Alaska's Railroad Terminal Isolated

Seward, Alaska, Nov. 26.—Anchor- age, the government's railroad coast terminal, is cut off from the outside world for the winter, by ice. The steamship Admiral Farragut ventured near enough shore to discharge mail and passengers and was then forced to run for sea, leaving a crowd of would-be Seattle bound passengers standing on the beach. They will have to journey by dog team to Seward.

Hair tortured with the curling iron is bound to become dry, harsh and brittle, as so many know from sad experience. It's far more sensible to use plain liquid simerine, which can do no harm and which produces the loveliest wavy effect imaginable. It takes so little time to apply the simerine and the hair can be made to curl in any form, to any extent, to conform with any style of hair-dressing. A few ounces from the druggist will last a long time, so it is not at all expensive. Liquid simerine is not greasy or sticky and it doesn't stain or streak the hair or the scalp.

Chicago, Nov. 25.—Tight San Francisco shoes were blamed today by a coroner's jury for the death of Selgwick W. Vogan, of San Francisco. Vogan came here after buying the shoes in San Francisco. A blister soon developed. Gangrene set in. He died.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull listless "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look! 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

Four Thousand Towns Burned In Poland and People Starving

By Carl W. Ackerman. (United Press Staff Correspondent.) Berlin, Nov. 25.—(By mail to New York.)—Four thousand Polish towns have been burned, millions of Polish people are starving and the condition of Poland is more desperate than Bel-Kellogg of the Belgian relief commission today told American Ambassador Gerard. Kellogg had just finished an investigation in Poland, and he conferred with Gerard regarding relief measures. Incidentally he praised the relief efforts of the Germans. They have established 81 soup kitchens at Warsaw, but nevertheless this is far short of the imperative need of stricken Poland—oppressed and crushed for generations.

THE SWINEHERD. (Medford Mail Tribune.) Replying to the charge that the millionaire timbermen who now own the Portland Telegram, naturally desiring to secure something besides monthly deficits from their newspaper investment, were responsible for the Telegram's campaign to secure preferential rates on Portland lumber mills that would effectively throttle the lumber industry of interior Oregon, the Telegram says: "The Wheelers have not a dollar's worth of interest in any lumber mill in Portland. They have lumber interests in Lane, Jackson and Tillamook counties. If the Telegram were to be used to further their private interests it would have fought to maintain the rates that discriminate against Portland in favor of the valley mills, for it is there in its private interests. But, on the contrary, the Telegram has fought and contended for an equality of rates between Portland and the valley points, on the ground that it was the fair and square thing to do, no matter who was helped or harmed by it."

The Telegram is mistaken. The Wheelers have no lumber interests in the counties enumerated. They have immense timber interests, however, timber land bought cheap and held for speculation. They neither sell nor operate, but hold for unearned increment. Even the extension of the Pacific & Eastern to their Jackson county holdings did not result in operation. They are private preservers for the benefit of future generations. While it is true that the Wheelers are not operating in Portland, they are at McCormick, Washington, and hence would secure the benefit of any rate reduction secured by Portland for their lumber shipments to California. If they do not profit by the Telegram's campaign they certainly ought to call it off, for its efforts, if successful, will seriously depreciate their Oregon holdings.

The Telegram has a peculiarly distorted vision of the "fair and square thing to do," when it would build up Portland's lumber industry at the expense of the development of its own trade territory. With the advantage of terminal and water rates, with a freight differential in Portland's favor to the east, with water rates to mills of the Willamette, Umpqua and every point on the coast, the Telegram would also have a differential in Portland's favor to California over the Rogue River valleys—thus closing the daily territory left to them—and effectively halting the development of the lumber industry—outside of Portland.

So unfair and unreasonable are the Telegram's contentions that no other newspaper in Portland supports them and none of the commercial organizations endorse the paper's attitude. Whether or not the Telegram's owners profit by the paper's efforts, the Telegram has proven itself champion of special interests as against public interests, palliator of private greed and swineherd for the Portland hog.

18 POUNDS OF BLOOD

In the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies. In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities. When multitudes of people are today taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes. Scott & Bowne, Bloomfield, N. J. 15-26

Scene from "The Final Judgment," featuring ETHEL BARRYMORE. Last times today and tomorrow at Ye Liberty.

Motor Struck by Train and Two Were Killed

Long Beach, Cal., Nov. 26.—Given Vollmar, aged 32 years, was instantly killed and Charles Vollmar, aged 35, his brother, was fatally injured today when the oil motor wagon on which they were riding, was struck by a south bound Los Angeles-Long Beach-Salt Lake passenger train just outside the northeastern limit of this city.

The accident took place at a crossing where the approach of trains from the north is screened by a row of cactulitus trees. Charles Vollmar, driver of the wagon, was dashed upon a heap of stone beside the track. His nose was torn off, a gash cut in his head and one arm and one leg broken. The brother was impaled on an iron rod that ran completely through his body. He was carried 450 feet on the engine. He died instantly.

Parole Officers Returns Two Convicts to Prison

Parole Officer Joe Keller returned to Salem today with H. C. Dale and W. C. Maxion in charge as they are parole violators and will be put back in the pen to serve out the remainder of their sentences. Dale was taken into custody in Kansas City. He escaped from an honor camp at Hood River in 1913 and at that time was serving a

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma Kept Her Locks Dark, Glossy, Thick with a Mixture of Sage Tea and Sulphur

The old-time mixture of Sage Tea and Sulphur for darkening gray streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of mixing at home. All drug stores sell the ready-to-use product called "Weyth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive; besides, prevents dandruff, itching and falling hair.

sentence of from one to seven years for larceny from a dwelling. Maxion was picked up at Richmond, Cal., and he violated his parole when he was released after serving the minimum of a one to five year jail for obtaining money under false pretenses.

Villa's Soldiers Fire Across Border

General Oregon claimed to have the situation well in hand. News from Hermosillo indicated that the drawing of Villista forces there by General Dieguez was a successful ruse to divide Villa's forces until Oregon was in a position to act. Two batteries of the Sixth United States field artillery with cautious eyes on their way to Nogales today in case of emergency.

Feeling Against Villa. Nogales, Ariz., Nov. 26.

Feeling against Americans among the followers of Francisco Villa was growing today, and the United States army officers in command were taking every precaution to prevent an open outbreak. Carlos Randall, acting Villa governor of Sonora, spent the night at a hotel here. He declined a proffered guard of United States troops. It was reported that General Costa, Villa's commander, also would take refuge on this side of the border.

HELD TO THE GRAND JURY Fred Smith, of Menomoth, was yesterday afternoon bound over to the grand jury, after having pleaded guilty to shooting a domestic animal, the penalty for which offense ranges from a heavy fine to a term in the penitentiary. A couple of weeks ago the offender in company with three others, while going to the Siletz, passed the old "Billy" Brown place, between here and Falls City, on which Edward Ryan now resides, and Smith espying a cat in an open field drew a bead on the animal and fired, with

Corns usually begin in the lasting room of a shoe factory. Lasts cost money and in most factories the shoes are on in the morning and off at night.

Consequently the leather retains much of its original stretching and shrinking qualities and corns result.

Florsheim Shoes are left on the lasts long enough to take out all the stretching and shrinking from the leather. That's our reason why a Florsheim holds its shape.

\$5.00 to \$7.00. Sold in Salem only by us.
