SALTS OF KIDNEYS OR BLADDER BOTHERS

Harmless to Flush Kidneys and Neutralize Irritating Acids--Splendid for System

Kidneys and Bladder weakness result from uric acid, says a noted authority. While it is excreted from the blood and passes it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse again, there is difficulty in voiding it.

THE MARKETS

The sugar market seems rather unsettled but the advance yesterday of 15 cents a hundred is general.

Portland announces an advance of 20 cents a barrel on flour which will be effective in Salem this week, possibly tomorrow, according to the opinion of several grocers. This will advance flour five cents a sack.

Eggs are holding at the same prices, although the opinion is general that with the supplies coming in, the price will have to fall a few cents in order to permit shipments to Portland. Dealers claim that with the present price, they cannot ship case count eggs to Portland, and the supply is coming in too fast for the local demand.

CARRY STOMACH JOY IN YOUR VEST POCKET

Daniel J. Fry Has Such Faith In This Dyspepsia Remedy That He Guarantees It.

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Daniel J. Fry, the popular druggist, has had work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others where business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter how long a standing. This remedy has been so uniformly successful that Daniel J. Fry will in future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory. No other dyspepsia medicine ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy.

There is no time like the present to do a thing that ought to be done. If you are now suffering from dyspepsia, today is the best time to begin curing it.
