Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2 1/2 ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of 82 cents a day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gunic acid, which is so healing to the membranes. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. TOO MANY ENJOY SUNDAY BASEBALL TO ALLOW BLUE LAW BAN

Jimmy Richardson Believes Fair Minded People Can Be Depended Upon

The fair minded people of Oregon and the lovers of clean athletics will not allow Sunday baseball to be knocked out under the Sunday Blue Law according to the opinion of Jimmy Richardson, a scout for the Portland Coast league club, who is in Salem today in the interests of a sporting goods house. Jimmy says the Sunday baseball can be killed under the law but there are so many reasons why the sport should flourish that the antique law will doubtless be relegated to the boneyard with other "has-beens."

The growth of the athletic goods business in Oregon in the last three years indicates that three times as many people are taking active part in athletics and thousands more are going as mere spectators, says the famous ivory hunter and umpire, "and the sentiment of the red blooded, fair minded men and women is strongly in favor of Sunday afternoon games which permit the working man to enjoy his favorite amusement."

A board of censors is not even necessary for a baseball game as the people know they will always see a clean game and although there may be off years in the sport it will always be America's great national game." Jimmy umpired one of the games between the Salem Senators and the McMinnville Yelobans in this city last summer and is well known to the Salem sport fans. He is of the opinion that when the national game readjusts itself from the shock of the Federal league that prosperity will once more return to organized baseball and the game will receive a powerful impetus. Baseball players were prone to lag if they knew there was an outlaw league where they might locate if they were benched.

Southern Pacific Buys Counterfeit Mexican Money

San Francisco, Jan. 6.—J. M. Arriola, Carranza secret service operative, testifying at the preliminary hearing of Robert J. Widney and Phillip Thom before Federal Commissioner Krull today that the Southern Pacific company had unwittingly purchased \$600,000 worth of counterfeit Mexican money in the past four months from Thom. Widney and Thom are charged with attempting to sell \$100,000 worth of bogus currency to Arriola.

Arriola declared he met Widney through letters of introduction from O. E. Parish of Los Angeles, who, Arriola said, told him Widney had a lot of Carranza money to sell. The Mexican detective then testified that he had trailed Widney to the Wells Fargo Nevada National bank where the counterfeit money was lodged in a safe deposit box. Arriola said Widney and Thom rented the deposit box. They were to meet him in a room at the Palace hotel later, he testified, and there turn over the money to him.

President is Asked For Full Information

Washington, Jan. 6.—The senate this afternoon unanimously adopted the resolution of Senator Fall of New Mexico, asking President Wilson for information concerning the state of the Mexican problem. Fall charged that the administration acts toward Mexico had not squared with its "fair words and strong phrases," and he asked sarcastically what had become of the promised "pitiless publicity" which the administration announced would be its policy.

Lamar Tooze Writes Letter To Journal From Christiania

By LAMAR TOOZE. (Student representative, University of Oregon on the Ford Peace Mission.) Christiania, Norway, Dec. 22.—(Special to the Capital Journal)—Henry Ford has divulged his plan for bringing about peace in Europe. Up until yesterday, no one in the party—not even Mr. Ford himself, in my opinion—knew how the peace program was to be carried out. I firmly believe that Mr. Ford and those immediately in charge of this movement withheld their plans and ideas until they could view the situation at a closer view.

Then too, I am of the opinion that Mr. Ford would not have divulged the plan so early had there not been a compelling necessity for so doing here in Norway. The Norwegians had to have some concise proposition before they would lend their support—active and moral—to this movement.

Through Dr. Charles F. Aked, of San Francisco, Mr. Ford announced his plan of procedure last evening when Dr. Aked spoke before the student association of Christiania. The plan is briefly this: The party will proceed from Norway to Sweden, Denmark and finally to Holland where delegates from each of these nations will be added to the American party. Efforts are being made to secure delegations from Spain and Switzerland, the other neutrals of Europe.

STEAMER KANAWHA SINKS IN RIVER

Eighteen Persons Are Missing But Captain Believes All Saved. Parkersburg, W. Va., Jan. 6.—Eighteen persons were missing today following the sinking of the steamer Kanawha in the Ohio river below this city after she had struck a pier. Captain Berry, however, believes that everyone of the 36 passengers and 45 crew are safe probably on the Ohio side of the river.

The steamer crashed into a dam pier during a heavy storm after the wind had extinguished the lighthouse lantern. The last of the passengers were up to their knees in water when taken off. Survivors told of seeing passengers in life boats jumping from the vessel, and others clinging to wreckage. Captain Berry floated with the cap-sized vessel and pulled out by the hair a woman drifting to the hull. A man on a raft made of wreckage floated five miles down stream.

Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Anurio." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anurio Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. Wm. Keller.

NOTE: This "Anurio" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's Great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.
