceeded with the case. When the young couple requested His Honor to marry them, Mrs. Orvis was in the witness chair and remained sitting while the ceremony was being
