A young lady friend remarked on hearing Ford had started with his gathering on his peace mission that she thought "the company was starting without sufficient dress rehearsal."

Society's duty to the underworld was more in removing many present conditions of indigestion that he ran but little risk in selling under a guarantee of this kind.

The records of the secretary of state's office show that of the \$175,000 appropriated for Oregon's display at the Panama exposition, \$24,845.47 remain unexpended. Now * the question arises whether this was due to good management or whether this little wad was overlooked. We incline to the former idea and hence commend the board that had charge of the expenditure for setting so remarkable an example, and again giving Oregon the distinction of setting a new mark and breaking all records.

Little Greece is at present the most important country in Europe, as on her action depends that of all the warring nations, and each and all of them are making most violent love to her. Into whose arms she will fall is the question that is making all Europe wait with bated breath for the answer.

Rumania is next in importance and she too is being wooed most ardenly by the diplomats of all Europe Should both Greece and Rumania go the same way, it would be almost fatal to those they decided against Germany and her same time force Greece hand in the Balkans, and at the same time force Greece into the war on the side of the allies.
