# The GREATER CHICAGO Store

## TOGGERY IS DAMAGED BY MIDNIGHT FIRE

Stock Damage Estimated at \$9,000, Insured For About 90 per cent

Fire partially destroyed "The Toggery," owned by Winthrop Hammond of the Hammond-Bishop company, last night shortly before midnight, causing a loss to the clothing stock of more than \$6,000 and an additional loss of perhaps \$3,000 to the men's furnishings and fixtures, all covered fully by insurance.

The fire probably caught from the burning out of the stove pipe, and the heat from the pipe causing the wood-work and shelving near the chimney to catch fire. The shelving on the side of the room nearest the chimney is badly burned, showing the fire originated near the chimney and from there spread to the wood work of the sky light.

The fire was discovered from smoke pouring out the front door and filling the front show cases. The alarm was turned in to the fire department at 11:25 last night and considerable difficulty being encountered in securing entrance into the building.

As the fire was in the extreme rear of the building, the department had but little difficulty in confining it to this part of the store, the fire being put out by the use of chemicals, but little water being used.

Fortunately, the office located in the center of the room prevented the spread of the fire to the forward part of the store, and this part of the stock was but little injured, although today Mr. Hammond was unable to learn as to whether the smoke had done much damage to the gents' furnishings. In the rear where the fire started the highest priced stock was kept, including men's clothing and leather goods.

Today, Mr. Hammond was unable to estimate the damage done, but thought the clothing department was damaged to the extent of \$6,000 and the furnishings, leather goods and fixtures, including an adding machine, had suffered to the extent of \$3,000.

The stock and fixtures were insured to about 90 per cent of their value. "The Toggery" was established about nine years ago by David R. Yantis. The space occupied then was about half of the present store room. Three years ago Mr. Yantis suffered from a fire. Winthrop Hammond bought the interests of Mr. Yantis November 20, 1914, and since then has enlarged the stock, besides having the building extended in the rear, giving the floor space necessary for the larger business.

The loss to the building, owned by Ladd & Bush, is small, and is covered by insurance.

## GOVERNMENT ENDS AUSTRIAN ULTIMATUM

Also Decides Austrian Consul General Nuber Must Leave

Washington, Dec. 10.—The note this government sent Austria in protest against Austrian destruction of the liner Ancona, with loss of American lives, is practically an ultimatum, it was learned authoritatively today.

America, it was stated reliably, has placed herself in a position to sever diplomatic relations if Vienna does not accede to the demands made upon her.

At the same time, it was understood that President Wilson has decided that Austrian Consul General Nuber of New York, must quit his service in this country. Evidence against him concerning activities displeasing to the administration has been accumulating a long time, but action has been postponed for reasons best known to the administration.

The demands in the note are particularly strong and an immediate reply is required. Not only does the document demand everything which it asked for in the last Lusitania note, but it exceeded the strength of the latter in demanding punishment of the submarine commander.

It is understood that the administration supposed it was not necessary to start from the beginning with Austria, because the latter is familiar with notes passing between Germany and America on the submarine subject. Certainly, the administration will tolerate no delays such as marked the negotiations over the Lusitania case.

Circumstances connected with the Ancona incident indicated that the shelling of the vessel was unnecessary, and that in addition, little attention was paid to the safety of passengers, according to state department officials.

Washington, Dec. 10.—Ousting of Acting Ambassador Zwienedeck and Consul General Nuber of New York, was deemed a foregone conclusion today would charges of the Providence Journal against them develop that they sent a messenger, Editor Braun of Fair Play abroad with an American passport, carrying letters, bearing on anti-allied activities.

Editor Tells of It.

New York, Dec. 10.—Commenting today on charges of the Providence Journal that papers he received to secreted had later been found and proved to be anti-allied documents forwarded by Austrian officials, Editor Braun of Fair Play said today:

"I gave Attorney General Gregory the story, myself, but it is now distorted. A servant of the Austrian consulate handed me the package to mail on the other side. The package disappeared."

"Upon returning to America, I told Consul General Nuber who said that the loss was merely an inconvenience."

## Semi-Annual Report of Polk County Fair

The semi-annual report of the Polk County Fair association, presenting in itemized though not classified form, the receipts and disbursements in connection with the last county fair, has been submitted to and accepted by the county court. The document as subscribed and sworn to by County Clerk Robinson shows a balance in the two fair funds, the general and premium fund, of \$65.39, which will leave more than the usual amount to start work on next year. This season the fair board started with a balance of \$21.95 on hand in the general fund and a deficit of \$14.60 in the premium fund, which was paid from the general fund. The general fund was swelled by a loan of \$550 from the Dallas Commercial club, which greatly aided the association in going through the year without the embarrassment or the trouble of shortage in funds.

The total receipts in the general fair fund for the year amounted to \$2,324.90 and the total disbursements were \$2,291.46, leaving a balance of \$33.44 on the credit side. In the premium fund the total receipts were \$1,198.34 and the total disbursements were \$1,167.99, leaving a credit balance of \$30.35. To the general fund the county court appropriated, in two installments, a total of \$1,502.50 and the state of Oregon appropriated \$998.34. The report of the fair board is itemized, although the disbursements are not classified in either fund. In the premium fund 373 warrants were made to pay the awards to prize winners and in the general fund, disbursements covered salaries, teaming, entertainment, expressage and every detail of the work of getting together an exhibit that was consistently a prize winner, from the county to the state fair and from the state fair to the Land Products show at Portland.—Dallas Observer.

## Bold Bandit Warns Marshal of the Job

Atchison, Kan., Dec. 10.—Five bandits today blew the Everest State Bank safe and escaped in an automobile with \$1500.

One bandit hunted up City Marshal Butler and told him his pals were robbing the bank, but he calmly advised it would be well for the official to keep his seat, and likewise to keep cool. Later, Butler, after recovering from the surprise attack, tried to telephone the bank, but found the wires cut. A posse is on the trail, but the robbers apparently escaped safely into Nebraska.

## SALEM YOUNG LADY BECOMES FAMOUS FILM STAR

Miss Margaret Fisher, Born and Bred in Silverton, Has Become One of the Great Stars of the Movies World.

Probably no film star is better known to Salemites than Miss Fisher, who will appear in "The Miracle of Life," a four part Mutual Masterpicture.

This virile drama handles the problem of race suicide with great force and delicacy.

How a young wife, caring only for social pleasures, is led to see that motherhood is woman's crowning glory, is the main plot of a play that abounds in beautiful scenes and rousing situations.

Four acts of swift moving incidents and sensational cliffhangers wonderfully staged and acted. This picture will be shown at the Ye Liberty today, Friday and Saturday matinee and evening. Manager Bligh has again called our attention to the fact that no matter how great the feature, the Ye Liberty will always be run at 10 cents.

## SUPFRAGE LEADER DIVORCED

San Francisco, Dec. 10.—Mrs. Inez Haynes Gilmore, noted woman writer and suffrage leader, was granted a final decree of divorce today by Superior Judge Graham from Rufus Gilmore, a New York theatrical man.

Mrs. Gilmore obtained an interlocutory decree November 17, 1914 on the ground of desertion. She married Gilmore in New York in 1897.

## BIG DAM GIVES WAY

Aberdeen, Wash., Dec. 10.—Collapsing with a terrific roar the dam of the Aberdeen Logging company at Big Creek went out Wednesday night, it was learned here today. The dam was constructed of two million feet of fir timber at a cost of \$40,000. Seventy-five men were thrown out of employment by the breaking of the dam.

## WEST SALEM

Louis Siddal has returned to his work at Airline after being laid up with a bad pike wound in one foot.

W. S. Fitts and daughter, Miss Inez, have returned from a two weeks visit to the exposition in San Francisco and other places of interest.

Mayor and Mrs. Geo. Frazure are spending the week-end with friends in the country.

Mrs. Arthur Moore is quite ill at her home in West Salem.

Mrs. Fred Hannan, of Brooks, was calling in this neighborhood recently.

Mr. Rugs, wife and mother, are living in the Frazure house on Second street. Mr. Ruge is a brother of Chas. Ruge.

The city council attempted a meeting Monday night but lacked a quorum. Absence from the city of one member and the sickness of others were answerable for the non-attendance. There are no candidates for the office of councilman.

There will be a basket social in the old school house Wednesday evening under the auspices of the Parent-Teachers' association. The proceeds from the sale of baskets will go into the piano fund. There will be a musical and literary program preceding the sale of baskets.

Dick Siddal, of Rosedale, has been visiting his cousins the J. H. Entons.

Mr. James Shields has been on the sick list but is recovering.

## PETROLITE IS SAFE

Washington, Dec. 10.—Consul Russell Masur at Algiers cabled the state department this afternoon that the Standard Oil tanker Petrolite, reported previously shelled by a submarine, is safe but that she had been attacked by an Austrian submarine.

Mason understood the submarine fired at the Petrolite because she failed to stop at the first warning. One seaman, he said, was wounded.

The Petrolite was held up 19 miles from Alexandria, Egypt, but was allowed to proceed after the submarine commander examined her papers.

Inasmuch as the vessel did not halt when warned, she ran her own chances, it is stated and no protest to Austria will be made if the facts develop as now stated.

## FORD NOT ONE OF HEROES

Sacramento, Cal., Dec. 10.—Henry Ford will not have a place in the new introductory United States history for California schools, the state board of education decided today.

Since the new history is to emphasize the work of heroes of peace it was thought Ford would be given a place but a board, while admitting that Ford is a hero, said he wouldn't be spoken of in the new history.

THE HOUSE THAT GUARANTEES EVERY PURCHASE. Before or after the holidays we will exchange any article purchased at our store.

## MEXICAN SITUATION CLEARING RAPIDLY

### General Obregon Brings Campaign To Successful Conclusion

Douglas, Ariz., Dec. 10.—General Obregon sent a message to Carranza today reporting that his campaign to eliminate Villa from Sonora was being brought to a successful termination.

He stated the Villistas under Rodriguez were defeated yesterday 30 miles south of the border, with a loss of 300 men, 21 cannon and great quantities of munitions.

Additional Carranza reinforcements have been sent to protect the American mining camps in Sonora.

The Americans Cunningham and Southern, reported lost, reached Douglas today and reported they had escaped from Fronteras under heavy rifle and machine gun fire when the Villistas entered the town. They hid in the hills until Carranzistas successes enabled them to reach the border.

Governor Estaban Cantu, of Lower California, has opened negotiations Obregon for the surrender of his territory to the Carranza government. A similar bargaining is in progress between the Juarez garrison, opposite El Paso and Obregon. Agents from Juarez are here negotiating for the garrison's surrender.

A Villista officer arriving here today said that the Villa force which entered Sonora two months ago had lost four fifths of its men and forty of its 45 cannon.

## Municipal Railway Earns Good Profit

San Francisco, Dec. 10.—The total earnings of the municipal railroads for 1915 were \$3,545,066.02, according to a statement issued today by Superintendent Cashin. The net profit was \$184,404.07.

## Ambassador Dumba Still Bossing the Job

Providence, R. I., Dec. 10.—Charges that the recalled Austrian Ambassador Dumba is still directing munitions plots and strikes, through instructions to Acting Ambassador Zwienek were printed today by the Journal. It announced its information had been presented to the department of justice.

The paper also declared that a report on anti-allied activities sent abroad by the Austrian Consul General Nuber at New York had been confided in England, though the bearer, Editor Braun of Fair Play sought to hide them.

## FALLS CITY MILL MAY START

From reports, more or less reliable, perhaps, it is believed that the mill at this place will resume operations the first of March. The report is that the Falls City Lumber company will put men to work in the woods in February and that the mill will be ready the first of March. While there is nothing absolutely certain that the report is correct, it is fairly reliable and from the reported revival in the lumber industry on the coast it is reasonable to expect that the mill company will get busy. However, it might be well to add that the residents of this city are not unduly excited over the report, burned no bonfires nor sent any "glowing reports to the Oregonian."—Falls City News.
