EXPLOSION IS FATAL

Klamath Falls, Or., Jan. 5.—Following an explosion in the pump house of the Southern Pacific railroad at Mount Hebron, Cal., last night, the body of Albert Shelter, aged 60, the pump engineer was found today in the well of the plant where the shock had blown it, the blast razed the pump house and equipment, and tore a large hole in the ground.

The cause of the explosion is not known, but the coroner held an inquest today over shelter's body and hopes to get at some facts in connection with the blast.

Shelter had been many years on the Sacramento-Ashland division.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. HALL'S CATARRH CURE, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

MANAGER OF ICE PLANT AT EUGENE PASSES AWAY

Eugene, Ore., Jan. 5.—Fred M. Carter, president and manager of the Eugene Ice & Storage company, died suddenly at his home here yesterday aged 39 years. He had been ill only a few days, suffering from the grippe. His condition was not considered serious until Sunday. Mr. Carter was born in Iowa in 1876 and came to Eugene in 1908 with his family and built the ice factory, of which he became the active head.

HUNT LONE BANDIT

San Antonio, Texas, Jan. 6.—Government, state and local officials joined forces today in hunting a lone bandit who last night robbed the mail car of the Sunset Express, New Orleans to San Francisco, after tying up the mail clerk. No estimate of the loot was obtainable early today, but it was believed the bandit made a big haul in the registered mail.

Potato Market Is Mass of Strength; Prices Are Higher

Portland, Ore., Jan. 6.—California is anxiously bidding for potatoes in the local territory. It developed during the day that quite fair business had passed recently for that account, and that additional offers are being made for supplies at full prices.

Reports indicate that as high as \$1.05 has been paid for a number of car loads in this territory for selected stock. In fact so much is confirmed. Unconfirmed reports state that \$1.10 has been paid, but inquiry among local buyers fails to find anyone willing to acknowledge such purchases.

The entire potato market here is a mass of strength. Owing to weather conditions farmers are no longer peddling their supplies from one retailer to another. All this business is coming to front street, and a natural advance in the price along the street is the outcome. Average sales of ordinary potatoes along the street are reported at \$1.25 a cental, with holders of fancy asking 10 to 25 cents higher than this. Little fancy stuff is available.

Berkeley, Cal., Jan. 6.—Indications that a murder fiend is abroad in Berkeley came to light today with discovery of Mrs. Haruyo Kantantun dying in a Chester street gutter under circumstances similar to those in which Mrs. Morton, of San Francisco, was killed Sunday night.

Her head had been crushed, as was Mrs. Morton's with a blunt instrument and she died an hour after she was found, without being able to give a statement.

Her purse was open and empty beside her, and the police believe that the same fiend or fiends who killed Mrs. Morton were responsible for her death. She was a Japanese domestic.

Poorer People Suffer From Prevailing Cold

Chicago, Jan. 5.—Residents of the poorer sections of the city suffered greatly today when the thermometer, after a 47 degree drop in 24 hours, stood at 7 o'clock at 6 above zero and was still descending.

After its downward trend, the thermometer took an unexpected upward swing during the forenoon and stood at 10 above at 10 o'clock. The weather prediction says warmer tomorrow.

Frigid in Manitoba

Minnesota, Jan. 6.—Thirty-two below, said the thermometer here today.

THE MARKETS

The recent freezing weather is liable to be responsible for the advance in the price of cabbage. Many commission houses are already asking a price almost double that of 10 days ago. Much depends upon whether the cabbage now in the ground has been frozen. The snow was naturally a protection to that in the ground, but in many places, the freeze came first and fears are entertained as to the damage done to the crop in field and to that even in storage.

Mills feed stuffs continue strong in Portland and wheat also is on a firmer basis. Today commission houses are willing to pay 52 cents a bushel. The mill feed prices locally have not changed as the prices during the past month have been proportionately higher than Portland.
