**IMMIGRATION FALLS OFF**  
Washington, Dec. 17.—The European war has closed America's "open door." As against an immigration of 1,218,420 in 1914, only 326,700 aliens came to the shores of America in 1915 to June 30, Secretary of Labor Wilson's annual report showed today.

**TO GIVE THE HAIR A NATURALLY WAVY EFFECT**  
Since the virtues of plain liquid silmerine as a hair curler became known, druggists in this country, as well as abroad, have been having a really extraordinary demand for this remarkable product. Its effectiveness and its entire harmlessness—especially as compared with the ruinous curling iron—doubtless have been responsible for its increasing use for the purpose mentioned. A few ounces of liquid silmerine will last a long while.

One need only apply a little of the liquid with a clean tooth brush before retiring and in the morning the hair will have that beautiful wavy and glossy appearance which bears no marks of artificiality. The best way is to divide the hair into strands and moisten each of them from root to tip. There is no discoloration, no streaky or other unpleasant after-effect.

**AFTER WHITE SLAVER**  
Chicago, Dec. 17.—Police, seeking Mrs. Milly Eddy, indicted for white slavery at Tacoma, in connection with Mrs. Elsie Schwartz' transportation from here, expected to arrest her this afternoon.

Scenes from "An Enemy to Society," at Ye Liberty Sunday and Monday.

In producing "An Enemy to Society" for the screen, the Columbia Pictures Corporation has given photoplay lovers a picture that will have a wide appeal, in its unusual combination of romantic interest, mystery, intrigue and life in the upper strata of the underworld. The theme which holds with fidelity to the original story by George Bronson Howard, deals with the kidnapping of the infant son of Stephen Janisary whose ruthless financial operations have ruined Balthazar Van Tromp and the revenge which Van Tromp takes in bringing up the child to be an enemy to society. How the

### YOU HAVE YOUR CHOICE BUT CAN'T HAVE BOTH

Two Quarts of Spirituous Liquors Or 24 Quarts Vinous Or Malt

Disappointment is in store for the man who thinks he will mix drinks after the first of the year, when the new prohibition law goes into effect.

The little word "and" and the even smaller word "or" sometimes have but little significance, but in this case the changing of the word "and" to that of "or" means that after January 1, the head of a family will have to choose between spirituous or vinous liquors and malt liquors, as the new law states plainly that either may be shipped to a limited extent within four consecutive weeks, but not both.

The reading of House Bill No. 362, better known as the Anderson bill, as enrolled and filed in the office of the secretary of state reads as follows: "It shall be unlawful for any one person or family within this state to receive from any common carrier, or common carriers, more than two quarts of spirituous liquors, OR, more than 24 quarts of malt liquor within a period of four successive weeks."

That one word "or" is very decisive. The law is also quite clear as to the "one person or family." After stating the one person or family limits the law provides that, "this shall not apply to any wholesale or retail druggists receiving ethyl alcohol."

For sacramental purposes the law is also clear, stating that a priest, minister or commanding officer of any fraternal organization in which wine is used in administering the sacrament may receive "such quantities of wine as may be necessary for sacramental purposes only."

Carrying any kind of spirituous liquors in one's hip pocket or even traveling bag from California may be a risky business next year as the same law provides explicitly that only common carriers, qualified to receive and administer an affidavit, will be permitted to bring liquor of any kind into the state.

It will be a misdemeanor to violate the prohibition law, and will be punished with a fine of \$50 or 30 days in the county jail.

The opinion of many is that the original prohibition bill used the word "and," and permitted the shipment to one person or one family, two quarts of whiskey or wine, and 24 quarts of beer each successive four weeks. But the 1915 session laws as printed use the word "or" and the original house bill No. 362, which finally passed the legislature has the word "or" and that settles it. The limit is two quarts of spirituous or vinous liquors OR 24 quarts of malt liquors every four weeks, and a man cannot consider himself a common carrier and fill his traveling bag coming from California.

### WEST SALEM

Harold H. Smith and Kenneth P. Forrest spent the week-end visiting Portland friends.

Ex-Policeman Muck of St. Johns, was a Tuesday guest of the James family in Kingwood Park.

The Gaubert family have moved from their home in West Salem to the Ramp house on the hill.

The Wagners have traded their property near West Salem for holdings in Arkansas to which they will soon move.

The Clifford Lakes are entertaining their daughter and husband from near Duluth, Minn. They came in on an early train Sunday morning.

Mrs. Ernest Blue has as house guest her mother, Mrs. Henrietta Pomeroy, of Portland.

Mr. and Mrs. Al Sharp and children will start Sunday morning for their future home in Utah.

Messrs. Harry Benjamin, Joe Clark, Howard Moran, Floyd Williams and Frank Brumbaugh, all of Monmouth, motored over Wednesday evening to attend the basket social and program prepared by the Parent-Teachers' Association. They are all friends of Principal Barkhead of the West Salem school.

City council met in adjourned session Monday evening with all but two members present. George Gosser having removed from the city his seat was declared vacant and Earl C. Bushnell was appointed to fill out his unexpired term. The usual list of accounts were disposed of. A petition was presented asking for more street lights. Two were granted, one for Second and State streets, the other for Fifth street and Johnson avenue. A sidewalk was ordered laid on the west side of Johnson avenue between Third and Fourth streets. A number of other minor items of business were cared for and meeting adjourned to meet in regular session the first Monday in January.

Mrs. Elizabeth James, mother of Mr. T. James, of Kingwood Park, returned from a five weeks' stay in Chicago on Thursday evening. Mrs. James had thought of making her home in Chicago but likes Oregon better.

### Defense Will Attack His Credibility

San Francisco, Dec. 17.—If affidavits of "Count" Van Koelbergen, alias Montford, alias "Count Moneau," held now in Calgary, Alberta, as a land forger, are used against Baron Von Brincken, alleged German bomb plotter, the defense will attempt to discredit Koelbergen's statements.

Von Brincken's attorney showed today that this will be the method in at least one line of attack. That Koelbergen "played both ends against the middle" he has confessed. That he is a forger is the claim under which Canadian authorities held him. Hence, the defense will ask a jury to disbelieve anything he says as to alleged employment in making bombs for Van Brincken.

### COURT HOUSE NEWS

Judge William Galloway, of department No. 2 of the circuit court, went to Albany today to open court in that city in his department. Judge Percy K. Kelly closed a busy session in department No. 1 in Linn county last night. Judge Galloway expects to open court again in this city Monday.

County Clerk Gehlhar today received the hunter's licenses from the state fish and game commission to be used in this county next year. Last year about 3,600 each of hunters' and anglers' licenses were sold in Marion county and Mr. Gehlhar ordered 3,500 hunters' licenses, 33 anglers' licenses, 300 combination licenses, 100 veterans' licenses and five non-resident licenses for the 1916 hunting season.

Hereafter it will be necessary for the county clerk to collect a \$3 filing fee in probate court where there is no contest according to the opinion of Attorney General Brown. The custom has been in the past that where the filing was made merely for the matter of record and where it was evident that there would be no contest, demurrers, motions answers and objections in probate were not charged the filing fee of \$3. For example if a guardian, ad litem, petitioned to sell the ward's property, the ward made answer admitting every point of the guardian and then joined in the petition that the property be sold, and as it was evident that there would be no issue involved the clerk did not charge a fee for the answer but the attorney general holds that the matter of whether or not there is a contest cannot be left to the judgment of the county clerk.

The Studebaker Bros. company has brought suit in this county against George Swegle to collect \$100 alleged due for a baggy which it is stated was sold to the defendant. In addition the plaintiff alleges that \$20 was spent for railroad expenses relative to this account and \$30 for legal advice and asks for damages in the sum of \$200 with \$50 attorney's fees.

### DID YOU GIVE HIM A LIFT?

Did you give him a lift? He's a brother of man. And bending about all the burden he can.

Did you give him a smile? He was downcast and blue. And the smile would have helped him to battle it through.

Did you give him your hand? He was slipping down hill. And the world, so I fancied, was using him ill.

Did you give him a word? Did you show him the road? Or did you just let him go on with his load?

Do you know what it means to be losing the fight? When a lift just in time might set everything right!

Do you know what it means—just a clasp of a hand, When a man's borne about all a man ought to stand?

Did you ask what it was—why the quivering lip? Why the half-suppressed sob, and the scalding tears drip?

Were you brother of his when the time came of need? Did you offer him help, or didn't you heed?

### Many Are Killed By Mississippi Tornado

Meridian, Miss., Dec. 17.—Fifteen persons are known to have perished; 50 were injured; the town of Cullum was wiped out; and other damage was done in a tornado that slashed its way through Lauderdale and Kemper counties today. Wires are down; news is scarce.

Double the casualties may be recorded, however when details come to light. Two were killed and many hurt in Meridian but the property loss here is not heavy; at Giles, two women were killed when their house was blown down; two more were injured at Lauderdale and in Kemper county.

After perusing the divorce court records, it is refreshing to read of the Portland man and wife who have lived happily together for 26 years.

**LaFollette Has No Chance Says Taft**

Found du Lac, Wis., Dec. 17.—Senator La Follette, in Professor Taft's opinion, has no chance of getting the republican presidential nomination.  
The professor, smiling today said: "He has about as much chance as I have—and I'm out of politics." The former president declared the bull moosers are returning to the G. O. P. and that the republican camp will be harmonious.  
Reports of blizzards in the east reconcile Oregonians to a little rain at this season of the year.
