

BACKACHE, PAIN IN SIDE, RHEUMATISM.

Dear Mr. Editor:

For a long time I suffered from backache, pain in left side, frequent urination (bothering me at all times during the day and night), and the urine acid in my blood caused me to suffer from rheumatism along with a constant tired worn-out feeling. I heard of the new discovery of Dr. Pierce's of the Invalid's Hotel and Surgical Institute, Buffalo, N. Y., called "Anurie," and obtaining these tablets I at once began their use. After giving "Anurie" a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines but these "Anurie Tablets" of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles.

(Signed) Henry A. Love.
Note: Experiments at Dr. Pierce's Hospital for several years proved that

"Anurie" is 37 times more active than Lithia in expelling poisons from body. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if urine acid in the blood has caused rheumatism, it is simply wonderful how surely "Anurie" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear. Send 10c for large trial package or go to your nearest drug store and simply ask for a 50 cent package of "Anurie," manufactured by Dr. Pierce. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Dr. Pierce will report to you without free or any charge whatever.

WILLAMETTE NOTES

The chapel exercises were led by Dr. Hall this morning; he chose as his subject the old familiar biblical verse, "Whatsoever a man soweth, that also shall he reap." This verse, said he, would be true, even though it had never been written in the bible. It is a universal truth, not a local one, for it applies the world over. It may be sowing here, but that is no sign that it is sowing in California or Florida, while if a man plants potatoes no matter where he is he will under normal conditions gather a crop of potatoes.

This applies to the intellectual and moral world as well as the physical. You cannot entertain thoughts of hatred, envy, jealousy or anger and expect to radiate a pleasant feeling to your neighbors and live a beautiful life. The present war is an illustration of this, for it is racial antipathy that caused the outbreak of hostilities.

Another truth is, that it takes a larger number to harvest a crop than it did to sow it, and likewise a bigger yield is reaped than was sowed. Hence if good deeds, high ideals, true friendships and pure motives are sown the harvest will indeed be a good one.

Due to the fact that school did not open until Tuesday, no Collegian will be published this week as the regular day for its appearance is Wednesday, and the staff having only recently arrived from their vacations, the editor, Maxwell Hall, announced this morning that the next edition would be out on Wednesday, January 12.

Governor Rides Saddle Horse 30 Miles Each Week to Institutions

For the next three days Governor Withycombe will be busy participating in farmers and home makers week at the Oregon Agricultural college. He goes to Corvallis tomorrow afternoon, having three set engagements. On Thursday afternoon he addresses the dairymen's association, and Friday at 3 p. m. he speaks on the subject, "The Horse Breeding Industry," before the Horse Breeder's association. Saturday morning he addresses the girls and boys taking part in the stock judging contests, and has other informal engagements to participate in the various events.

Today the governor's pure bred saddle mare "Loretta" is shipped to Corvallis by boat. By the request of the college authorities the governor will ride her in the live stock parade Friday evening. Through the courtesy of the governor one of his young lady students at the college, Miss Lela McKay, of Bend, is to ride "Loretta" in a woman's equestrian contest on Friday evening.

Today, in figuring out the use to which the saddle animal has been put since her purchase in April, the governor discovered that he has ridden her on an average of not less than 30 miles per week, or a total of 1,800 miles. Practically all of this riding has been in the vicinity of Salem, most of it on the governor's trips to the various institutions.

Lloyd-George has threatened to resign unless Britain resorts to conscription. But perhaps conscription will be tried on him if he attempts to quit.

THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrant health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent. To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow its rare oil-food to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success."

Scott's Emulsion is not a drug, but a pleasant food-tonic—free from alcohol. Opa bottle may help you.
