The Capital Journal carrier boys are instructed to put the papers on the porch. If the carrier does not do this, misses you, or neglects getting the paper to you on time, kindly phone the circulation manager, as this is the only way we can determine whether or not the carriers are following instructions. Phone Main 81.

### NOT WEANED FROM OLD HOMES

The European war has brought out the fact more strongly than ever that there is a large portion of the foreign-born people in the United States that are not only not citizens or desiring to become such, but another fact that many of those who have taken out their citizenship papers are not yet weaned away from their birthland.

More than one-third of the persons of voting age in New York City are not naturalized, and have shown no desire to become American citizens. They are, as the Oregonian says: "mere campers who come to this country to pick up gold and move on, as did the placer miners in the pioneer days of the West."

Tis is another example of the benevolence of the tariff, which is always held out as the friend of the working man. These "mere campers" had no tariff placed on them, but came in free to displace American workers in the factories, and compete with them in all lines of labor. That is what they are doing now and what they will continue to do. The owners of factories who were loudest in their demands for protection of the American workingman against foreign labor, were mainly responsible for this labor being brought across the ocean to this land of the free where it could be used to reduce wages and at the same time permit the employers to manufacture goods in this country with foreign labor, and then charge the higher rates on the manufactured foreign article which the tariff caused to the American public, putting the extra profits from the enhanced price in their own pockets instead of the government getting it.

Inordinate American greed is at the bottom of these conditions and if they should sometime lead to anarchy and the destruction of vast properties the owners of those properties can in most cases blame only themselves for causing them.

### THE WAR CRISIS APPROACHING

Regardless of Henry Ford's movement for peace, some eminent authorities agree that a crisis in the European war is near at hand.

There are two reasons given. One is that all nations invited are extremely anxious to have something decisive brought about before winter fully sets in.

The other reason is that the operations in the Balkans touch the central nerve of the real reason for the war—the desire of Germany to have an open way across Asia to tap the British commerce of China and India.

If Germany loses this, nothing it will gain will atone for the loss. It is said that Germany, losing this, will give up the fight and ask for peace.

The seriousness of the situation is proved by the strong concentration of German forces in the Balkan campaign, even to the weakening of the campaign against Russia on the East and against France and Britain in the West.

On the other side, the dispatch of General Kitchener to the Balkans is a proof of the estimate which the allies put upon the result of the importance of the result in the Balkans.

It is interesting to note that from the earliest times in the history of Europe nearly all wars have sooner or later involved the territory in Southeastern Europe which is now designated by the general name, the Balkans.

The decision of the Bull Moose leaders to put a ticket in the field, with, in all probability Teddy at the head of it, will not prove pleasing reading to the standpatters who have been so loudly felicitating the party in being again united. The colonel himself has not been heard from directly, but it is hardly probable this decision could have been reached without his knowledge and consent. When Ford gets back with his shipload of peacemakers they may find a ready made job awaiting them at republican headquarters.

The town of Fossil, Oregon, which is a live one, naturally wants to change its name.

SAVINGS DEPARTMENT

There is some hope for real horse sense being exhibited for once in the construction of a public building, though not in an extravagant degree. The department has consented to the use of Oregon fir for the floor of The Dalles postoffice building, instead of Southern yellow pine. This, if the architect will allow for the difference in cost. Just imagine contracting for flooring to be brought clear across the continent when the Oregon fir is the best flooring of all the soft woods, being almost the equal of the hardwoods of the East and far superior to pine.

Just what effect the commandeering of so much Canadian wheat will have on the American crop is as yet undetermined. If the rest of the world can furnish sufficient to supply the world's demand it will mean that England has put up a job to force the price down, or leave the American farmer with his crop unsold. If the bluff is called there may come a time when Europe will have to pay what ever is asked for American wheat or go without bread.

There is not so much said about logged off lands as a few years ago. Perhaps this is caused by some of the advocates of clearing the land having taken a try at it. Undoubtedly much of these lands is valuable for agricultural purposes but until some cheaper way of clearing it is discovered, it offers no inducement for the poor man to tackle it. It requires money as well as muscle to get it in shape for farming.

Scarcely a paper can be picked up but that one reads about boy bandits. Why is it and what is the cause? Some lay it on the class of literature they are permitted to read, some on the movies with their stage-coach robberies and similar wild-west scenes, and some on various other things. While all these may be wrong the fact remains that there is a regular and steady increase of this kind of crimes.

It looks very much as though Mr. Ford has a large sized presidential bee in his bonnet. He certainly cannot hope to accomplish anything in his spectacular "ship load of peace" movement, other than to get in the limelight. The sudden acquiring of great wealth has turned his head.

**Rippling Rhymes**  
Walt Mason  
HYMN OF HATE

It makes no odds if people hate you, if they malign you and berate you; for if you're walking circumspectly, and doing your devoir correctly, what people say will never hurt you, or knock the polish from your virtue. Let people hate you, if that action affords them solid satisfaction. It's when you hate yourself, my neighbor, that hatred prods, as with a saber. When I left home this morning, growling, and showed the folks a visage scowling, and spoke no word that they might treasure, I spoiled for them the whole day's pleasure. That's why I hate myself so deeply, that's why I hold myself so cheaply, and when one hates himself like blazes, he can't be soothed with cheerup phases. And every time we are descending to doing things that need defending, remorse is in our bosoms grating; we know the bitterness of hating.

**URIC ACID IN MEAT CLOGS THE KIDNEYS**  
Take a Glass of Salts If Your Back Hurts or Bladder Bothers You—Drink More Water

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headaches, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

### ASQUITH ADVOCATES THRIFT AND ECONOMY

**Food Has Advanced But Workers Urged To Not Ask Higher Wages**

London, Dec. 1.—The need of thrift was comparatively urged today upon English trade union leaders by Premier Asquith in a conference with cabinet men to which he had invited them. The premier's suggestion that they urge laborers not to ask greater wages during the war, however, was greeted by murmurs of dissent.

"I believe that the country's shoulders are broad enough to bear its tremendous burden," he said, "but the utmost thrift is needed."

While he admitted that foodstuffs had soared 40 per cent since the war opened and clothing 30 per cent, Asquith counseled the leaders to use their influence against any increased wage demands.

"Despite these things," he suggested, "workers are better off now than they were before the war."

The premier's economy argument was the second sounded here within the past 24 hours. Andrew Bonar Law, addressing the St. Andrews day banquet last night, declared that while England is far from bankruptcy and in fact is better fixed financially than her enemies, she cannot go on indefinitely at the present rate of expenditures.

### CATARRH CAUSED BY A GERM

**Must Be Destroyed Before Catarrh Itself Can Be Cured, Says Specialist. Wonderful Results from Breathing Medicated Air.**

Medicine taken into the stomach will never cure catarrh. And neither will the sprays, douches, lotions, creams and other temporary reliefs that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation which does this called Hyomei (pronounced High-o-mei). It is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomei through the mouth and nose by means of a little hard rubber inhaler which druggists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen inflamed membranes, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes from catarrhal distress of every kind and if you make a practice of breathing Hyomei for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try or buy Hyomei on pure faith. Daniel J. Fry and many other leading druggists in Salem and vicinity sell it with the positive guarantee that it must cure catarrh or that the money paid for it will be refunded. Hyomei is very inexpensive and with this protecting guarantee behind your purchase there is absolutely no reason why any sufferer from catarrh should not give it a fair trial.

### Safelowers Tamper With Falls City Safe

(Capital Journal Special Service.)  
Falls City, Ore., Dec. 1.—The safe in the department store of N. Selig was tampered with Monday night by safelowers, who fired a charge of nitroglycerine that did no particular damage. A hole was drilled in the top of the safe and it is supposed the "soup" was poured down into the safe, for a string of burnt fuse was found laying on the top and the books and papers were found to be charred and smoked up to some extent, but not totally obliterated. Sacks were found lying on the floor around the safe which were used to deaden the sound. No great damage was done and except for the drilling of the hole, the safe is practically as good as ever. Entrance was made by prying open the back door with a jimmy. The contents of the cash register was rifled and about \$3.00 in small change was taken. Sheriff Orr was notified and came on the morning train and is making a close investigation. The opinion expressed is that the "vegg" is a new hand at the business from the quantity of nitroglycerine that he spilled around the safe door. A footprint of a man wearing

### Itching Torture Stops

It is unnecessary for you to suffer with eczema, ringworm, rashes and similar skin troubles. A little Zemo, gotten at any drug store for 25c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful disappearing liquid and does not smart the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. Zemo, Cleveland.

### SINCE TAKING PERUNA

I can say my bowels are much more regular. My heart is stronger. My appetite is much better. My throat is much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

### Haiselden Again Gets In the Limelight

New York, Nov. 30.—Whether or not "The Unborn," a play advocating race suicide under certain conditions, shall continue will depend upon an injunction hearing here tomorrow. The play was ordered closed last night, but promoters re-opened it under temporary injunction proceedings. The commission of licenses was informed that Cardinal Farley was opposed to the play, and his action followed receipt of this suggestion. Dr. Haiselden, of Chicago, during the play, sounded the cry, "not bigger families, but better." The man who condemned Anna Bollinger's defective child to death advised the nation that it is rapidly becoming a population of "unfits," and counseled that impingement be sought in the place of hysteria over preservation of the deficient.

### Portland Policeman Accidentally Killed

Portland, Ore., Nov. 30.—Accidentally shot when his automatic revolver dropped from his holster to the floor of the restroom in the Hibernia hall on the East Side, Patrolman J. C. Gill, aged 37 years, was almost instantly killed today. Gill was alone at the time of the accident. Passers-by who heard the shot and then screams investigated and found Gill dying. The hammer of Gill's gun was nicked and there was a dent in the floor where it had fallen. The shot penetrated Gill's chest. It was first reported that Gill had committed suicide.

### Guarding Against the Bomb Plotters

Tacoma, Wash., Dec. 1.—Further precautions to prevent the destruction by bomb plotters of the big Milwaukee wharves and the two Japanese tramp steamships taking on war munitions for the Russian government were taken today by the railroad company. Strict orders were issued to permit no one to approach the docks where the steamers are tied up without written permission. Last night all the dock fire apparatus was placed near the hydrants in order that they could be quickly connected in the event of a fire breaking

### Information for Lung Sufferers

The makers of Eckman's Alternative will be pleased to send reports of recoveries from tuberculosis and a booklet of interest to sufferers, with information about diet and fresh air. Investigate this cure—2141 Susquehanna Ave., Phila., Pa. "My Dear Sir—For two years I was afflicted with hemorrhages of the lungs, and later I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I started taking Eckman's Alternative. In a short time my cough was gone and was pronounced well. I cannot speak too highly for the good it has done." (Abbreviated.) (Signed) HOWARD L. KLOTZ. Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, \$1; regular size, \$2. Sold by leading druggists. Write for booklet of recoveries. Eckman Laboratory, Philadelphia.

### In order to settle an estate the executors have decided to offer for sale the following property:

1. Southwest corner Fifth and Everett streets, 100 feet square with three-story brick building.
2. Southeast corner Clay and Second streets, 100 feet square with three houses.
3. Blocks 2 and 4 Bourne's Addition, Block 4 has trackage and adjoins Pacific Hardware & Steel Company. (Suitable for factory or warehouse purposes.)
4. Forty acres on the Barnes road, three miles from Portland Postoffice.
5. 320 acres of timber land in Tillamook County.
6. Five acres in Glenhaven Park. Cash offers for any of the above will be received by the undersigned until December 10, 1915; the right is reserved to reject any offer.
