HALLELUJAH VILLAGE CHURCH GETS A LIFT

Village In India Near Calcutta, Now Owns Lot In Oregon Capital

Hallelujah Village, Calcutta, India, is the owner of a house and lot in Salem. The deed was duly signed, acknowledged and delivered July 7, 1915, and was placed on record Tuesday of this week, December 7. The property deeded to Hallelujah Village is lot five, block 11, Depot addition to Salem, and is on the corner of Sixteenth and Mission streets. The property, on which is located a two story frame house, is conveyed by Olive H. Kyle, to Emma G. Eaton, in trust for Hallelujah Village, Calcutta, India.

E. P. Kyle and his wife, Olive H. Kyle, were for several years members of the Nazarine church, and became greatly interested in foreign missions. Both were active in the Nazarine work, taking a prominent part in the service, occasionally delivering the sermons and acting as pastor. E. P. Kyle died October 9 of this year, his wife dying just nine days later, each at the age of 72 years.

Quit Nazarine Church.

A few months before their deaths, they severed their connection with the Nazarine, and became active members of the United Brethren church, although from physical infirmity, they were unable to attend many services.

Having become interested in mission work in India, a deed was made July 7, 1915, to their home on the corner of Sixteenth and Mission streets, giving the property for the mission in Calcutta, in which Mrs. Emma G. Eaton and her husband had become interested. Mr. and Mrs. Eaton are missionaries and have spent many years in the mission field of India with the Nazarine church. They have been in this country for about a year taking a much needed rest. With them, is a young Hindu girl who accompanies them in their travels. They are at present in Pasadena, Cal., but expect to return to their work in Calcutta some time next year. It is not known what disposition will be made of the property deeded to them in trust. It is supposed to be worth about \$800. It is said that Mrs. Eaton has 1,000 acres of land in California deeded to her in trust for Nazarine missions in Calcutta.

Besides the corner lot, Mr. and Mrs. Kyle owned the lot adjoining, which was deeded to the Rev. Hiram D. Tatman, of the United Brethren church. This lot was deeded to Mr. Tatman for the care he gave the aged couple during the last few months of their lives. According to Mr. Tatman, he holds the property in trust for the African missions of the Nazarene church. This deed has not been placed on record.

Had \$30 Pension.

E. P. Kyle, who died October 9, 1915, was well known in Grand Army circles and was a member of Sedgwick post, No. 10, of this city. He served in the Civil war with the Fourth Iowa cavalry, Company B, and after three years' service, was transferred to the invalid corps. He drew but a small pension from the government until 1899, when he went to Oregon City for special examination, and was then given a considerable sum in back pension, and allowed a pension of \$24 a month. During this last year, he was allowed a total disability pension of \$30 a month. Additional aid was also given the aged couple during the last few months of their lives from the county indigent fund.

Hallelujah Village for whose benefit the lot was given in trust to Mrs. Emma G. Eaton is a Nazarine mission, on the suburbs of Calcutta and is supported by contributions from the Nazarine church and moneys raised by Mr. and Mrs. Eaton in their lecture tours.

SILVERTON WINS GAME

A fast and furious basketball game was played in the Moose hall Saturday evening between the Silverton high school and the Capital Business college of Salem. The game was swift one from the start to finish and closely contested on both sides. The boys were evenly matched and fought with a determination. At the end of the last half the score was 23 to 22 in favor of Silverton.

Before the game was called the freshmen and senior girls played an interesting game which resulted in favor of the freshmen. The score was 17 to 2. Fay Bentson was the star player again in this game and did some excellent work. Rooters were strong and yells loud in both games. The hall was packed full of spectators and all seemed pleased with the result of the game.—Silverton Tribune.

SILVERTON CENSUS REPORT

Clerk S. E. Richardson has completed the taking of the census for school district No. 4. The total enumeration includes 680 children, who were in the district November 25, 1915. There were 320 boys and 360 girls between the ages of four and 20 years. J. H. Engleman has eight children of school age, while Julius Alm, Harve Brown and Larsen each have seven children of school age. In the family of J. H. Hay, triplets seven years old add three to the enumeration. Their names are Merle, Verle and Earl. There are also twins in this family, but they are not of school age.—Appeal.

PRATUM FARMER DIES

Gottlieb Meyer, a well known farmer of Pratum, died at his farm home last Thursday. The funeral was held at the Menonite church in Pratum Sunday forenoon and interment was made in the Pratum cemetery, Rev. John Newfelt, of Dallas, officiating. Besides the widow, Mr. Meyer is survived by five children, Mrs. Lena Schultz, Mrs. William Lichty, and Alfred, Charles and Oscar Meyer, all living in the vicinity of Pratum.

Mr. Meyer has been a resident of Marion county for a number of years and was one of the progressive hop growers of Marion.—Silverton Appeal.

DEATH OF PIONEER

M. G. Cooley, a pioneer of Oregon since 1845, died at his home on Jersey street Tuesday night at the age of 76. Heart trouble was the direct cause of his death and his illness was of short duration.

Mr. Cooley settled in this country in 1845 and for many years was a successful farmer, possessing a valuable farm at Downs station, a couple of miles north of this city. He sold his farm several years ago and moved to Silverton where he has since resided.

December 23, 1868, Mr. Cooley was married to Miss William Smith. Nine children were born to this union, namely: Cornelius J. M. H., Mrs. Jennie Cunningham, Wallace and William of Silverton, M. S. J., of Portland, Mrs. Bird B. Miller of Eugene, and Mrs. Lillian Urdan, who died in 1907.

Mr. Cooley was a loyal republican and did a great deal for the party during his active life. He was musically inclined and in an early day was considered one of the best musicians in the northwest.—Silverton Tribune.

AURORA HOP NEWS

Henry L. Bents bought three lots from dealers this week, of 107, 102, and 196 bales, at 9 cents. A portion of these grade as near-prime and prime. He also purchased a small local lot.

It now costs about \$4.85 to land 100 pounds of Oregon hops in London. It is said that there may be still another

advance in ocean rates. Even the present rate is more than one-half the price to the growers receive for ordinary grades.

The following were among Tuesday's sales: Tom Fennell, 150 bales, at Independence, to Lachmund at 11 1/2 cents; Yoakum, of Dallas, 70 bales to Wolf & Co., at 11 1/2 cents; also the Brown lot at Dallas at the same price. Dorcas

Bros. sold 130 bales to dealers at 10 cents.

H. J. Bents shipped four cars to London this week, one from Salem, two down the river, and one from Gervais. There is no eastern business passing. It is reported the Salem dealers, finding no business passing, are helping the association to take in their contracts, thus keeping their employees busy, till business is more active.

We'll Send Your Meat

whenever you want it. Prompt delivery is as much a part of our service as supplying the choicest meats the market affords and your first order will demonstrate that our meats are not alone far superior, they are also economical, as our prices plainly prove.

1916 Oldsmobile has Freed Owners from Overtax

Model 43 registers a weight of 2755 pounds. It is the first fine motor car to achieve such lightness. It enables owners to go ten miles farther to a gallon of fuel than was possible when cars weighing 4000 to 45000 pounds were in vogue—200 miles farther to a gallon of oil—and 1000 to 4000 miles farther on a set of tires.

2000 pounds—a ton of weight saved makes a vast difference in maintenance cost per season.

Under average conditions* about 125 gallons of gasoline would carry the owner of a 4500-pound machine 1000 miles.

50 to 60 gallons carries a 1916 Oldsmobile owner the same distance.

Price of Model 43, \$1095 f. o. b. factory. Telephone us for a demonstration.
